ALL AREA COMMITTEES NOVEMBER 2008

JOINT REPORT OF THE DIRECTOR OF SPORT, LEISURE AND PARKS AND DIRECTOR OF TARGETED SERVICES FOR CHILDREN AND YOUNG PEOPLE

<u>'PATHFINDER' PLAYGROUND IMPROVEMENT PROGRAMME FOR 2008/09 AND 2009/10</u>

1 **SUMMARY**

- 1.1 Following a successful application to receive 'Pathfinder' funding from the Department for Children, Schools and Families (DCSF), the City Council is looking to finalise the locations of the playgrounds to be improved as part of this scheme.
- 1.2 The proposed playground locations have been identified through a series of selection criteria and the funding has been allocated on a needs basis. This has resulted in the poorest sites with the highest score taking priority for funding.

2 **RECOMMENDATIONS**

It is recommended that the Committee:-

- i) notes the proposals of the report for the City as a whole;
- ii) supports the allocation of 'Pathfinder' funding to the selected playgrounds within their corresponding area, both for the remainder of Year One (2008/09) and the whole of the Year Two (2009/10) spend;
- iii) notes the use of the 'Pathfinder spreadsheet' as a mechanism for identifying future playground investment priorities within each area and Citywide across Nottingham;
- iv) considers making contributions of Area Capital fund/resources towards delivery of Year Two projects as detailed in Section 6 of the report.

3 BACKGROUND

- 3.1 In April 2008, the City Council (Children's Services) was successful in bidding to become one of the 'Pathfinder' authorities, receiving around £2.5 million of funding from the DCSF.
- 3.2 Following discussions between Parks and Open Spaces and Children's Services, the delivery of improving 'open access playgrounds' within the funding, is to be carried out by Parks and Open Spaces as it is part of the section's normal service delivery. The decision to adopt this process was approved at Executive Board on 20th May 2008 and decisions over approvals will rest with the Portfolio Holder for Communities, Leisure and Culture.

- 3.3 In order to identify the location for investment as comprehensively as possible, a Pathfinder Spreadsheet has been created (Appendix A), that details playgrounds which have not had significant investment over the past 3-4 years.
- 3.4 Various criteria have then been used to help prioritise these sites for investment, which has been linked to the Play Strategy and Breathing Spaces, along with others such as age of the equipment and availability of match funding.
- 3.5 In order to meet both financial and time restrictions, a three phased approach has been adopted.

4 PROPOSALS

- 4.1 The proposal for the Pathfinder scheme within the City Council is to improve the quality and use of around 30 playgrounds across the City.
- 4.2 This process will be spread over 2 years, with 15 sites being put forward for completion by the end of 2008/09 and the remaining 14 sites to be completed by the end of 2009/10.
- 4.3 The 'Destination' playground is a site that will incorporate a wider range of larger, more challenging equipment than a normal playground. It may include landscaping features, should be near to other facilities such as toilets and should be designed to attract children and families from outside the local area.

Area	Year One Schemes	Year Two Schemes
1	Bulwell Bogs	Bulwell Hall
	Hempshill Vale	
	Southglade Park	
2	Chediston Vale	Vernon Park
		Whitemoor Park
West	King George V	Birchover Park
4	Independent Street	Tennyson Street
	 The Forest ('Destination' Site) 	Chard Street
5	Coppice Rec.	Carrington Lido
	Pearmain	Sycamore Park
6	King Edward Park	Greens Mill
	Marmion Park	• Lees Hill
7	Lenton Abbey	Wollaton Park
8	Dunkirk Park	Victoria Embankment
9	Breckswood Park	Groveside
	Sunninghill Drive	Colesbourne

- 4.4 Year One schemes are playgrounds that are to be refurbished before the end of March 2009. Each Area Committee has at least one Pathfinder funded play area in Year One that meets DCSF requirements.
- 4.5 Year Two schemes are playgrounds that are to be refurbished during the 2009/10 financial year.

4.6 The Parks and Open Spaces Section, along with Children's Services, are working with Councillors, Neighbourhood Management and local communities to source additional funding to ensure the maximum benefit can be achieved for this funding, as well as being fully involved in consultation around the design and composition of the playgrounds that will be improved. It is envisaged that the 'Pathfinder Spreadsheet' will then also be used in the future to help prioritise further playground improvements across the City.

5 TIMESCALE FOR IMPLEMENTATION OF PROPOSALS

The programme for pathfinders is set to run from April 2008 to March 2011. However the DCSF have announced the capital programme must now be delivered within the first two years, with a third of the capital spent in the first year.

- Year One schemes are due to be completed before the end of March 2009.
- Year Two schemes are due to be completed by the end of March 2010.
- The 'destination' facility needs to be completed by the end of March 2010.

6 FINANCIAL IMPLICATIONS

- 6.1 The indicative costs for each playground scheme are included within the Pathfinder Spreadsheet (Appendix 1).
- 6.2 The total grant from the Pathfinder funding package is £1,380,920 which is held within Children's Services. To comply with the conditions of grant £460,300 is required to be spent by 31 March 2009. The following table shows the analysis of projects to be undertaken this financial year. All Year One Pathfinder playgrounds are fully funded, with other funding secured as match funding contributions (from sources such as Section 106, Area Capital and internal budgets).

