

## Commissioning Intentions 2017-2018

### **BACKGROUND**

Discussions have taken place with relevant partners in relation to the commissioning priorities for 2017/18. These were based on consideration of citizen outcomes, policy and legislative requirements, contractual issues, budgetary issues, time since last review, partnership priorities and deliverability. The plans will form the basis for the allocation and prioritisation of resources for the forthcoming year in order to deliver improved outcomes for Nottingham citizens, transformational change and systemic efficiencies.

These plans identify NCC priorities and priorities shared with Nottingham City Clinical Commissioning Group and will underpin the work of the Commissioning Executive Group and the Health and Wellbeing Board.

### **PRESENT POSITION**

As a result of this engagement and prioritisation process, commissioning activity for the coming year has been aligned as far as possible with the outcomes and priority areas identified within the Health and Wellbeing Strategy.

Activity relating to improving physical health outcomes, has been listed under the outcome 'People in Nottingham adopt and maintain Healthy Lifestyles'.

Activity relating to improving mental health has been listed under the outcome 'People in Nottingham will have positive Mental Wellbeing and those with Serious Mental illness will have good physical health'

Activity relating to empowering people to live healthy lives or activity relating to wider system change, including services working better together, which will ultimately support people to live healthier lives, has been listed under the outcome 'There will be Healthy Culture in Nottingham in which citizens are supported and empowered to live healthy lives and manage ill-health'.

Finally, activity relating to improving citizens' physical environment has been listed under the outcome 'Nottingham's Environment will be sustainable; supporting and enabling citizens to have good health and wellbeing'

The attached plans identify activity undertaken by NCC Commissioners only (Appendix 1) and activity that is being undertaken jointly by NCC and CCG Commissioners (Appendix 2)

In addition to the activity identified in the plans, it is recognised that all partners will have additional priorities and 'business as usual' that will also require resource allocation.

### **EXPECTED OUTCOME**

The commissioning priorities for 2017-18 is required in order to ensure appropriate use of resources and to drive the transformative change required to deliver joint strategic priorities and improved citizen outcomes.
