Summary of issues (including benefits to citizens/service users):		
<p>Once adopted, the Land and Planning Policies Document will form the second part of the City Council's Local Plan for Nottingham City, alongside the Nottingham City Aligned Core Strategy (Local Plan Part 1), which was adopted in September 2014.</p> <p>A Revised Publication version of the Land and Planning Policies Document will be published for consultation for a six week period commencing on 29th September and this will run until the 10th November 2017 to allow formal representations. This follows several consultation stages including Issues and Options consultation, a Preferred Options consultation, and a Publication version consultation.</p> <p>Following this Revised Publication stage, the Land and Planning Policies Document will be submitted to the Secretary of State and undergo independent examination. If found sound, the document will be adopted and, alongside the Core Strategy, will replace the current Local Plan (2005).</p> <p>The Land and Planning Policies Document contains planning policies to guide decision making on planning applications. Some policies have been carried forward from the last Local Plan (adopted in 2005) but there are also new policy areas. The Land and Planning Policies Document also includes 79 specific sites which are allocated for particular uses, such as housing, employment or retail.</p>		

Site allocations and policy designations are set out on the Policies Map, and changes to the Policies Map have also been published alongside the Revised Publication Land and Planning Policies Document.

Recommendation(s):

1 REASONS FOR RECOMMENDATIONS

- 1.1 Production of a Local Plan is a statutory requirement.

2 BACKGROUND (INCLUDING OUTCOMES OF CONSULTATION)

- 2.1 Once adopted, the Local Plan Part 2: Land and Planning Policies Document (Local Plan) will form part of the statutory planning framework for Nottingham, alongside the Core Strategy. Before the Local Plan can be adopted, it must go through several stages of formal and informal consultation. To date, the Local Plan has been through three informal stages of consultation – the Issues and Options consultation stage, the Additional Sites consultation stage and the Preferred Option consultation stage, and one formal stage of consultation on the Publication Version of the Local Plan.
- 2.2 The previous consultations have informed the development of the Local Plan, and a number of changes are proposed to the previous Publication Version of the plan. It is therefore considered necessary to consult on a Revised Publication version of the Plan before it is ready for independent examination by a Government appointed planning inspector. The Revised Publication Version of the Local Plan has therefore been published for representations, with consultation focussed on the changes between the Publication Version and the Revised Publication Version of the Local Plan. This provides a formal opportunity for the local community and other interested parties to consider the changes made to the Local Plan since the original Publication Version.
- 2.3 All documents can be viewed at www.nottinghamcity.gov.uk/revisedpublication.
- 2.4 The planning policies in the Local Plan address the following matters:
- Climate Change
 - Employment Provision and Economic Development
 - Role of Town, District and Local Centres
 - Regeneration
 - Strategic Regeneration Sites
 - Housing Size, Mix and Choice
 - Design and Enhancing Local Identity
 - The Historic Environment
 - Local Services and Healthy Lifestyles
 - Community Facilities

- Managing Travel Demand
- Green Infrastructure, Parks and Open Space
- Biodiversity
- Minerals
- Telecommunications
- Land Contamination, Instability and Pollution
- Developer Contributions

2.5 The adopted Local Plan will also include a Policies Map showing land use designations (e.g. the Castle and Creative Quarters, Retail Centres, Green Belt and Minerals Safeguarding Areas), together with the site allocations. A Policies Map Amendment Document has been published for consultation which shows any amendments to the Policies Map that was published at the previous Publication stage.

2.6 The site allocations, listed in the table below, are relevant to this Area Committee, and so corresponding site plans and Development Principles have been included as Appendix 1 to this report. Both the table below and the plans in Appendix 1 detail any changes that have been made since the previous preparation stage of the plan. Consultation comments are invited on these changes.

Site ref.	Site allocation name/location	Details of any changes that have been made.
PA41	Alfreton Road - Forest Mill	Office (B1) removed from Development Principles, and food and drink (A2,A3) uses added, to reflect the recent planning permission.
PA42	Ilkeston Road - Radford Mill	Employment (B1) removed from Development Principles and student housing added, to reflect the recent planning permission. Site area reduced to exclude the part that is already developed.
PA43	Salisbury Street	No change.
PA44	Derby Road - Sandfield Centre	Development Principles amended to clarify that predominantly family housing is anticipated on the site.
PA45	Prospect Place	No change.
PA46	Derby Road - Former Hillside Club	No change.
PA47	Abbey Street/Leengate	Development principles amended to say that new development should have regard to existing employment uses to the north of the site. Base map for this site updated to show the tram route.
PA52	University Boulevard - Nottingham Science and Technology Park	Minor amendment to wording of development principles for consistency. Base map for site updated to show the tram route.
PA54	Boots	Base map updated to show the tram route.

PA66	Castle Quarter, Maid Marian Way - College Site	Wording of development principles amended to state that development should seek to enhance the setting of buildings within the site to the south of Isabella Street.
PA86	Thane Road – Horizon Factory	This site was originally subject to separate Publication Consultation and added as a specific allocation to provide planning policy assurance that the site would remain in employment use. Development principles amended to clarify that a transport assessment is required to accompany any development proposals and that development proposals should seek to retain and enhance the wildlife corridor within the site and existing open space should be retained or re-provision made elsewhere in the site.

