The item was withdrawn at the request of the Portfolio Holder for Community and Customer Services.

91 **NOTTINGHAMSHIRE POLICE UPDATE**

Neither Sergeant Ian Johnson nor Inspector Gordon Fenwick attended the meeting.

The Committee received an update on anti-social behaviour and community engagement from Maria Summers, Senior Community Protection Officer, highlighting the following:

(a) several criminal damage hotspots were identified, including Wigman Road, Bilborough Road, Sherborne Road and Broxtowe Lane. CCTV vehicles were being deployed at hotspots to record and deter criminal activity, and an address has been identified from where a significant level of anti-social behaviour is originating;

(b) 53 Fixed Penalty Notices (FPNs) have been issued for littering, and 1 FPN for dog-fouling;

(c) 5 Community Protection Officers are currently assigned to Aspley ward, 4 to Bilborough ward, where there is currently 1 vacancy, and 1 to Leen Valley ward;

(d) a range of community engagement activities were planned, including a ‘Light Night’ treasure hunt.

Ms Summers indicated that CPOs were happy to come along to youth engagement events to build up relations with young people in the area.

The Committee thanked Ms Summers and agreed to receive updates from Community Protection colleagues on anti-social behaviour as a standing item at future meetings.

92 **ITEMS AND GOOD NEWS STORIES FROM COMMUNITY REPRESENTATIVES**

The Committee received no items or good news stories from community representatives.

93 **PARKS AND OPEN SPACES AREA INVESTMENT PLANS**

James Tilford, Park Development Officer, introduced a report of the Corporate Director, Commercial and Operations, highlighting the proposed plan for West Area sites requiring investment to bring them up to Green Flag standard in the future.

Mr Tilford explained that the sites, detailed in the report, had been identified following consultation with local councillors in November and December 2017 to ensure they reflected local needs.
In response to specific questions from councillors, he confirmed that the Funding Panel was to consider the proposals for Bilborough Park Play Area and Trafford Gardens on 21 February 2018. If approved, it was hoped that the improvements would be delivered by the 2018 summer holiday.

RESOLVED to

(1) endorse the investment plan and the use of Section 106, area capital and external funding to deliver the proposed improvements, detailed in the report;

(2) endorse the use of £15,248.29 of Section 106 funding from the development at Ascot Road, Nottingham (reference 15/01928/PFUL3) for improvements at the Mill and Windmill Allotments.

**NOTTINGHAM OPEN SPACES FORUM (NOSF)**

Martin Willis and Rob Kirkwood of the Nottingham Open Spaces Forum presented a report of the Corporate Director, Commercial and Operations, introducing the work of the Forum and seeking the Committee’s endorsement for its work.

Mr Willis and Mr Kirkwood explained that the Forum was established in 2016 to support the City Council in maintaining and improving Nottingham’s open spaces. The Forum had recently secured registered charity status, and provided a structure for ‘Friends’ groups across Nottingham to work together to champion local causes, to raise money to supplement Council expenditure and to raise public awareness of the importance and public benefit of open spaces.

Mr Willis and Mr Kirkwood explained that the Forum has limited influence on the use of land, such as the allotments at New Aspley Gardens, which were not designated as open spaces. However, they expressed the view it was possible that the Forum could work with St Martin’s Church to help with improvements at the neighbouring Chieftain’s Field.

RESOLVED to note the report and to endorse the work of the Nottingham Open Spaces Forum.

**NOTTINGHAM CITY HOMES**

Nicky Jarvis, Area Housing Manager, introduced a report of the Chief Executive, Nottingham City Homes (NCH), requesting approval for area capital funding and providing updates on the following key themes:

- Capital programme and major works;
- Area regeneration and environmental issues;
- Tenants and Residents Associations;
- Area performance, and
- Good news stories and positive publicity.
Ms Jarvis advised that NCH has been shortlisted for several national awards, including Development of the Year and Landlord of the Year. It was planned to have a refresh of the NCH reports coming to Area Committees.

In response to a Councillor's question, Ms Jarvis undertook to establish whether NCH could provide a breakdown of 'repairs' data to assist in determining the key causes of councillor casework relating to NCH repairs.

RESOLVED to

(1) note the update and performance information at Appendices 1 and 2 of the report;

(2) note the allocations of funds for 2017/18, detailed at Appendix 3 to the report;

(3) approve the following Area Capital funding request:

96 AREA CLUSTER MEETINGS - HOUSING

Cath Stocks, City Housing Manager, introduced a report sharing an overview of the Area Cluster meetings which took place across Nottingham in September, October and November 2017.

