4 September 2007

Dear Sir / Madam,

STREET TRADING POSITION –BRIDLESMITH GATE

We have had an application for the vacant street trading position which is sited on the road side of the bollards near to your property.

The application is for a small (8' x 6') high quality juice bar operating during the daytime.

As this unit differs significantly from the stalls which have occupied the position in the past, we would welcome your written comments on this, by 15th September please for inclusion in a report regarding the position.

Yours faithfully,

Dawn Michalak
