**Health Scrutiny Committee
19 November 2020**

Platform One Practice

Report of the Head of Legal and Governance

1 Purpose

- 1.1 To consider changes to provision at Platform One Practice.

2 Action required

- 2.1 The Committee is asked to:

- a) consider changes to provision at the Platform One Practice;
- b) decide if it wishes to make any comments or recommendations to Nottingham and Nottinghamshire Clinical Commissioning Group regarding the changes; and
- c) if the Committee considers the changes to be a substantial variation of service, decide whether:
 - i. as a statutory body the Committee has been properly consulted within the consultation process;
 - ii. in developing the proposals, the CCG has taken into account the public interest through appropriate patient and public involvement and consultation; and
 - iii. the change is in the interests of local health services.

3 Background information

- 3.1 Nottingham and Nottinghamshire Clinical Commissioning Group (CCG) has advised that its contract with the current provider at Platform One Practice will reach its natural end on 31 March 2021 and it has been unable to secure a new provider via an open market procurement process. Therefore, the CCG has identified a solution for providing core primary medical care services to patients which involves:
- a) reducing the practice boundary to retain a focus on an inner city population. This will result in approximately 3000 patients being allocated to a practice closer to their home address; and
 - b) identifying a new provider to provide services to the remaining 7,800 patients. The new provider will be expected to continue to provide services from a City Centre location.

The CCG has stated that the new provider should be identified by 31 December 2020 and the new arrangements will be in place from 1 April 2021.

- 3.2 The CCG's Chief Commissioning Officer will be attending the meeting to provide more information about the changes.
- 3.3 Other stakeholders have also been invited to attend the meeting and/or provide information to the Committee about their perspective on the changes to inform the Committee's consideration of the issue.

4 List of attached information

- 4.1 Additional information from stakeholders - to follow

5 Background papers, other than published works or those disclosing exempt or confidential information

- 5.1 None
