Summary of issues (including benefits to citizens/service users):		
The report outlines proposals to improve the City Centre landscape and enhance the retail / visitor experience through an enhanced package of landscape improvements, Floral features, new lighting and interpretive trails within the City Centre.		
Recommendation(s):		
1	Endorse the proposals for the City Centre Open Spaces / Landscape improvements as detailed in section 4.3.	
2	Endorse the contribution of £ 96,475 Section 106 funding towards the project's delivery and match funding from the Nottingham BID (Business Improvement District) and the Council's Good to Great Improvement Programme as detailed in section 5.1.	

1. REASONS FOR RECOMMENDATIONS**2.0 Background**

- 2.1 Nottingham is in the top 10 cities for growth in overnight domestic visitors, but currently its hotel occupancy rate operates at an average of 68.5%. The visitor economy for the city is estimated to be worth £487m but it is recognised the city has a potential to achieve closer to £1bn with the right quality offers being put in place. Nottingham is the 13th most visited destination for international visitors. In 2011 average day visitor spend in Nottinghamshire was £31.49, total of £932m.

2.2 In 2014 the Council established the Good to Great Programme and set aside a three year funding package to drive forward a number of strategic projects aimed at improving the economic regeneration of the City centre and improving both the retail experience and visitor attractors in the City Centre.

2.3 The programme included 5 thematic work strands including:-

- 1, To attract a new city centre commercial leisure development.
- 2, Development of a Nottingham Robin Hood October Festival (2015+).
- 3, Development and delivery of a major sporting and cultural events programme.
- 4, Activation for all city centre major public squares with supportive street activities programme across the calendar
- 5, Brand development and new walk developments for the different city centre Quarters.

2.4 To better realise the potential of the City Centre as an attractor of visitors, and thereby as an employer of local people in the Retail/Hospitality/Leisure/Cultural sectors the activation Strand 4 and brand development Strand 5 have been designed to help support Nottingham's retail and leisure offer by improving the visual appearance of the city centre and use its public spaces, helping to establish positive public realm environments and attracting inward investment for broader leisure developments.

3 Consultation

3.1 The proposals have been developed in consultation with the Nottingham BID, Creative Quarter Company and Experience Nottinghamshire as well as an internal advice from the City Centre Coordinator, Highways and Urban Design teams. Ongoing consultation will continue as the projects reach a more confirmed detailed design stage.

4 The Proposals

4.1 The investment will be used to enhance and define a number of key gateways to the city centre and help define the entrances to the city centre's retail, leisure and creative quarters. This will include the development of the surrounding streetscape and installation of distinct horticultural floral sculptures and landscape improvements to frame and improve the entrances. In addition new city centre trails and walks will be established to link the quarters bringing out the history and untold stories of the areas.

4.2 The proposals are designed to build on and add additional value to existing city centre improvement projects and will help drive forward a number of projects that have over recent years stalled or are currently incomplete.

4.3 The outline proposals for the City Centre Open Spaces / Landscape improvements project are as follows:-

Appendix 1: Plan of the Improvement project locations. Appendix 2 contains examples of the projects.

Project No	Activity Items	Detail
1	City Centre Interpretive Trail Infrastructure	Audit & Map all existing City Centre features and bring forward a proposal to remove all redundant street interpretation.

7.0 OTHER OPTIONS CONSIDERED IN MAKING RECOMMENDATIONS

7.1 An alternative option would be to not to carry out any improvement works. This option has been rejected as it would not help support and promote the City Centre retail and leisure offer and help to deliver the Council's Good to Great initiative.

8.0. FINANCIAL IMPLICATIONS (INCLUDING VALUE FOR MONEY/VAT)

8.1 The proposed funding for the project is outlined in section 5.1

8.2 The Section 106 funding listed in Section 5.1 is from the following planning application references

- 12/00598/PFUL3 - received 04/12/2013
- 13/00222/PFUL3 – received 13/12/2013.

Both developments took place in the City centre Area as the proposed use and the sum is allocated for use on "Off Site Public Open Space" Within Nottingham City Centre".

9.0. RISK MANAGEMENT ISSUES (INCLUDING LEGAL IMPLICATIONS AND CRIME AND DISORDER ACT IMPLICATIONS)

9.1 The proposals will help improve the visual appearance of the city centre, help to increase visitor numbers and as a result will help contribute to an attractive and vibrant city centre which in turn will contribute towards the continued reductions in crime and anti social behaviour within the City Centre.