Overall, satisfaction levels with NCH were at record levels, and the organisation’s performance on tenancy sustainment, equality and new homes construction was recognised nationally.

Key ongoing challenges included:
- The impact of welfare reform on residents;
- The impact of the 1% rent reduction;
- Reduced support services;
- Loss of homes through right to buy leading to reduced income, and
- Increasing demand on services.

Area-specific concerns raised in addition to the above included the repairs offer, tree management issues and alleyway management issues.

Several points were made in the discussion which followed:

(a) a councillor highlighted a resident’s concerns about being incorrectly found to be liable for the ‘Bedroom Tax’ who had been under threat of eviction. Ms
West Area Committee - 14.02.18

Stocks advised that a new Tenancy Sustainment Manager was in place and would take this issue forward outside the meeting;

(b) a councillor reported a poor customer service he experienced in respect of the repair of a window broken by the maintenance service. In response, Ms Stocks explained that upskilling and multiskilling the repairs team was a priority for NCH so that a range of repairs could be carried out by each member of the team;

(c) It was explained that parking remained a priority for NCH tenants and NCH looked to provide parking solutions where there was a majority of NCH properties. A councillor highlighted the issue of parking issues arising from displaced workplace parking capacity;

(d) NCH are actively reviewing their policy on the management of trees on NCH properties to minimise tree management issues.

RESOLVED to note the report and to thank Ms Stocks for her attendance.

97  WARD REPORT

The Committee noted the progress on ward priorities. In response to a councillor’s comment, the Committee was advised that the Nottingham Alert system has been overtaken by the use of Facebook and Twitter by Nottinghamshire Police and the Community Protection function.

(1) note the Area Capital Funds available to Aspley, Bilborough and Leen Valley wards at Appendix 1 to the report;

handled in Q4 2017/18 is 85%.

2017/18 year end 87% of customers surveyed are either very or fairly satisfied with how their case of anti-social behaviour was handled. This has exceeded the year-end target and Corporate Plan target of 85%.

We are continuing to contact customers by telephone and this has continued to give better quality information about the service provided. 69 Surveys were completed during Q4, this is an improvement on the number of surveys completed when compared with Q3. During 2017/18 204 surveys were completed in total, this is a slight increase when compared with 193 surveys completed in 2016/17.

Satisfaction with the outcome of the case and being kept up-to-date is below target for Q4; however, it is pleasing to see that on the whole for 2017/18 satisfaction with being kept up to date has exceeded 85%. We will continue to have a strong focus on managing expectations in relation to case outcomes and focus on providing timely good quality information and updates throughout the case. Area Housing Managers will continue to drive high-quality case management through monthly case supervision.

It is pleasing to see that during 2017/18 90% of customers surveyed are either very or fairly willing to report anti-social behaviour to Nottingham City Homes in the future; this indicates that there is a level of confidence in reporting ASB to Nottingham City Homes. Customer’s surveyed rating the quality of advice and information provided as either very or fairly satisfied is 88%.

Throughout 2017/18 the noise smartphone app continued to receive a positive reception from customers. It is improving the quality of noise nuisance reporting and enables Housing Patch Managers to quickly assess complaints of noise nuisance and intervene swiftly.

Mediation continues to be used to address a range of ASB issues. Referrals have covered cases including household noise, loud music, pet nuisance, parking issues and boundary disputes.

Highlights of positive feedback received in Q4:

*Great, [HPM] responded very quickly and kept up to date
“Absolutely brilliant from start to finish. Very impressed with NCH keeping me in the loop and very happy with HPM.”

“HPM dealt with it really quickly. Actually I was surprised, I thought it would go on for ages. I was really pleased”.

“HPM was brilliant, no asb since HPM resolved it. HPM was constantly following up to make sure I was ok, and was bang on”.

Summary of issues (including benefits to citizens/service users):

This report focuses on current priorities and issues facing the two wards within Area 3 and gives details of forthcoming events and activities. It also highlights the latest issues now being addressed through regular Neighbourhood Action Team (NAT) meetings.

Recommendation(s):
1. To note the progress on Ward priorities and other supporting information including the issues being addressed by each Neighbourhood Action Team, and upcoming opportunities for citizens to engage (Appendix 1 & 2)

1 REASONS FOR RECOMMENDATIONS

1.1 Each Ward has agreed priorities which link to the City Council’s current ambitions contained in the latest City Council Plan 2015 - 19. Actions for each priority are developed and led by appropriate service teams and partnerships. These priorities are updated for each Area Committee, taking into account discussions at NAT meetings and various groups and activities involving Councillors, residents, and local groups.

