

Area 2 Committee – 24 June 2015

Nottinghamshire Police update :Quarter 4 (January – March 2015)

Basford Ward

During this period compared to Quarter 3 (Q3) we saw reductions in all crime categories, except for theft related crimes which increased. Anti-Social Behaviour in Q4 was reduced compared to Q3.

Compared to the previous years performance for the same quarter crime had raised for domestic burglary, burglary other, theft, violence and sexual related offences. ASB also increases by 2% compared to the same period.

During this quarter the Neighbourhood Police Team have undertaken extensive work in relation to domestic burglary and burglary other (Shed/Garage type burglaries). This has included proactive crime prevention work and investigation of crimes, as a result several arrests have been made with persons charged with appropriate offences.

During this period we have obtained a Criminal Behaviour Order on James Healey for making nuisance calls to EMAS. Mr Healey has subsequently breached this and currently serving a 16 month sentence.

The Community Priority Area – Oakleigh Estate and Millennium Court area for ASB has now been closed, we have seen reductions in calls and issues reported and individual issues will continue to be managed appropriately.

The new Community Priority is Brooklyn Road and Heathfield Road areas for nuisance vehicles and associated ASB.

Bestwood Ward

During this period compared to Quarter 3 (Q3) we saw reductions in domestic burglary, robbery, burglary other (sheds/garages), criminal damage and drug offences, whilst there were increases in theft related offences, vehicle crime, violence and sexual offences. Anti-Social Behaviour (ASB) in Q4 reduced compared to Q3.

Compared to the previous year's performance for the same quarter overall crime rose, however we have seen significant reductions in domestic burglary and robbery and drug related offences. ASB also decreased by 5% compared to the same period.

During this quarter the Neighbourhood Police Team have undertaken extensive work in relation to criminal damage offences and violence related offences. This has included increased community engagement and working with partner agencies to raise awareness of support available in the local community. Further we have identified a number of persons responsible for causing criminal damage offences and the associated asb and these have been dealt with proportionately.

The Community Priority Area – Arnold Road and Arnside Road area for criminal damage and ASB has now been closed, we have seen reductions in calls and issues reported and individual issues will continue to be managed appropriately.

The new Community Priority is Kyle View and the surrounding area for asb and drug related misuse issues.
