## **1 BACKGROUND AND PROPOSALS**

The Children and Young People's Plan 2016-2020 is based on evidence about past performance, needs assessments, consultation with local families and agreed priorities between partners. It has been reviewed and adjusted to take account of changes in policy direction and early intervention approaches that are now impacting on design and delivery of services to children, young people and their families. It also fits within agreed national government policies and reflects recommendations from regular inspections. It sets a clear direction for the Nottingham Children's Partnership and also for the rest of One Nottingham's partners.

The CYPP is a strategic plan which sets the overall direction and provides headlines. This is supported by a more detailed Action Plan. End of Year updates have been provided by partners, which detail activities and progress which has taken place during 2016-17, as well as any new activities which are planned to take place during the coming year.

The CYPP and CYPP Action Plan can be found on the Children's Partnership website here: <http://www.nottinghamchildrenspartnership.co.uk/children-and-young-peoples-plan/>