1.2 The events and activities detailed in the report take account of the work undertaken by Neighbourhood Development Officers (NDOs), with partner organisations, within
the wards. It shows a range of activity in place across neighbourhoods to improve social cohesion and tackle priorities at a ward and area level.

2 BACKGROUND (INCLUDING OUTCOMES OF CONSULTATION)

These meetings are led by Neighbourhood Development Officers (NDOs) and supported by core partners including: Nottingham City Homes (NCH), Neighbourhood Policing, Community Protection, Early Help, City Services/Waste Management, Fire and Rescue Services, Employment and Skills, and Health.

2.2 Ward Councillors are also invited to participate in these meetings.

2.3 Ward priorities are identified through a range of sources including: Citizens, Councillors, Partners, and Officers and current issues will be updated for each area committee.

2.4 Area Committee Chairs will be invited to review the latest Ward Reports to ensure that the format is accessible for Councillors and community representatives and that there is sufficient consistency across all areas.

2.5 The current individual Ward priorities, Key Issues, and Opportunities for Engagement for Aspley, Bilborough and Lean Valley are shown in Appendices 1 and 2 respectively and will be updated for each Area Committee.

### Summary of issues (including benefits to citizens/service users):
This report provides details of the latest spending proposals under the Area Capital Fund including highways and footpaths.

### Recommendation(s):

1. That the Area Capital funds available to Aspley, Bilborough and Leen Valley Wards as outlined in Appendix 1 be noted.

2. That the new schemes identified within the report to be approved.

### 1 REASONS FOR RECOMMENDATIONS

1.1 The Nottingham Local Transport Plan (LTP) Strategy 2011-2026 maintains a commitment to deliver local transport improvements across Nottingham's Neighbourhoods and prioritises small scale transport improvements of importance to local communities.

1.2 As part of the budget process for 2016/17 Nottingham City Council approved a Citywide Local Transport Plan capital allocation of £1.25 million.

1.3 To give opportunity for the Area Committee to make comment on suggested schemes and their progress.
2 BACKGROUND (INCLUDING OUTCOMES OF CONSULTATION)

2.1 The Area Capital Fund (ACF) Programme was established to improve the environment of the neighbourhoods and to create a sense of place for residents in order to improve the quality of life of local people. Since it was established in 2006 to meet the then corporate priority of ‘Transforming Neighbourhoods’, the Area Capital Fund has included a total programme expenditure portfolio of £40 million. The improvements that have been carried out to date using this programme have included: footpaths, fences, visual enhancements to public realm, refurbishment of parks and improvements to public buildings.

2.2 Resources are allocated from the Nottingham City Council General Fund, the Local Transport Plan and the Housing Revenue Account. To achieve a joint approach to environmental improvements in neighbourhoods, a greater degree of flexibility has been established to prioritise and deliver improvements so that there is a synergy in local solutions for local issues across neighbourhoods.

2.3 The programme of works is a rolling programme. There have been instances where schemes are started with strong community involvement and interest and altered at a later stage due to changing circumstances such as economic conditions and changes in land values.

2.4 The Area Committee and particularly community representatives are invited to comment specifically on those schemes identified in the proposals column and also to consider whether certain schemes can be linked to other programmes of work in order to generate best value and create a greater impact on the local area.

3 OTHER OPTIONS CONSIDERED IN MAKING RECOMMENDATIONS

3.1 None

4 FINANCE COLLEAGUE COMMENTS (INCLUDING IMPLICATIONS AND VALUE FOR MONEY/VAT)

4.1 Bringing together the various strands which form part of the Area Capital Programme enables the City Council to respond efficiently in delivering on public realm improvements as identified by local people.

5 LEGAL AND PROCUREMENT COLLEAGUE COMMENTS (INCLUDING RISK MANAGEMENT ISSUES, AND LEGAL, CRIME AND DISORDER ACT AND PROCUREMENT IMPLICATIONS)

5.1 A risk register has been produced which is regularly monitored.

6 EQUALITY IMPACT ASSESSMENT

6.1 Has the equality impact of the proposals in this report been assessed?

No [x]

An EIA is not required because:
An EIA is not required as this is not a new or changing policy, service or function.
Yes
Attached as Appendix x, and due regard will be given to any implications identified in it.
