PLANNING COMMITTEE

UPDATE SHEET

(List of additional information, amendments and changes to items since publication of the agenda)

21 March 2018

4a Middleton Primary and Nursery School

Additional comments have been received from local residents (one household), who have raised the following:

- a) The wording of the committee report is questioned in relation to the use of the community centre car park for staff.
- b) It is requested that a formal agreement be put in place to ensure the use of the community centre car park is secured.
- c) What is a Car Park Management Plan is?

a) It has been confirmed by the applicant that this car park is only meant to be utilised by parents for dropping off children, rather than for staff who are to be accommodated in the car park on-site.

b) The community centre does not fall within the application site nor within the direct control of the school, so such a condition would not be appropriate in this instance. However the community centre is within the Council's ownership and control, so the use of its car park as proposed is considered to be a sufficiently robust proposition that would not need to be controlled in this way.

c) This is to cover details of who is permitted to use the new school car park and how this will be controlled.

Additional background papers (Email received 17.03.18)
