<p>Bramcote Lane Area Week of Action</p>	<p>John Marsh, Locality Manager/Lyise-Anne Renwick, Neighbourhood Development Officer</p>	<p>£600</p>	<p>Bramcote Lane Area Week of Action was a very successful event. Daffodils were planted by the Police team together with Neighbourhood Development Officer and Tony Brown’s team (City Services) behind the Bramcote Lane knee high rails which are now in full bloom. Tony Brown’s team also relocated the planters which were also planted by all teams. City Services relocated the cycle shed which was located outside of the Library to make room for the planters. The smart water signage was relocated by the Police. The undercoat painting of the railings along Bramcote Lane was undertaken with the final painting to be done soon, weather permitting. Tony Brown’s team were also able to undertake some general environmental improvement, e.g. hedge cutting, pruning and clearing of the pathways along the Calderdale/Flyingdale area on the Grangewood Estate. The team did a great job even though the weather conditions were not very good. Citizens have confirmed that they are quite pleased with the results of work carried out and the daffodils make the street colourful and bright, “brightens up the area”.</p>	<p>To be completed when a week of good weather is forecast. This is to ensure that the outdoor paint can dry properly, preventing the need to be repainted.</p>
