Summary of issues		
At its meeting on 24 September 2014, this Committee considered a report detailing spending proposals under Area Capital Funding and NCH Environmental Improvements . The report's recommendations were approved in their entirety. However, it has now come to light that an error was made in recording the Committee's decision which was only partially minuted. The purpose of this report therefore, for the avoidance of doubt, is to confirm that all the schemes were approved for funding (or, where applicable, de-committed) as set out in the report to the September meeting. .		
Recommendation		
That, further to minute 17 dated 24 September 2014, the Committee confirms its previous approval of all the funding proposals as set out in the attached appendices 1 and 2 to the original report considered at the September meeting.		

REASONS FOR RECOMMENDATION

- 1.1 To ensure that the intentions of this Committee in terms of its approval of funding proposals are correctly recorded and clarified.

2. BACKGROUND (INCLUDING OUTCOMES OF CONSULTATION)

- 2.1 As the summary to this report explains, there was an error in recording a decision of this Committee. The report presented to the 24 September 2014 meeting is attached to provide context and its appendices contain full details of the schemes previously agreed by the Committee as per the recommendations to it.

3. OTHER OPTIONS CONSIDERED IN MAKING RECOMMENDATIONS

- 3.1 Not to draw the error to the committee's attention but this would result in lack of clarity and create the potential for confusion about authority for the progression of schemes.

4. FINANCIAL IMPLICATIONS (INCLUDING VALUE FOR MONEY/VAT)

- 4.1 None in respect of the issues raised in this report.

5. RISK MANAGEMENT ISSUES (INCLUDING LEGAL IMPLICATIONS AND CRIME AND DISORDER ACT IMPLICATIONS)

- 5.1 Addressing the error made will provide clarity around decisions taken and guard against confusion about authorisation for spend.

6. EQUALITY IMPACT ASSESSMENT

- 6.1 Not required.

7. LIST OF BACKGROUND PAPERS OTHER THAN PUBLISHED WORKS OR THOSE DISCLOSING CONFIDENTIAL OR EXEMPT INFORMATION

- 7.1 None

8. PUBLISHED DOCUMENTS REFERRED TO IN COMPILING THIS REPORT

- 8.1 Area Capital Fund 2013/15 and Nottingham City Homes Environmental Schemes – Update – report to West Area Committee, 24 September 2014 and minutes of that meeting.

Summary of issues		
This report provides Councillors with the latest spend proposals under the Area Capital Fund and Nottingham City Homes (NCH) Environmental Improvements.		
Recommendations		
That the Committee:		
(a) notes the Area Capital Fund and NCH Environmental Improvements monies available to Aspley, Bilborough and Leen Valley wards as outlined in Appendices 1 and 2;		

- (b) approves the committed schemes for Leen Valley and Bilborough Wards and the decommitted scheme in the Bilborough Ward as highlighted in Appendices 1 and 2.

1. REASONS FOR RECOMMENDATIONS

- 1.1 The Nottingham LTP strategy 2011-2026 maintains a commitment to deliver local transport improvements across Nottingham's Neighbourhoods and prioritises small scale transport improvements of importance to local communities.
- 1.2 As part of the budget process Nottingham City Council approved in March 2013 an LTP capital allocation of £2.5 million citywide for 2013-15.
- 1.3 To give opportunity for the Area Committee to make comment on suggested schemes and their progress.

2. BACKGROUND (INCLUDING OUTCOMES OF CONSULTATION)

- 2.2 The Area Capital Programme was established to improve the environment of the neighbourhoods and to create a sense of place for residents in order to improve the quality of life of local people. Since it was established in 2006 to meet the then corporate priority of 'Transforming Neighbourhoods', the Area Capital Fund has included a total programme expenditure portfolio of £40 million. The improvements that have been carried out to date using this programme, have included: footpaths, fences, visual enhancements to public realm, refurbishment of parks and improvements to public buildings.
- 2.3 Resources are allocated from the Nottingham City Council general fund, the Local Transport Plan (LTP) and from the Housing revenue Account. To achieve a joint approach to environmental improvements in neighbourhoods, a greater degree of flexibility has been established to prioritise and deliver improvements so that there is a synergy in local solutions for local issues across neighbourhoods.
- 2.4 The programme of works is a rolling programme. There have been instances where schemes are started, with strong community involvement and interest, only to be altered at a later stage due to changing circumstances such as economic conditions and changes in land values.
- 2.5 The Area Committee, particularly community representatives, are invited to comment specifically on those schemes identified in the proposals column and also to consider whether certain schemes can be linked to other programmes of work in order to generate best value and create a greater impact on the local area.

3. OTHER OPTIONS CONSIDERED IN MAKING RECOMMENDATIONS

- 3.1 None

4. FINANCIAL IMPLICATIONS (INCLUDING VALUE FOR MONEY/VAT)

- 4.1 Bringing together the various strands which form part of the Area Capital Programme enables the City Council to respond efficiently in delivering on public realm improvements as identified by local people.

5. RISK MANAGEMENT ISSUES (INCLUDING LEGAL IMPLICATIONS AND CRIME AND DISORDER ACT IMPLICATIONS)

5.1 A risk register has been produced which is regularly monitored.

6. EQUALITY IMPACT ASSESSMENT

6.1 Not required.

7. LIST OF BACKGROUND PAPERS OTHER THAN PUBLISHED WORKS OR THOSE DISCLOSING CONFIDENTIAL OR EXEMPT INFORMATION

7.1 Highways Framework Agreement.

8. PUBLISHED DOCUMENTS REFERRED TO IN COMPILING THIS REPORT
