The Buses Bill 2016-17, sponsored by Lord Ahmad of Wimbledon was recently debated in the House of Lords on the 24<sup>th</sup> October, with an extensive discussion on Clause 21 of the Bill. Lord Ahmad said, and I quote:

'Let me at the outset answer a question that was asked of me. I have said this before and I will say it again: there are existing municipal bus companies, such as Reading

Buses and Nottingham City Transport that deliver a high standard of service. They can expect to continue to do so. Their ability to do that will not be affected by this clause; nor will it prevent local authorities working in partnership with a bus company. That is an underlying thread of the Bill.

Does the Portfolio Holder accept that Clause 21 of the Buses Bill 2016-17 will have no impact on Nottingham City Council and Nottingham City Transport's current arrangements?
