Report Recommendation	Task	Lead	Start date of task	Finish date of task	Status (RAG)	Notes
Short term May 2015 - September 2015						
1. Rushcliffe CCG to initiate meetings with other key stakeholders to formulate a memorandum of understanding. This should be at a high level between chief executives of the organisations involved. We would suggest at a minimum that this involves Rushcliffe CCG, Circle and NUH.	Agree a memorandum of understanding between providers and commissioners	Vicky Bailey	Mon 08 Jun 15	Fri 31 Jul 15		<p>NUH and Circle agreed to work up principles. First draft principles shared between NUH, Circle and CCGs. To be progressed at next meeting on 8.7.15</p> <p>13/08/15 Agreement between NUH and Circle to broaden into MOU about wider relationship across both organisations. This is at final draft stage. The dermatology MOU as a section of this continues to be progressed. Next meeting between the two medical directors due first week in September.</p> <p>30/09/15 Regular meetings with NUH and Circle in place. Draft principles in place. Draft Memorandum of Understanding in place about broader collaboration. Various recruitment models considered but fundamental issue is agreeing joint recruitment including joint job plans with different terms and conditions of the providers (NUH and Circle). MoU to consider how an in reach service for urgent in hours ward referrals can be progressed</p>
2. Agreement of common objectives, the core of which is the preservation of dermatology services within Nottingham and a commitment to develop those services. This would enable all the organisations involved to organise an event involving all providers, stakeholders and patients and the public. This should be independently facilitated and should be charged with the task of trying to answer key questions regarding the immediate sustainability of the services, what is required, and the long term vision for the dermatology service.	<p>Development of common objectives linked to principles.</p> <p>Organise a stakeholder event to agree the common objectives with the wider which preserve dermatology services in Nottingham.</p>	Peter Homa and Helen Tait	Mon 08 Jun 15	<p>Fri 31 Jul 15</p> <p>Wed 30 Sept 15</p> <p>Next date 30 November 2015</p>		<p>Common objectives feature in the principles (see 1 above), and are part of the MOU</p> <p>CCG and NHSE sourcing pathways via Senate and BAD</p> <p>CCG meeting with Leicester on 2.7.15</p> <p>The East Midlands Senate has agreed to take forward the Stakeholder event. This will be undertaken in September and from that the medium term actions No 5 and 6 described below will be agreed with stakeholders.</p> <p>13/08/15 Stakeholder event organised for 30/09/15</p>

						<p>30/09/15 Stakeholder meeting agreed to:</p> <ol style="list-style-type: none"> 1. develop pathways and protocols across the network 2. Consider job plans that increase joint working across the east midlands and meet legal requirements of provider employment law 3. Review data and activity 4. Three pronged approach to recruitment and retention: <ol style="list-style-type: none"> a. Medical trainees b. Nursing roles c. GP/primary care
<p>3. Investment should be made in supporting and developing consultants and other clinical staff, bringing together key players within the organisation to foster relationships. The consultants should work as a single body/team across both provider organisations. We believe that there are the beginnings of an understanding of how commissioners and the providers can build a relationship of trust and sustain the service. In particular it may be easier to appoint new consultants to NUH contracts who subsequently do a large part of their work within the Circle service. Appropriate job plans would need to be developed, with attention to training and research opportunities. Circle and NUH should continue to recruit, and do this together coordinating the job plans to maximise the chance of recruiting the best possible candidate and ensuring that workload and workforce are matched across the wider service.</p>	<p>Clinical summit to be held with outcomes agreed for future acute and paediatric pathways and agreed ways of working as a single body/team across providers, with consideration to BAD guidance</p>	Jonathan Corne	Mon 08 Jun 15	Mon 15 Jun 15		<p>Meeting held with dermatology consultants and nurses from NUH and Circle on 15th June facilitated by HEEM and East Midlands Senate. Draft notes available subject to accuracy check</p> <p>13/08/15 Notes circulated and approved by clinicians. Agreement for two pathways in Nottingham: children and young people delivered by NUH, Adult by Circle.</p> <p>Further meeting organised by HEEM 07.09.15 where training and education will be discussed</p> <p>30/09/15 Stakeholder meeting agreed to:</p> <ol style="list-style-type: none"> 1. develop pathways and protocols across the network 2. Consider job plans that increase joint working across the east midlands 3. Review data and activity 4. Three pronged approach training: <ol style="list-style-type: none"> a. Medical trainees b. Nursing roles c. GP/primary care
	<p>Develop and coordinate job plans with training and research incorporated, with joint recruitment</p>	Peter Homa and Helen Tait	Mon 15 Jun 15	Mon 31 Aug 15 Amended to 30 November 2015		<p>On-going discussions between NUH and Circle. HR advice being taken as to nature of job plans for sustainable recruitment. Paediatrician with an interest in dermatology advertised by NUH. Agreement on Job plans to be progressed at meeting on 8.7.15</p> <p>13.08.15 Paediatric recruitment positive. Details to be confirmed in due course when start</p>

						<p>dates confirmed.</p> <p>Meeting with Leicester and NUH and Circle on 11.08.15 to discuss supporting the adult in patient service. Actions agreed to be reported second week in September</p> <p>30/09/15 Senate meeting agreed to consider how job plans can be organised to include urgent ward referrals in hours. See above for approach to workforce</p>
<p>4. The commissioners should invite BAD representatives to planned events and for Circle to show them the good work done within the NTC. The situation has led to unfavourable news coverage and the bringing together and closer cooperation between the parties involved will allow for a much more favourable and positive reporting of the situation in Nottingham in the dermatological and medical media, and a greater chance of future recruitment of dermatologists to the area.</p>	<p>Identify British Dermatology Association lead</p>	<p>Vicky Bailey</p>	<p>Mon 08 Jun 15</p>	<p>Mon 15 Jun 15</p>		<p>Commenced. Meeting with BAD following the June OSC meeting. Will be part of stakeholder events going forward.</p> <p>Agreement by BAD to support Nottingham.</p> <p>13.08.15</p> <p>BAD part of stakeholder network going forward. Named dermatologists from BAD identified for event</p> <p>30/9/15 Stakeholder event agreed to:</p> <ol style="list-style-type: none"> 1. strengthen governance arrangements with Circle and main acutes (Derby/Leicester) 2. Review job plans to consider including urgent referrals, hot clinics, paediatric sessions for adult dermatologists 3. Five registrars to be recruited for Derby which will have rotation to Circle
<p>Medium term May 2015 - March 2016</p>						
<p>5. Rushcliffe CCG should take the initiative to invite other CCGs to consider the requirements for a strategic clinical network, with the aim of looking at the larger geographical provision of specialist services and how they could be more efficiently provided.</p>	<p>Proposal for a pan CCG dermatology strategic clinical network</p>	<p>Vicky Bailey</p>	<p>Tue 30 Jun 15</p>	<p>Thurs 1 Oct 15</p>		<p>All CCG associates contacted re future possible network, and impact of reduction in dermatology staff in Nottingham. 25% of activity is from out of area CCGs. Senate discussing this nationally via their senate networks.</p> <p>13.08.15</p> <p>Agreed by East Midlands CCG and the Senate to have the network. First meeting on 30.09.15 will confirm with providers if they agree for this to be taken forward</p> <p>30/09/15 Senate stakeholder meeting showed appetite for a network with two or three</p>
