11 Motion in the name of Councillor Rebecca Langton Nottingham City Council recognises: <ul style="list-style-type: none">• Childcare is a critical social infrastructure that can both tackle childhood inequality and enable mothers to work but childcare in England is in crisis and this has been compounded by Covid-19.• England is one of the most expensive places in the world for childcare; the average cost of a full-time nursery place is £263 a week, which is over half the average wage.• Childcare costs increased 7 times faster than wages in the East Midlands, the highest level of inflation outside of London• 75% of families use private nurseries and 56% of parents rely on grandparents for help.	

Although childcare affects all parents, this Council recognises that the impact of unaffordable childcare is disproportionately felt by women.

This Council notes a recent survey conducted by Nottingham Women's Centre, which found that:

- 75% of Nottingham women surveyed said the cost of childcare affects the amount they can work
- 53% of women reported that the pandemic has increased the negative impacts of unaffordable childcare
- 25% of women said they have been affected by redundancy/furlough because of childcare issues

This Council resolves to:

- Deliver an awareness raising campaign to increase access to support amongst job seekers and practitioners
- Ensure easy access to information relating to childcare and support available to parents, addressing the specific needs of the family
- Work in partnership with the Nottingham Women's Centre to run a joint campaign on child care and work, providing employers with a toolkit for best practice on issues relating to inclusive recruitment and childcare as a barrier to accessing work
- Review its own policies to ensure it is doing all it reasonably can to set a good example on supporting working parents
- Seek funding to develop and deliver a Women into Work initiative
- Reaffirm its commitment to Child Friendly status for Nottingham.

This Council calls on the Government to:

- Provide subsidised childcare from 6 months
- Introduce a cap on extra hours of childcare of £1/hour
- Introduce flexible furlough for all parents
- Increase child benefit and remove the two-child cap for Child Tax credits and Universal Credit
- Improve the Self Employment Income Support Scheme so that parents are supported when they are unable to work due to school and early years closures
- Encourage private companies to assess employee childcare needs and invest in solutions to meet those needs and those of the surrounding community
