Summary of issues (including benefits to citizens/service users):		
This report provides Councillors with: Latest spend proposals under the Area Capital Fund including highways and footways		
Recommendation(s):		
1	a) Note the monies available to Aspley, Bilborough and Leen Valley as outlined in Appendix 1 b) That the Area Capital programme of schemes for Aspley, Bilborough and Leen Valley, as set out in Appendix 1, are approved.	

1. BACKGROUND

- 1.1 The Area Capital Programme was established to improve the environment of the neighbourhoods and to create a sense of place for residents in order to improve the quality of life of local people. Since it was established in 2006 to meet the then corporate priority of 'Transforming Neighbourhoods' the Area Capital Fund has included a total programme expenditure portfolio of £40 million. The improvements that have been carried out to date using this programme, have included footpaths, fences, visual enhancements to public realm, refurbishment of parks and improvements to public buildings.
- 1.2 Resources are allocated from the Nottingham City Council general fund, the Local Transport Plan (LTP) and from the Housing revenue Account. To achieve a joint approach to environmental improvements in neighbourhoods, a greater degree of flexibility has been established to prioritise and deliver improvements so that there is a synergy in local solutions for local issues across neighbourhoods.
- 1.3 The programme of works is a rolling programme. There have been instances where schemes are started, with strong community involvement and interest, only to be altered at a later stage due to changing circumstances such as economic conditions and changes in land values.
- 1.4 The Area Committee, particularly community representatives, are invited to comment specifically on those schemes identified in the proposals column and also to consider whether certain schemes can be linked to other programmes of work in order to generate best value and create a greater impact on the local area.

2 REASONS FOR RECOMMENDATIONS (INCLUDING OUTCOMES OF CONSULTATION)

- 2.1 The Nottingham LTP 2011-2026 maintains a commitment to deliver local transport improvements across Nottingham's Neighbourhoods and prioritises small scale transport improvements of importance to local communities.
- 2.2 As part of the budget process Nottingham City Council approved in March 2011 an LTP capital allocation of £2.5 million citywide between 2011-2013.
- 2.3 To give opportunity for the Area Committee to make comment on suggested schemes and their progress.

3 OTHER OPTIONS CONSIDERED IN MAKING RECOMMENDATIONS

- 3.1 None

4 FINANCIAL IMPLICATIONS (INCLUDING VALUE FOR MONEY)

- 4.1 Bringing together the various strands which form part of the Area Capital Programme enables the City Council to respond efficiently in delivering on public realm improvements as identified by local people.

5 RISK MANAGEMENT ISSUES (INCLUDING LEGAL IMPLICATIONS, CRIME AND DISORDER ACT IMPLICATIONS AND EQUALITY AND DIVERSITY IMPLICATIONS)

5.1 A risk register has been produced which is regularly monitored.

6. EQUALITY IMPACT ASSESSMENT

No not needed
