Questions from Citizens

PQ1

Question to be asked on behalf GT of the Portfolio Holder for Leisure, Culture and Schools at the meeting of the City Council to be held on 19 July 2021

The consultation period relating to the future of the John Carroll Leisure Centre took place at a time when John Carroll was (along with all of the other City Council leisure facilities) actually closed due to the pandemic. There is now a real danger that Active Nottingham Members in the area and other users will return to use the Centre after lockdown has ended only to find a closure notice hanging over the facility without them being aware of this situation. Given the importance of these facilities in relation to combatting loneliness and developing community cohesion, as well as the physical and mental health benefits, can the Portfolio Holder agree a 'stay of execution' in relation to John Carroll in order to undertake a thorough consultation with local residents and to ascertain the true value of this much-loved but under-invested facility. Also, could the Portfolio Holder publish the results of the first albeit limited consultation in relation to John Carroll?

Questions from Councillors

CQ1

Question to be asked by Councillor Andrew Rule of the Leader of the Council at the meeting of the City Council to be held on 19 July 2021

Shortly after becoming Leader of the Council, the Leader placed great emphasis on bringing the Council's unsustainable debt levels under control. This has become an even more urgent priority following the Non Statutory Review. Can the Leader of the Council update the Chamber on the progress of the Council's property realisation strategy, the proceeds from which form a key part in the debt reduction strategy?

CQ2

Question to be asked by Councillor Andrew Rule of the Portfolio Holder for Leisure, Culture and Schools at the meeting of the City Council to be held on 19 July 2021

Could the Portfolio Holder confirm whether the concession agreements in place for the Beach, Christmas 'Wonderland' and ad hoc events throughout the year place an obligation on the event operator to reinstate any damage done to the hard standing areas of Old Market Square?

CQ3

Question to be asked by Councillor Andrew Rule of the Leader of the Council at the meeting of the City Council to be held on 19 July 2021

The 'Big Conversation' on the future of Broadmarsh is in danger of becoming the 'Big Silence'. Could the Leader of the Council give an update on the vision for the site and how it is envisaged the vision will become a reality?

CQ4

Question to be asked by Councillor Andrew Rule of the Portfolio Holder for Highways, Transport and Cleansing Services at the meeting of the City Council to be held on 19 July 2021

Could the Portfolio Holder confirm when self-managed allotment associations will be provided with the revised allotment leases?

CQ5

Question to be asked by Councillor Kevin Clarke of the Portfolio Holder for Strategic Regeneration and Communications at the meeting of the City Council to be held on 19 July 2021

The news that the opening of Nottingham Central Library will be further delayed until at least 2023 is naturally a disappointment for us and the people of Nottingham. Could the Portfolio Holder explicitly explain why this delay has occurred and why the reason has not previously been made public?

CQ6

Question to be asked by Councillor Kirsty Jones of the Portfolio Holder for Highways, Transport and Cleansing Services at the meeting of the City Council to be held on 19 July 2021

Since we were elected as councillors for Clifton East we have been inundated with concerns from residents of Green Lane concerning the number of heavy vehicles using it as a 'rat run'. Since 2019, resurfacing works to repair the roads have cost the taxpayer hundreds of thousands of pounds and this does nothing to fix the environmental or noise issues to the local residents. While we recognise a traffic survey was undertaken in 2018, residents believe the volume of heavy vehicles has increased alarmingly and we have submitted a request for a new survey to be undertaken, with the hope of possibly implementing weight restrictions as a result. Will the Portfolio Holder commit to supporting us in getting a new traffic survey for Green Lane?

CQ7

Question to be asked by Councillor Kevin Clarke of the Portfolio Holder for Highways, Transport and Cleansing Services at the meeting of the City Council to be held on 19 July 2021

With the Wind Mobility e-scooter trial entering its ninth month, could we ask the Portfolio Holder to outline what effect the measures taken to deal with irresponsible riders are currently having, especially in dealing with issues like badly parked scooters or dangerous riding?

CQ8

Question to be asked by Councillor Nick Raine of the Portfolio Holder for Finance and Resources at the meeting of the City Council to be held on 19 July 2021

What does the Portfolio Holder for Finance and Resources think the consequences will be if the Government takes £20 a week off many Nottingham families by scrapping the Universal Credit uplift?

CQ9

Question to be asked by Councillor Jay Hayes of the Portfolio Holder for Adults and Health at the meeting of the City Council to be held on 19 July 2021

Will the Portfolio Holder for Adults and Health be continuing to wear a face mask on public transport and in closed spaces?

Question to be asked by Councillor Angharad Roberts of the Portfolio Holder for Housing, Planning and Heritage at the meeting of the City Council to be held on 19 July 2021

Considering proposed Government planning reforms and the recent cross-party Parliamentary motion emphasising the importance of retaining the right of citizens to object to individual planning applications, what can the Council do to make known our support for this crucial element of the local democratic scrutiny of planning and development applications in Nottingham?