2.8 In addition, there have been several changes to policies, particular interest to this Area Committee include:

- Policy HO5 “Locations for Purpose Built Student Accommodation” - amended to include a requirement that the developer demonstrate the need for the type of student accommodation to be provided, or that they have an agreement with a University or other provider of Higher Education for the bed spaces provided.
- Policy HO6 “Houses in Multiple Occupation (HMOs) and Purpose Built Student Accommodation” – new criteria added to ensure new purpose built student accommodation includes appropriate room sizes, adequate communal space, and there are appropriate arrangements for student drop off and collection.

CONSULTATION

2.9 164 individual people and organisations responded to the Publication Version consultation and there were approximately 967 individual responses.

2.10 A Report of Consultation has been produced setting out the measures undertaken at previous consultation stages. This has been published for information alongside the Revised Publication Local Plan.

SUSTAINABILITY APPRAISAL

2.11 Under the requirements of the Planning and Compulsory Purchase Act (2004), a Sustainability Appraisal (SA) (which incorporates the EU requirement for Strategic Environmental Assessment) has been produced. The SA has 14 objectives relating to economic, social and environmental issues in Nottingham. The SA assesses the potential impacts of each of the policies and site allocations against the 14 objectives, and has been published alongside the Local Plan.

OTHER BACKGROUND ASSESSMENTS

2.12 In addition to analysing the consultation responses and undertaking the SA, a number of other background assessments have been undertaken to inform the Local

Plan. Each of the sites put forward for allocation has undergone a detailed assessment. The assessment involved collecting information regarding planning history, land use, constraints, transport and accessibility, wider regeneration benefits, infrastructure and energy and heat networks and previous work, including Development Briefs. Site visits were also undertaken for each site.

- 2.13 Background Papers have also been produced to inform the Local Plan policies. Where necessary, addendums have been produced to update them for the Revised Publication Version of the Local Plan.

These are titled as follows:

- Climate Change
- Employment and Economy
- Infrastructure Delivery Plan
- Green Belt
- Minerals
- Retail
- Sustainable, Inclusive and Mixed Communities
- Transport
- Equalities Impact Assessment

NEXT STEPS

- 2.14 Any representations received will be considered and technical drafting changes may be proposed if any factual or minor inaccuracies emerge. These will not be consulted upon. However, if the City Council wishes to make any further substantial changes to the draft Local Plan in response to the representations or other key factors, then it is likely that these will need to be subject to further consultation.
- 2.15 The Council will summarise the main issues raised by representations, and submit the summary together with the Local Plan and all the representations received at both Publication and Revised Publication stage to the Secretary of State for independent examination by an Inspector. The examination is likely to include a public hearing session, when parties making representations may, at the Inspector's discretion, present their views in person. The examination is expected to be in summer 2018, and if the Local Plan is found legally compliant and sound it is anticipated that it will be adopted later in 2018.

3 OTHER OPTIONS CONSIDERED IN MAKING RECOMMENDATIONS

- 3.1 None – the production of a Local Plan is a statutory requirement.

4 FINANCE COLLEAGUE COMMENTS (INCLUDING IMPLICATIONS AND VALUE FOR MONEY/VAT)

- 4.1 The production of a Local Plan is a statutory requirement for the Council. There are no direct financial implications from the submission of a Local Plan and the work has been undertaken using current existing resources earmarked for this purpose

and presents no financial pressure on the Council. (Comments from Susan Tytherleigh, Strategic Finance Business Partner, Development and Growth, 14 August 2017).

5 LEGAL AND PROCUREMENT COLLEAGUE COMMENTS (INCLUDING RISK MANAGEMENT ISSUES, AND LEGAL, CRIME AND DISORDER ACT AND PROCUREMENT IMPLICATIONS)

- 5.1 As indicated in the main body of the report, the Council is under a statutory duty to produce a Local Plan of which the LAPP is part. Requirements relating to the production and adoption of the local plan are prescribed by regulations. The approval of such documents is not the sole function of the Executive and only full Council can approve the submission of the LAPP for independent examination. Whilst there are risks that the Plan (or parts of it) could be found to be unsound or challenged on adoption the LAPP has been the subject of legal advice during its preparation to seek to ensure its compliance with the law and planning policy. Although the LAPP has already been through one period of consultation it is prudent to carry out a further consultation on the proposed changes (especially those which may affect the Plan's soundness), to strengthen the Council's position at the submission stage and this report is brought before the Committee as part of that process. (Comments from Ann Barrett Team Leader, Planning and Environment Team, Legal Services, 10 August 2017).

6 STRATEGIC ASSETS & PROPERTY COLLEAGUE COMMENTS (FOR DECISION RELATING TO ALL PROPERTY ASSETS AND ASSOCIATED INFRASTRUCTURE) (AREA COMMITTEE REPORTS ONLY)

- 6.1 Property has been fully consulted as appropriate throughout the preparation of the Nottingham City Land and Planning Policies Development Plan Document (Local Plan Part 2), The LAPP contains a number of sites owned by the City Council the development of which will increase the provision of new homes and employment opportunities, assist in regeneration and generate capital receipts for the Council. (Comments provided by Rod Martin, Property Development Manager, 10 August 2017).

7 EQUALITY IMPACT ASSESSMENT

- 7.1 Has the equality impact of the proposals in this report been assessed?

No

An EIA is not required because the Area Committee is a consultee to the Local Plan.
