Summary of issues (including benefits to citizens/service users):		
This report, which is for annual reporting purposes, is for noting. It details the number, type and pension strain cost of early retirements for the period 1 April 2016 to 31 March 2017.		
Recommendation(s):		
1	To note the monitoring information contained within the report and the appendices.	

1 REASONS FOR RECOMMENDATIONS

1.1 The report is brought to this Committee for noting purposes.

2 BACKGROUND (INCLUDING OUTCOMES OF CONSULTATION)

2.1 A breakdown of all retirements for 2016/17 is provided in Appendix 1 including comparator information with previous years. The total number of retirement cases with a pension increased to 170 in 2016/17 from 168 in 2015/16. There has been a decrease in the number of colleagues taking early retirement (to 73 cases in 2016/17 from 90 cases in 2015/16) and only a very slight increase in the number of ill health retirements (14 in 2016/17 from 13 in 2015/16). The number of normal retirements have also decreased to 28 cases in 2016/17 from 39 cases in 2015/16. There was a steep increase in redundancy with pension (53 cases in 2016/17 from 24 cases in

2015/16); this is due to a significant restructure that took place within the Finance Service in the Strategy and Resources Department during this reporting period.

- 2.2 From 1 April 2014, changes to the Local Government Pension Scheme (LGPS) were implemented, one of which was that current or former employees aged 55-60 wishing to access their pension benefits early no longer need the Council's consent in order to do this. However, the decision to take this route into early retirement will now result in the benefits the employee receives on retirement being reduced on an actuarial basis to take into account the fact that their benefits are being drawn earlier and for longer.
- 2.3 In order for benefits to remain unreduced, the actuarial reduction may be waived at the Council's discretion (normally exercised by the Chief Executive); therefore in such cases consent must still be sought. There were no early retirements requiring employer consent in this reporting period.
- 2.4 The number of colleagues choosing to retire between the ages of 55 and 64 (one of the categories of early retirement) decreased in this reporting period. In 2016/17 73 colleagues took early retirement compared to 90 in 2015/16.
- 2.5 Flexible retirement enables an employee who has reached the age of 55 to draw their pension benefits whilst remaining in employment on reduced hours or pay. Although there is no pension strain cost associated with flexible retirement for colleagues aged 60 or over, employer consent is required in all instances subject to a business case. Out of the 38 flexible retirements approved in this reporting period, there were no cases where pension strain costs were incurred.
- 2.6 Ill-health retirements accounted for 8.2% (14 cases out of 170) of all retirements which is a slight increase on the previous year, when they accounted for 7.7% (13 cases out of 168). There is no pension strain for ill-health retirement; instead costs are taken into account when the 3 yearly actuarial valuation calculations for employer contributions is made.
- 2.7 In this reporting period, there have been no retirements under the category of efficiency.
- 2.8 77% (41 out of 53 cases) of all retirements classed as redundancy had a pension strain cost applied due to the age of the employee when they retired (12 additional redundancies did not carry a pension strain). In these circumstances the pension strain is paid by the employer. The numbers in this category increased significantly this year to 41 from 22 in 2015/16. As at paragraph 2.1 above, this is primarily due to the Finance restructure within Strategy and Resources.
- 2.9 There have been 2 deaths in service in this reporting period where a pension entitlement arose.
- 2.10 Appendix 2 shows the pension strain cost to the pension fund broken down by department for 2016/17 including comparator information with previous years. All pension strain costs in this reporting period were due to colleagues exiting the Council under redundancy.

- 2.11 The Council has no control over the associated pension strain costs of redundancy as the pension scheme rules mean that an employee who is aged 55 or over automatically accesses their pension if they are dismissed by reason of redundancy.
- 2.12 All retirement figures exclude those employees based in non-maintained schools and Academies, Nottingham Revenues and Benefits and Nottingham City Homes.

3 OTHER OPTIONS CONSIDERED IN MAKING RECOMMENDATIONS

- 3.1 None. The report is for noting only.

4 FINANCE COLLEAGUE COMMENTS (INCLUDING IMPLICATIONS AND VALUE FOR MONEY/VAT)

- 4.1 Options to pay pension strain costs to the pension fund are as follows:
1. As a lump sum or
 2. Equally over a three year period.
- 4.2 The lump sum option does not incur any interest and is the preferred option however; this is reviewed on an individual business case basis; the business case will include pension strain costs and supports the decision to make an early retirement.

Joanne Worster
Finance Team Leader
16 November 2017

5 LEGAL AND PROCUREMENT COLLEAGUE COMMENTS (INCLUDING RISK MANAGEMENT ISSUES, AND LEGAL, CRIME AND DISORDER ACT AND PROCUREMENT IMPLICATIONS)

- 5.1 Legal Implications

The Background section of this report reflects the legal framework of the Local Government Pension Scheme ("LGPS") as amended in recent years and demonstrates how the authority has applied this framework via its policies on retirement. Any future changes to the LGPS and/or age discrimination legislation could have an impact on the authority's policies and future early retirements.

Jon Ludford-Thomas
Senior Solicitor
16 November 2017

6 STRATEGIC ASSETS & PROPERTY COLLEAGUE COMMENTS (FOR DECISION RELATING TO ALL PROPERTY ASSETS AND ASSOCIATED INFRASTRUCTURE) (AREA COMMITTEE REPORTS ONLY)

- 6.1 N/A

7 EQUALITY IMPACT ASSESSMENT

- 7.1 Has the equality impact of the proposals in this report been assessed?

No

An EIA is not required because:
The report does not contain proposals or financial decisions.

8 LIST OF BACKGROUND PAPERS OTHER THAN PUBLISHED WORKS OR THOSE DISCLOSING CONFIDENTIAL OR EXEMPT INFORMATION

8.1 None.

9 PUBLISHED DOCUMENTS REFERRED TO IN COMPILING THIS REPORT

9.1 None.
