Summary of issues (including benefits to citizens/service users):		
<p>In order to ensure continual service development and to provide the best support to our children in care and care leavers, it is essential that the performance of the Children in Care service is monitored and open to scrutiny by Corporate Parenting Board (‘Board’) members. The purpose of this report is to provide the Board with the most up to date Children in Care performance data, relevant to the areas being discussed at the July 2018 Corporate Parenting Board meeting.</p>		
Recommendation(s):		
1	To acknowledge the current performance position of the Children in Care service, against identified key performance indicators, as detailed in the appendix. Where necessary, members are invited to offer suggestion for remedial action in areas of poor performance and developmental suggestions in all other areas.