Playground	Total	Pathfinder	Area	Section	Other	Funding
	Cost	Funding	Capital	106	Value	_
	£,000	£,000	£,000	£,000	£,000	Type

Breckswood	100.00	50.00	50.00			
Sunninghill	100.00	50.00	50.00			
Total Year One	2,067.92	860.92	390.00	367.00	450.00	

- (*SSCF: Safer, Stronger Communities Fund; NDC: New Deal for Communities; WREN: Waste Recycling Environmental Limited)
- 6.3 The following table shows the proposed projects to be undertaken in 2009/10. As the table shows there is currently a funding shortfall of £840,800.
- 6.4 Significant funding will be required from other sources such as Section 106, Area Capital, Area Committee (Ward Councillor contributions) and other external funding sources such as Landfill Tax Credits if the aspirations for the schemes are to be delivered.
- 6.5 If additional funding is not obtained the size of the individual projects will have to be scaled back.

Yr. Two Schemes	Estimated Total Cost	Pathfinder Funding	Other Funding	Туре	Other Funding required
Concincs	Total Gost	i dildilig	secured		required
	£,000	£,000	£,000		£,000

Total Year Two	1,550.00	520.00	189.20		840.80

- 6.6 The Parks and Open Spaces section will be working with partners and Neighbourhood Management Teams to help secure the funding required for these schemes to be completed on schedule.
- 6.7 All works will be procured in accordance with Financial Regulations and to comply with the requirements of the funding bodies.

7 **LEGAL IMPLICATIONS**

None

8 OBSERVATIONS OF OTHER OFFICERS

Mark Andrews - Head of Targeted Services 8-13, Children's Services

Children's Services, as the overall lead for the City's Play Pathfinder, supports the recommendations outlined in this report. They are based on sound consultation and audit in order to prioritise developments. Key to these developments will be the ongoing engagement of the community, adults and children alike, in the development and ongoing support of the play and park area.

Children's services will be helping to support this and commissioning a voluntary organisation to administer seeding grants and provide support to park 'friends of 'groups, in line with Breathing Spaces strategic frame work. The developments will have to comply with the ten Pathfinder design principle that include making the use of natural elements, providing a wide range of play experience, being accessible to both disabled and non-disabled children, as well as building in opportunities to experience risk and challenge.

9 EQUALITY AND DIVERSITY IMPLICATIONS

All the proposals will meet the current requirements for Equal Opportunities, with external inspections carried out post-installation as required.

10 RISK MANAGEMENT ISSUES

There are a number of risks associated with the overall scheme:

- the funding is not utilised the City loses out on a large amount of funding for playgrounds that would take many years to recoup;
- the funding is not fully utilised unused funding has to be returned to DCSF and local communities fail to receive playgrounds;
- match funding for playgrounds is not achieved playground improvements cannot take place in totality and programme fails to meet DCSF criteria;
- tight deadlines for the works to be undertaken for both Year One and Year Two –
 the programme falls behind schedule and funding may have to be returned to
 DCSF;
- the programme is not properly managed the programme will be directly managed by the Parks Development team;
- costs for projects are above estimates the estimated costs are based on recent actual cost. In the event of any cost increases, the individual projects will be reduced in sale to fit the available budget.

11 **CONSULTATIONS**

- 11.1 Consultations have been carried out with local communities and elected members about the decisions bring taken within this scheme.
- 11.2 For the Year One 'Quick Wins', the process of consultation was already underway before Pathfinder funding was announced.
- 11.3 For the Year One Phase 2 and the Year Two schemes, consultation has been ongoing since the announcement of the funding. The majority of the Year One Phase 2 schemes have already been consulted upon and are already in the process of being worked into formal projects.
- 11.4 Year Two schemes are in the process of being consulted upon, with a view to commissioning works early in 2009/10 to ensure delivery before March 2010.

11.5 Consultation will be carried out with local residents and children, both to the types of equipment for each site and the wider design of the site where funding is present for this element.

12 STRATEGIC PRIORITIES

These improvements will help deliver on a number of the Council's strategic priorities and the Local Area Agreements.

The provision of the above projects can have a number of benefits including:

- increased physical activity in children;
- developing a more cohesive community;
- community influencing local decisions;
- providing improved facilities for children;
- physically transforming neighbourhoods;
- improving an open space within the local community.

13 CRIME AND DISORDER ACT IMPLICATIONS

- 13.1 By undertaking improvements to parks and playgrounds, this will provide space for children and, to an extent, teenagers to play and relax. The playgrounds will be designed with 'survivability' in mind, whilst still making them challenging and fun places to play.
- 13.2 By providing a greater range of diversionary activities (by new playgrounds) across the City it is also hoped that levels of anti-social behaviour and low-level crime may be reduced as teenagers will have their own facilities.

14 VALUE FOR MONEY

The projects will meet the requirements of best value. When required, a tender process will be adopted and match funding will be sought for the project wherever possible.
