The procurement process of both Fruit and Vegetables and Meat are organised into smaller lots, to enable local suppliers and small businesses to consider and potentially submit tenders, subject to their relative size and capabilities. Tender weighting will focus on quality and value for money with additional consideration to the balance of equality in supply from potential contractors. This also ensures the best quality produce at the most competitive price to support the delivery of the Silver Food for Life Award Standard.

Re	commendation(s):				
1	To approve expenditure of £1.98 million for the supply of Fruit/Vegetable and Meat Contracts for School, Commercial and Care Home Catering for 3 years from 1 January 2016, with an option to extend for a further 1 years, at a cost of £0.75 million;				
2	To delegate authority to the Strategic Director of Commercial and Neighbourhood Services to select and award the contracts (to include an option to extend for one year as appropriate) to the most economically advantageous tender.				
3	To approve extending the current fruit and vegetable and most contracts arrangement from 1				
<b>3</b>	To approve extending the current fruit and vegetable and meat contracts arrangement from 1 October 2015 to 31 December 2015 at a cost of c £165,000				
4					

### 1 REASONS FOR RECOMMENDATIONS

The supply of Fruit, Vegetables and Meat is fundamental to the delivery of catering services to Schools, Homes and Commercial establishments.

The current Fruit and Vegetables and Meat contracts expire on 1st October 15, these need to be extended until 31st December 2015 whilst the main framework contracts are procured. It is intended that these procurements be completed 2nd January 2016.

The estimated value of the extension is based upon current annual spend on Fruit and Vegetables of £210,000 and on Meat of £450,000

If these contracts are not extended with the current suppliers for this short period of time, it is considered that there is a significant danger that there will be an interruption in the supply of essential sustenance to the educational establishments and the care homes.

### 2 BACKGROUND (INCLUDING OUTCOMES OF CONSULTATION)

The current contracts will expire on 1st October 2015 and the supply of fruit/veg and meats are core to the delivery of the catering service in schools, care homes and other catering facilities. All surveys returned confirm that quality and where possible local sourcing are important to our customers.

#### 3 OTHER OPTIONS CONSIDERED IN MAKING RECOMMENDATIONS

Do nothing. In relation to the main agreements the values take them over the Public Contract Regulations thresholds and they must be procure by a statutory tend process. Therefore this is not an option.

## 4 <u>FINANCE COMMENTS (INCLUDING IMPLICATIONS AND VALUE FOR MONEY/VAT)</u>

The expenditure to which this contract relates is included within existing budgets within catering services.

Catering services have a Medium Term Financial Plan savings target of £0.288m for 2015/16, Any savings made as a result of this procurement activity will contribute towards the achievement of this target. In the event of any cost increases arising from this procurement activity these will be reflected in the charges made to customers for meals.

Until the procurement is completed it is not possible to quantify the level of savings or additional costs that may result, however based on previous tendering activity recently undertaken it is anticipated that there will be an overall cost saving to the Council for the items to be tendered.

The undertaking of a competitive procurement process will result in the Council obtaining value for money for these items.

# 5 <u>LEGAL AND PROCUREMENT COMMENTS (INCLUDING RISK MANAGEMENT ISSUES, AND INCLUDING LEGAL, CRIME AND DISORDER ACT AND PROCUREMENT IMPLICATIONS)</u>

It is not considered that these procurements give rise to significant legal concerns. The main contracts are to be procured by public tender. As regards the contract extensions they are less than the amount allowable under the Regulation as modifications of contract.

As regards standing orders the extension will ensure continuity of supply of this essential service.

The Procurement Team will ensure that a fully compliant and value for money framework agreement is entered into.

### **6 SOCIAL VALUE CONSIDERATIONS**

The spend has been broken down into smaller lots in order to make the framework agreement more attractive to local suppliers and keep the money spent in the city if possible and we have held a 'meet the buyer' event where a number of local suppliers attended to discuss ours and their requirements.7

REGARD TO THE NHS

CONSTITUTION

By ensuring the quality of the produce procured through this retendering process, the meals produced will be of a high standard, thus ensuring the health of those citizens served is maintained to expected levels.
