13 Motion

Motion in the name of Councillor Steve Battlemuch:

With the Covid crisis heading towards a second wave, Nottingham City Council is concerned that unemployment will rise to unacceptable levels and will write off the young generation who predominately work in the hospitality sector which has been hit hardest.

This Council believes that further government intervention needs to be put in place quickly to avoid a lost generation.

The Job Retention Scheme was an historic investment of taxpayers' money to avert widespread job losses. This massive, unprecedented investment will go to waste unless the Government acts now to hold the country from the unemployment cliff edge looming on the near horizon.

Council resolves to:

- try to maintain our pledge to guarantee a job, training place or further education place for every 18-24 year old in Nottingham who wants it;
- seek to protect funding for the Nottingham Jobs Fund and Nottingham Jobs Hub;
- ensure there are jobs fairs across Nottingham to connect residents with employers;
- use the Council's purchasing power to support local jobs, apprenticeships and responsible businesses;
- seek to protect the annual recruitment of 100 local apprentices to Nottingham City Council;
- write to Terese Coffey MP, Secretary of State for the Department for Work and Pensions to design a package of support for those facing redundancy;
- write to Boris Johnson MP demanding he take control and put a plan in place to avoid the cliff edge facing working people in Nottingham.

14 Motion

Motion in the name of Councillor Pavlos Kotsonis:

Councils across the country face critical financial challenges and further cuts to jobs and services. £16billion has been slashed from central government grants and councils are now facing the unprecedented costs of responding to the Covid crisis.

In Nottingham £101million every year has been cut from our main source of government funding since 2013. The Council will need to bear £78.4million of additional costs and lost income due to COVID. Despite promises from Government to fully fund all the costs of COVID and to stand 'shoulder to shoulder' with councils and 'do what it takes', Nottingham is likely to receive only £39.8million in COVID funding

leaving a gap of £38.6million.

10 years of government austerity hurts the most vulnerable members of our community and now threatens frontline services and our key workers that have helped people in Nottingham throughout the crisis.

Nottingham City Council therefore resolves to:

1. campaign alongside other councils to lobby the Government to keep its promise to Nottingham and key workers to fully fund all COVID 19 costs;
2. jointly campaign for a fair funding system for local authorities based around deprivation levels and local need;
3. jointly campaign with other councils to push the Government to cancel non-commercial Public Works Loan Board debt;
4. ask the Government to reduce the interest rate and allow a Covid payment holiday on Public Works Loan Board debt;
5. build a joint campaign with MPs, other councils, trade unions and local communities.
