

Motion in the name of Cllr Chapman

This Council believes the Government's grant settlement 2011-12 is unfair on the city, unfair on the worst off in the city, and risks destabilising the economy of the city.

It therefore asks the government to rectify the injustice of this year's settlement in order to ensure that the reductions are fair, as promised; the national economy is rebalanced, as promised; and that we really are "all in it together", as promised.

A handwritten signature in black ink, appearing to read 'G. Chapman', with a long horizontal line extending to the right.
