46 PROPOSAL FOR A SCHEME OF SELECTIVE LICENSING FOR PRIVATELY RENTED HOUSES

Lisa Ball, Strategic Planning and Performance Consultant, delivered a presentation to accompany the joint report of the Corporate Directors of Development and Growth, and Commercial and Operations, on a proposal to introduce a scheme of selective licensing for privately rented houses within the City to meet the commitment for quality housing for all.

The aim of the scheme is to ensure that privately rented accommodation meets a minimum standard and to reduce anti-social behaviour. The City Council's Executive Board have approved that public consultation is undertaken between January 16 and 31 March 2017, the outcome of which will determine if the scheme will be submitted to the Secretary of State for final approval.

The full consultation document can be found here:

<http://www.nottinghamcity.gov.uk/consultation-engagement-and-surveys/#housing>

The following points were highlighted and questions responded to:

- a) there will be a charge of £600 every five years to private rented landlords, reduced to £460 for accredited landlords. This will contribute to the cost of operating the scheme and will be used to support the aims of the scheme;
- b) if implemented, the scheme will operate alongside existing housing schemes such as that for Houses in Multiple Occupation (HMOs);
- c) although some wards within the City have relatively few private rented properties, such as Bulwell Forest, the whole City will be included within the scheme to ensure coherence;
- d) the proposed licensing scheme is part of an overall housing strategy which also includes a homelessness strategy. Homelessness organisations including the City Council Homelessness Team and Framework have been invited to take part in the consultation;
- e) in addition to ensuring that landlords are fully informed and aware of any new and emerging legislation, if landlords are having problems with tenants, the scheme will provide advice, support and training, support and advice will also be available for tenants having problems with their landlords;
- f) if agreed, the scheme will become compulsory and all private rented landlords who are not included in any other schemes, such as HMO's, will need to apply for a licence or be fined;
- g) if the standards of the scheme are not complied to, enforcement action will be taken;
- h) if agreed, the scheme could be in place by Spring 2018;
- i) details of how the accreditation panels will assess landlords are within the consultation document;
- j) random checks will be undertaken by Environmental Health colleagues on a variety of properties to ensure eligible landlords are registered;
- k) there are several similar schemes already operating throughout the country, but if agreed, few will be as large as the Nottingham model.

RESOLVED to note the proposed scheme and consultation process detailed within the report, and to encourage partners to actively contribute to the consultation process.

47 NOTTINGHAM CITY HOMES (NCH): PERFORMANCE AND ENVIRONMENTAL SCHEMES

(a) Performance

Wade Adams, Area Housing Manager, Nottingham City Homes, updated the Committee on performance against key issues and themes linked to local priorities and strategic themes for NCH, including the capital programme / major works, area regeneration / environmental issues, key messages from the Tenant and Leaseholder Congress, Tenant and Resident Association updates, area performance and positive publicity.

RESOLVED to note the update.

(b) Environmental Schemes

RESOLVED to note that there are no schemes for approval at this meeting and, as such, the remaining available balances are £95,055.70 (Basford) and £56,241.33 (Bestwood).

48 BASFORD AND BESTWOOD WARDS REPORT

Dale Griffin and Gursharan Nijran, Neighbourhood Development Officers, presented the report, which detailed current priorities and issues, and provided details of forthcoming events and activities, in the Basford and Bestwood wards.

During discussion, it was stated that the Committee thanks Community Protection Officers in both wards in regard to dog fouling, both in engaging with the public to prevent it, and in handing out fines to those guilty of allowing their animals to do it.

RESOLVED to note the report.

AREA BASED GRANT

QUARTERLY MONITORING REPORT

LEAD ORGANISATION: THE BESTWOOD PARTNERSHIP

QUARTERLY REPORT TO AREA COMMITTEE

Gary Cawthorne, Development Manager, March 2017.

SECTION 1 – GRANT MANAGEMENT

1.1 Partnership meetings (please add rows as required)

Date of meeting	Purpose of meeting	No. of organisations attending
Oct-Dec 2016	Wide range of meetings with partners to monitor performance, funding and monitoring requirements in qu 3	7 partners involved
Jan-Mar 2017	Further partnership meetings are planned for future quarters. (See also 5.5 below)	All partners

1.2 Area Committee / cluster meetings

Date of meeting	Overview of ABG within meeting / outcome
14 th December 2016	MEETING of AREA TWO COMMITTEE AGB Area 2 profiles and qu 2 performance explained with written summary of activity and how priorities are being addressed and by which partner agencies. The opportunity was given for feedback from elected members and others present so that future activity may be adjusted to reflect the observations of Area Committee. This open approach was once again welcomed, with agreement by ward members to assist in any way they can, together or separately by ward or interest in particular priority. Reports to all Area Committee meetings were offered and welcomed.

1.3 General overview

As will be seen in the report, almost without exception all outputs and outcomes have been achieved or exceeded in qu 2. In the few instances where anticipated activity has not taken place, this is noted under Emerging Issues for each priority or in qu. 4 activity. It is at this stage confidently expected that all outputs and outcomes for the year will be met or exceeded.

It remains, of course, the policy of The Bestwood Partnership, in line with the requirements of the SLA, to check that the principle of counting individuals once in each year, and not multiple attendances, is operative. Partners now understand this well, and co-operation in this is good. Templates for monitoring by partners have been amended again to pick up more clearly on one-off events and distinguish repeat events (such as clubs, groups meeting weekly or at a fixed frequency). Final annual adjustments adjustments will be made in the qu. 4 monitoring in order to catch an accurate picture of the full year, as explained in qu. 2 monitoring.

Priority 4 (Community Associations) and 5 (Voluntary and Community Sector Support in many instances continue to overlap, so outputs and outcomes in one are often addressed by organisations operating under the other. This is inevitable, and good, showing the close working between partners in these two strands of the funding. But, once again, the same outputs and outcomes are not duplicated across priorities, counted only once across the total.

There has been some partner change, in that the Partnership Council has ceased to exist and Heathfield Community Association is non-functioning, other partners taking on the responsibilities originally allocated: this has had a negative impact on overall performance.

SECTION 2 – EMPLOYMENT AND TRAINING

The following information was supplied to intending applicants:

"This application form is for groups active or intending to become active in the Basford and Bestwood wards of Nottingham City to join the Partnership of organisations who deliver services under the Area-based Grant scheme of Nottingham City Council, of which The Bestwood Partnership is the local lead organisation. There are no fees or costs involved for membership as a Partner organisation.

Funding is available to Partner organisations whose activities address the priorities of the grant scheme, providing services to local people in Employment and Skills, Young People, Community Associations and Support for the Voluntary and Community Sector. A summary of some of the outputs and outcomes which need to be addressed is shown under question 14 below."

- A - to provide a training or educational opportunity for residents
- B - to deliver an activity or events for young people
- C - to start a new group which will benefit local residents
- D - to help develop or increase membership of an existing group
- E - to deliver activities or events to benefit local residents or families
- F - to provide opportunities to help local people seeking work
- G - to provide opportunities to help support volunteering"

"Approximately how many local residents in will benefit from the activity or event? "
You should count individuals only once each, and any you count here must be residents in the Basford or Bestwood Wards of Nottingham City. People from other areas may participate in your activities or events but they should not be counted here."
