21st September 2015

LETTER NO.4

Dear [REDACTED]

**RE: NOTTINGHAM CITY COUNCIL (THE VICTORIA EMBANKMENT, NOTTINGHAM)
(OFF-STREET PARKING PLACES AND RESTRICTED PARKING AREA) ORDER 2015
(OSP 8017).**

Further to my letter of 6th August 2015 concerning the above Order, I now wish to inform you that public advertisement of parts of these proposals is to take place between the 23rd September 2015 and the 21st October 2015.

The Order will be advertised as *Nottingham City Council (The Victoria Embankment, Nottingham) (Off-Street Parking Places and Restricted Parking Area) Order 2015 (OSP 8017)* And will create a new Off-Street Car Parking Order, that would allow a Civil Enforcement Officer 'CEO' to carry out enforcement against a vehicle not displaying a valid ticket or disabled badge by the issuing of a Penalty Charge Notice 'PCN'.

Therefore, the Order will designate the whole of The Victoria Embankment Park as a restricted parking area and would only allow parking in the designated parking places. Any person parking outside the designated areas, on the grass, or the highway within the grounds would be subject to a PCN. As the parking place area has a hard core surface, it is not possible to have individually marked out parking spaces. Therefore, drivers are to park their vehicle in such a manner not to impend or obstruct the free flow of traffic within the parking place area. Please note, that after then consultation the proposed Order is to be amended to give 2 hours free parking and that the Order will only operate on week days.

A copy of the notice of the proposals for this Order is **attached** for your information.

Yours faithfully,

Ian Nash
