9. Decision

The Councillors considered the application and found:

1. An incident had occurred outside the premises on Saturday 10th March 2018 in the early hours of the morning when it appeared that a customer of the premises was shot. The police were only made aware of the incident when alerted by the Accident and Emergency at Queens Medical Centre that a male had attended, having been shot to the leg.
2. It appeared that the premises were hosting a private birthday party on Friday 9th March 2018 and into the early hours of Saturday 10th March 2018. The risk assessment produced to the police for this event was dated 10th March 2018, and therefore the police expected it to take place on the evening of Saturday 10th March 2018.
3. The police viewed CCTV at the premises for the early hours of 10th March 2018, and it appeared that the premises was operating beyond the hours specified on the premises licence.
4. The police subsequently met with the DPS and the premises licence holder, who were unable to provide documentation detailed within the risk assessment, or answer questions on its contents. It appeared that neither knew what the event was or who was responsible for it, and they had relied upon the manager of the premises, who, in addition to the DPS, had left the premises prior to the event finishing despite advice received from the police the previous weekend. In addition, it appeared that the risk assessment provided was not bespoke to the premises and it failed to comply with elements that did relate to it.
5. A further incident occurred outside the premises on Saturday 3rd March 2018. The police viewed the CCTV for that date and it appeared that this showed numerous persons leaving the premises at 03.15 am, and the premises therefore appeared to be operating beyond the hours specified in their premises licence.
6. On the evening of Saturday 3rd March 2018 the premises were to hold an event that gave rise to police concern due to information received of the likelihood of serious disorder linked to the event. This appeared to demonstrate the type of clientele that the premises was attracting, many of whom were not allowed entry to other late night premises in the City. The police advised that the premises should not open for the event due to information that serious disorder would take place, and the premises manager agreed to voluntarily close the premises until 07.00 am the following day.
7. The premises appeared to have a long but recent history of police involvement including the following incidents:-
 - a. Wednesday 7th February 2018 - police met the DPS and manager of the premises to discuss concerns relating to the premises and it was agreed that on entry there would be a full search policy and customers would be required to remove hats and hoodies on entry and look at the CCTV camera.
 - b. Saturday 30th December 2017 (early hours) – it appeared that immediately on leaving the premises a customer was attacked by two males who had also been inside the premises and received injuries including two serious stab wounds. It was alleged that the customer was told by premises staff to inform the police that the incident had occurred outside a different premises. The police viewed the CCTV for the 30th December 2017 which it appeared showed:
 - i) an incident had occurred outside the premises,
 - ii) a male then entered the premises and a pool of blood could be seen on the floor,
 - iii) that the blood inside was cleaned, and

- iv) subsequently outside the venue the manager cleaned the area where the assault took place.

The police were notified about this incident by East Midlands Ambulance Service.

- c. Sunday 15th October 2017 at 02.00am – a fight occurred within the premises. The police visited later the same day and they viewed CCTV from the premises which it appeared showed customers had been allowed to remain in the premises until 04.00am, one and a half hours beyond their permitted opening hours.
 - d. Sunday 13th August 2017 at 03.40am – a serious incident of disorder occurred outside the premises. It appeared that a male with a knife was attacking another near to the premises. Police attended and a male who it appeared was having a party at the premises was acting in an irate manner banging on the doors of the premises, and was detained by officers for a breach of the peace.
 - e. 21st August 2016 and 24th September 2016 - police witnessed unlicensable activities at the premises, resulting in prosecution of the then DPS and the premises licence holder, who both pleaded guilty.
8. It appears that there are insufficient safeguards to ensure that there will not be further serious incidents at the premises, despite the advice and other interventions from the police. The management of the premises appears to be wholly inadequate and has seriously undermined the prevention of crime and disorder and public safety licensing objectives.
 9. There are ongoing police investigations in relation to the incidents, and there is a risk that persons involved in the incidents may return and further violence could occur.
 10. The prevention of Crime and Disorder objective was being seriously undermined.

Determination

Bearing in mind the matters outlined in the Police application, the Councillors' findings and the terms of the current licence the Councillors determined:-

1. It would not be appropriate to modify the conditions of the licence. The licence currently contained a large raft of conditions and Councillors were satisfied that breaches of some of those conditions had occurred, and that the premises had not complied with risk assessments that they had voluntarily produced. There appeared to have been a long and recent history of police involvement with this premises. The DPS and premises licence holder appeared to have been given plenty of guidance and advice in the past and did not appear to have sufficiently taken note of this or adhered to the existing terms of their licence. The Councillors were not therefore satisfied that the addition or modifications of conditions would address their concerns regarding the management and operation of the premises or prevent further serious crime or disorder occurring.
2. The exclusion of the sale of alcohol would not address the Councillors' concerns regarding the management of the premises.
3. The removal of the DPS would merely mean that alcohol could not be sold until a new DPS was in place. This would not address management concerns as the Licence Holder would still remain in control and the premise could remain open for

other licensable activities. This could result in the same clientele resorting to the premises where further violence of the level already experienced may occur.

4. Whilst economic considerations had been taken into account it appeared both necessary and proportionate to suspend the licence pending review in order to promote the licensing objectives and prevent serious crime and disorder at the premises especially given the recent history of incidents and the lack of appropriate management.

The action outlined above shall take immediate effect
