Summary of issues (including benefits to customers/service users):		
This report seeks the views of the Committee on the current Children and Young People's Plan (CYPP) with a focus on 17 identified priorities. This is to help inform a revised version of the Plan ready for April 2010.		
Recommendation(s):		
1	The Area Committee gives its thoughts on the priorities using the template provided (attached as appendix); and.	
2	Comments on the priorities as felt necessary.	

1 BACKGROUND

- 1.1 The Children and Young People's Plan 2008-11 is Nottingham's second Children and Young People's Plan (CYPP).
- 1.2 A recent review of this plan has made some necessary amendments to the text which ensures it remains up to date.
- 1.3 The Plan is now the responsibility of the Nottingham Children's Partnership which will develop it to set a clear framework for strategic planning, deciding how resources are allocated and making sure there is accountability in its delivery.
- 1.4 A revised Plan is being produced for early 2010 which will be subject to an annual review.

2 REASONS FOR RECOMMENDATIONS (INCLUDING OUTCOMES OF CONSULTATION)

- 2.1 The next phase of CYPP development is to reconsider the priorities relating to its long term strategic objectives.
- 2.2 These objectives link to the Sustainable Community Strategy that is taking Nottingham forward to 2020.
- 2.3 The Partnership will allocate resources to support the priorities in the Plan by creating strong links to budget setting and planning cycles in partner organisations.
- 2.4 The intention is that there will be ongoing discussions with people affected by the Plan.
- 2.5 The aims of this consultation are to assess the relative importance of each of the Plan's priorities and to get the views of affected people on any significant omissions or changes needed. It is also hoped to gather some views on how people can best help with the Plan's development and how it is put in place.

3 OTHER OPTIONS CONSIDERED IN MAKING RECOMMENDATIONS

- 3.1 A range of affected people and groups is being asked for their views between now and December on the existing priorities of the current Plan.
- 3.2 These views will be combined with a review of what we already know about the priorities to help us draft a revised – and probably reduced – set of priorities.

4 FINANCIAL IMPLICATIONS (INCLUDING VALUE FOR MONEY)

- 4.1 None immediately – but please see 2.3 above.

5 RISK MANAGEMENT ISSUES (INCLUDING LEGAL IMPLICATIONS, CRIME AND DISORDER ACT IMPLICATIONS AND EQUALITY AND DIVERSITY IMPLICATIONS)

5.1 None No equality impact?

7.1 Nottingham City Children and Young Peoples Plan 2008-11

Nottingham City Children and Young People’s Plan 2008-11: Priorities Consultation.

The Children and Young People’s Plan (CYPP) is the single, strategic plan for all services affecting children and young people in Nottingham. It is part of the long-term vision for Nottingham. The plan is a statutory document required by the government. Nottingham City’s Children and Young People’s Plan 2008-11 has 17 agreed priorities (numbered below), relating to 6 long-term, strategic objectives.

It is unlikely that the strategic objectives (in bold text below) will change but the shorter term, numbered priorities may need to be amended to reflect changing needs or the requirement for a sharper focus in the revised Children and Young People’s Plan to be produced in 2010.

Nottingham Children’s Partnership will allocate resources to support the priorities in the Children and Young People’s Plan through increasingly strong links to budget setting and planning cycles across partner organisations

To assist in this process, please consider the 17 numbered priorities of the CYPP, listed below

Please indicate the value you consider each priority to have by circling the letter most closely corresponding to your view.
