REPORT TO AREA 4 COMMITTEE

WEDNESDAY 17TH JUNE 2015

HYSON GREEN YOUTH CLUB

1. Purpose

The purpose of this report is:

- To provide an overview of the services, outputs and outcomes achieved by HGYC and its use by young people in 2014.
- For the committee to discuss the breadth of work that HGYC delivers and consider how best HGYC can continue to contribute to the wider area youth strategy and also Community and Families strategy
- For the committee to consider the role that HGYC can play as a locality hub for children, young people and families (this report is also going to Area 5 committee)
- As well as this report there will be a powerpoint presentation by young people highlighting the issues they face and their ideas for sustainability

2. Background

HGYC is a registered charity (1007675) and is run by a Board of Trustees made up of volunteers.

Our aim is 'helping young people to achieve their full potential through education, sport and leisure'. Which is consistent with the Nottingham City's vision to be a city where every child grows up to achieve their full potential

Chair Person - Christine Ricketts

Treasurer - Ruth Lankester

Secretary - Jennifer Stretton

Youth Representative – Lewis Hunter

3. Staffing

The Club employs a Centre Manager, Part time Youth Forum manager, Full time Building supervisor, 3 sessional youth workers and a part time cleaner.

4. NCC Funding

Funding of £10,000 p.a is received from the Lead Organisation for Area 4 – Castle Cavendish to deliver a programme of diversionary activities for young people aged 10-17yrs whose post codes fall within the Area. This has been reduced from £15,910 since it was devolved to the lead organisation

Section 2 Overview of Participants, Users and Events

2.1 Regular participant's profile

A regular participant is a young person aged 6-30years who attends regularly, has provided their personal information and is known by staff.

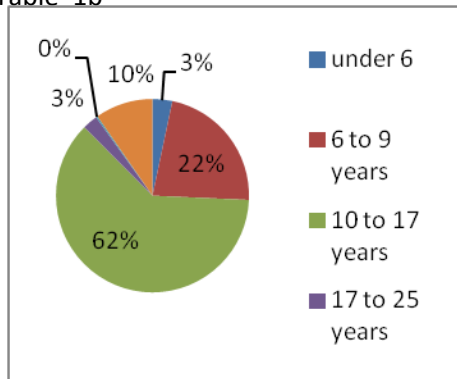

From April 1st 2013 to March 31st 2014 we signed up **393** regular participants who regularly use the club. Of these 62% were aged 10-17years and 22% 6-9 years. See table 1 and 1b below.

The figure for 17-25 year olds does not properly reflect those using the club as a number of older users do not give their personal information

Table 1 and 1b Show the total participants aged 6-30years in 2013/14

2.10 Events for young people - Breakdown of events by age

Of the total events booked **97** events were for young people aged 18 years and under eg children's birthday party, music events etc.

2.11 In Summary

1. Hyson Green Youth Club has had a successful year working with young people. However, it has seen cuts in youth funding and the reduction from 3 nights to 2nights a week by the NCC run open access youth club sessions.
2. The unexpected withdrawal of SSBC from renting a room as a hub location for the Arboretum area does not seem to support a focus on children and families in Area 4
3. HGYC directly addresses child poverty by providing free or local cost youth activities and a place to meet
4. HGYC directly supports safeguarding by having in place qualified and trusted workers

5. HGYC directly promotes the health and well being of young people and families by providing an accessible venue for sports, keep fit, coached sessions and opportunities for young people to discuss issues around risky behaviour
6. A diverse range of young people use the club from across the city.
7. There is a growing use of the club by new Eastern European migrants. They have specific needs.
8. The number of white British users is under represented as many girls float in and out and do not provide their full information.
9. Black Caribbean young people continue to use the club and integrate with other users
10. The Club serves as a community hub and events location for local groups and residents.

2.12 Conclusion

1. Hyson Green Youth club services as a Hub for children, young people and families from across the Central locality and consideration could be given to providing more strategic and infrastructure support to the organization.
2. HGYC recommends and is seeking support from Area councilors for a formula to be devised which allows for financial and infrastructure support for HGYC in proportion to where its users are drawn from?
3. HGYC has substantial plans for development of the disused sports barn which would provide a further **1000 sq m of space** for youth and community regeneration provision
4. HGYC is seeking support for the development of a Wood work carpentry social enterprise to support young people and those long term unemployed back into work
5. HGYC is seeking support for the continuation of the NG7 Voices Youth forum from March 2016 in order to consolidate the building of an area and locality youth panel
6. HGYC is seeking support to repair the squash courts and reopen the boxing gym and a dance studio for local people
7. HGYC is seeking support to replace the fibre glass roof on the squash courts
8. HGYC is seeking support to replace the existing boiler to reduce our energy costs
9. HGYC is seeking support to sound insulate the main hall to reduce noise and noise complaints
