### **13 MOTION**

Motion in the name of the Portfolio Holder for Community Services, Councillor Nicola Heaton:

“This City Council is proud of the work it did to introduce a City Police Division in August 2003. Following the introduction of the City Police Division, crime in the City has fallen by half, anti-social behaviour has reduced and Nottingham people feel safer.

This City Council believes that the removal of the City Police Division, announced by the Chief Constable, following inadequate consultation with both partners and the public, will damage policing in Nottingham.

The City Council therefore calls for:

- the City Division to be reinstated based on the current city boundaries
- the appointment of a Divisional Commander
- the appointment of a Chief Constable committed to delivering these changes”

### **14 MOTION**

Motion in the name of Councillor Glyn Jenkins:

“This City Council believes that we all owe a debt to those who serve or have served in the Armed Forces.

It is concerned that local authorities, national government, charities and other service providers are not yet fully able to meet the needs of our Armed Forces community as accurate information about this group just isn't currently available. We don't actually know exactly how many veterans, reservists and dependents there are in the United Kingdom - let alone our local community - or what their needs might be.

The only way that comprehensive information of this kind could be achieved would be through the inclusion of questions about the Armed Forces community in the next national census. This Council therefore supports the Royal British Legion's call for the UK, Scottish and Northern Ireland governments to commit to this modest addition to the census.

The Office for National Statistics, National Records Scotland and the Northern Ireland Statistics and Research Agency have already begun consulting on the content of the next census. This council supports the inclusion of questions on the Armed Forces community as the next census is trialled and developed in the coming months and years.”
