Recommendations to the Health and Wellbeing Board:

The Health and Wellbeing Board is asked to:

- a) note the contents of the report;
- b) advise how Health and Wellbeing Board member organisations may further support the report's recommendations; and
- c) request that Health and Wellbeing Board members advise on representation for a partnership group that will plan for the Nottingham Clean Air Zone.

Contribution to Joint Health and Wellbeing Strategy:

Health and Wellbeing Strategy aims and outcomes	Summary of contribution to the Strategy
Aim: To increase healthy life expectancy in Nottingham and make us one of the healthiest big cities	This report provides the Board with information on strategic developments in relation to the Environment Outcome of the Health and Wellbeing Strategy 2016-2020 which was endorsed in September 2016.
Aim: To reduce inequalities in health by targeting the neighbourhoods with the lowest levels of healthy life expectancy	
Outcome 1: Children and adults in Nottingham adopt and maintain healthy lifestyles	
Outcome 2: Children and adults in Nottingham will have positive mental wellbeing and those with long-term mental health problems will have good physical health	
Outcome 3: There will be a healthy culture in Nottingham in which citizens are supported and empowered to live healthy lives and manage ill health well	
Outcome 4: Nottingham's environment will be sustainable – supporting and enabling its citizens to	

have good health and wellbeing	
How mental health and wellbeing is being championed in line with the Board's aspiration to give equal value to mental and physical health	
<p>An environment that supports health and wellbeing supports both physical health and mental health. Access to green space and settled and secure housing being a factor for protecting mental health.</p> <p>There is also a need to understand that people with mental health problems may be at higher risk of health inequalities relating to poor housing and homelessness.</p>
