1 REASONS FOR RECOMMENDATIONS

1.1 The Nottingham LTP strategy 2011-2026 maintains a commitment to deliver local transport improvements across Nottingham's Neighbourhoods and prioritises small scale transport improvements of importance to local communities.

As part of the budget process Nottingham City Council approved in February 2016 an LTP capital allocation of £1.25 million (LTP) and £750.000 (Public Realm) citywide between 2016-2017.

2 BACKGROUND (INCLUDING OUTCOMES OF CONSULTATION)

- 2.1 The Area Capital Programme was established to improve the environment of the neighbourhoods and to create a sense of place for residents in order to improve the quality of life of local people. Since it was established in 2006 to meet the then corporate priority of "Transforming Neighbourhoods" the Area Capital Fund has included a total programme expenditure portfolio of £40 million. The improvements that have been carried out to date using this programme have included footpath, fences, visual enhancements to public realm, refurbishment of parks and improvements to public buildings.
- 2.2 Resources are allocated from the Nottingham City Council general fund, the Local Transport Plan (LTP) and from the Housing revenue Account. To achieve a joint approach to environmental improvements in neighbourhoods, a greater degree of flexibility has been established to prioritise and deliver improvements so that there is a synergy in local solutions for local issues across neighbourhoods.
- 2.3 The programme of works is a rolling programme. There have been instances where schemes are started, with strong community involvement and interest, only to be altered at a later stage due to changing circumstances such as economic conditions and changes in land values.
- 2.4 The Area Committee, particularly community representatives, are invited to comment specifically on those schemes identified in the proposals column and also to consider whether certain schemes can be linked to other programmes of work in order to generate best value and create a greater impact on the local area.

3 OTHER OPTIONS CONSIDERED IN MAKING RECOMMENDATIONS

3.1 None.

4 FINANCE COMMENTS (INCLUDING IMPLICATIONS AND VALUE FOR MONEY/VAT)

- 4.1 Bringing together the various strands which form part of the Area Capital Programme enables the City Council to respond efficiently in delivering on public realm improvements as identified by local people.
- 5 <u>LEGAL AND PROCUREMENT COMMENTS (INCLUDING RISK MANAGEMENT ISSUES, AND LEGAL, CRIME AND DISORDER ACT AND PROCUREMENT IMPLICATIONS)</u>
- 5.1 A risk register has been produced which is regularly monitored.
- 6 STRATEGIC ASSETS & PROPERTY COMMENTS (FOR DECISION RELATING TO ALL PROPERTY ASSETS AND ASSOCIATED INFRASTRUCTURE) (AREA COMMITTEE REPORTS ONLY)
