8 AREA POLICING UPDATE

Inspector James Walker, Nottinghamshire Police, provided an update on year to date crime statistics detailed in the table below:

	St Anns	Mapperley and Wells	Sneinton and Dales	Force	City
All Crime	+14.1	+3.0	-2.3	+0.3	-0.4
Violence with injury	-20.9	-11.0	-22.9	-9.3	-10.8
Robbery	0	+400	0	+11.4	-4.5
Burglary	+9.1	0	-3.0	-24.2	-19.8
Theft	+26.7	+4.8	-7.0	-7.7	-10.1
Vehicle Offences	-7.7	+17.2	-9.0	-14.0	-31.4
Drugs	+50	+50	+14.0	+62.6	+77.1
Hate	-28.6	-14.3	-6.7	-4.2	-8.5
ASB	-5.1	-26.1	-24.2	-1.2	+3.6

During discussion, the following points were made:

- (a) the volume of crime and the percentage increase may not necessary mean there is an issue in that area. For example Mapperley and Wells has an increase of 400% in robbery, that equates to 4 robberies, but in the previous period there were none whereas Sneinton and Dales shows 0 percent change in robberies as there were 6 robberies in this period compared to 6 robberies the previous year.
- (b) Drug offences by their nature can only be recorded when drugs are recovered so an increase in drug offences means more are being seized, following the execution of warrants etc and does not necessarily mean that drugs are becoming more prevalent;
- (c) These statistics are reviewed by Nottinghamshire police every two weeks and any patterns are picked up at that point. Measures can then be put in place, where possible, to address these patterns.
- (d) There was a violent affray on 22 April 2019 5 people were arrested and charged. There have been no further incidents of affray at the same take away shop since.
- (e) Following a burglary at a mobile phone repair shop an offender was identified, charged and sentenced to 2.5years in custody;

- (f) Some additional funding has been granted to the area for further work on knife crime. There are now additional patrols in hotspots and work in schools continues. Police officers are also engaging with young people and breaking down the barriers that have traditionally existed;
- (g) Concerns were raised about the recurring issues with the 101 number and the closure of front counters at police stations. The issues with 101 are recognised and the force is working on improvements. Front counter closures were as a result of budget pressures and the closures ensured that police officers remained on the streets;
- (h) Councillors reiterated that citizens were always welcome to contact them to feedback information to the police;

There was some discussion around how best to report crime statistics to the Area Committee going forward so that it was meaningful to citizens.

RESOLVED to:

- (1) discuss with Inspector James Walker, and establish the best way to report crime statistics to the Area Committee going forward; and**
- (2) note the content of the verbal update.**

Luke Walters, Area Housing Manager for Nottingham City Homes updated the Committee on the key issues and themes around regeneration, Capital Programme and area performance. The following points were highlighted:

- (b) Passenger lifts 1 and 4 in the Victoria Centre flats are now operational and work has commenced on lift 2 and 5, completion dates are yet to be confirmed by engineers;
- (c) Discussions continue with Intu regarding access to the bin chutes to enable repairs to be made;
- (d) As part of a programme of work the following garage blocks will be demolished:
 - Greenwood Road – hardstanding to be created for allotment parking
 - Camden Close – possible development site
