Summary of issues (including benefits to citizens/service users):	
To consider and approve the Local Authority's proposed changes to admission arrangements for the 2021/22 school year for community schools following consultation.	
The proposed changes to the arrangements are to amend:	
<ul style="list-style-type: none"> • the number of preferences that parents can make under the primary co-ordinated scheme from 6 to 4. • the catchment areas of Fernwood Primary School and Middleton Primary School to ensure provision for future pupils residing in the proposed new 110 dwelling development on Woodyard Lane. 	
No further changes to the arrangements are proposed. The proposed admission arrangements are set out in Appendix 1. The proposed oversubscription criteria are attached as Appendix 2. Admission numbers for community schools are attached as Appendix 3. Maps showing catchment areas for city community schools are set out in Appendix 4. A copy of the timetable for the 2021/22 admission year is set out in Appendix 5 and the City Council's Fair Access Protocol is set out in Appendix 6.	
Exempt information: State 'None' or complete the following	
None	

Recommendation(s):

- 1 To approve the Local Authority's proposed admission arrangements for the 2021/22 school year for community schools, to reduce the number of preferences that parents can make under the primary co-ordinated scheme from 6 to 4 and to change the catchment areas of Fernwood Primary and Middleton Primary School.

1 Reasons For Recommendations

- 1.1 In accordance with the School Standards and Framework Act 1998, the Local Authority has consulted with head teachers, governing bodies, relevant religious bodies, parents and carers within the city and Nottinghamshire County Council on all aspects of its proposed admission arrangements for 2021/22.
- 1.2 The proposed change to the number of preferences that parents can make under the primary co-ordinated scheme from 6 to 4 is due to the significant investment Nottingham City Council has made to increase the number of primary schools places across the City. Consequently, for the 2018/19 primary admissions round 98% of parents were successful in gaining a place at one of their first 4 preferences on the National Offer day, and in the 2019/20 admission round 97% of parents were able to be offered a place at one of their first 4 preferences at the National Offer day. Only 0.21% of parents made a 5th or 6th preference in 2019/20 by the closing date. For all pupils that required a primary school place for September 2019, the council has been able to offer them one.
- 1.3 A review of the school catchment areas in the Wollaton area was last undertaken in the 2011/12. Since then, both Fernwood and Middleton primary schools have been expanded to increase their capacity by an extra 210 places at each school (Middleton expansion to be completed by September 2019). Due to demographic changes, housing developments and increased inward migration, the Council has invested in more school places to ensure sufficient capacity in the area and for the communities the schools serve. The next phase and the aim of these proposals is to re-balance the size of the catchment areas with their new school sizes, to provide rational distribution of places and to maximise the number of pupils accessing a place at their catchment school, ideally close to their home and community.
- 1.4 The proposed change to extend the catchment area of Middleton Primary is to include the proposed new housing development expected to be built on Woodyard Lane (approx. 110 dwellings). This area is currently located in the catchment of Fernwood Primary. The proposal relocates it to the adjacent Middleton catchment. As this is a site currently planned for development, there are no existing residents affected by the change.
- 1.5 It is proposed to alter the catchment areas slightly to transfer the area of Tom Blower Close from the Fernwood catchment to the adjacent Middleton catchment. This was originally moved into Fernwood's catchment back in 2012, as some pupils living here were not securing a place at their catchment school, as there was insufficient capacity at Middleton Primary at that time. This realignment was always subject to review depending on demographic changes and future school expansion plans in Wollaton.
- 1.6 It is proposed that any younger siblings of Fernwood Primary pupils, currently living in Tom Blower Close, who are on roll at July 2021 (in Years Reception up to Year 5), who will still be on roll in the academic year that the sibling is applying for, will have priority over 'non catchment siblings and will effectively be considered as 'catchment siblings' for the purpose of first admission. This protected priority would not apply for subsequent siblings.

Therefore, it would apply for up to a maximum of 6 years up to 2026/27 academic year of admission.

2 Background (Including Outcomes Of Consultation)

- 2.1 The School Admissions Code 2014 states that in the normal admissions round parents are able to express a preference for at least three schools. The necessity for parents to list up to 6 preferences has been significantly reduced by the increase in primary school places and reducing this to 4 preferences will bring the primary co-ordinated scheme in line with the secondary co-ordinated scheme which will also allow for parents to list up to 4 preferences.
- 2.2 The Council ran a preliminary consultation on two proposals to realign the catchment areas of Fernwood and Middleton Primary Schools, to be implemented for the 2021/22 academic year. The consultation was open for four weeks from 1 July to 28 July 2019.
- 2.3 During the period 1 October 2019 to 29 November 2019 the Local Authority consulted on its proposed admission arrangements for admission to schools in the 2021/22 school, which included the changes as outlined in paragraphs 1.1 to 1.6.
- 2.4 45 responses to the consultation were received of which 76% were in agreement with the proposal to reduce the number of preferences parents/carers can make for a primary school place from 6 to 4. 49% of responses were in agreement with the proposed changes to the Fernwood Primary and Middleton Primary School, 13% did not agree and 38% stated they did not know. The full outcome of the consultation held between 1 October 2019 and 29 November 2019 and the preliminary consultation held between 1 July 2019 and 28 July 2019 are detailed in Appendix 7.

3 Other Options Considered In Making Recommendations

- 3.1 No other options other than the minor changes set out in paragraphs 1.1 to 1.6 for the 2021/22 school year were considered.
- 3.2 The option to make any other changes to the admission arrangements from those agreed for the 2020/21 school year was not felt to be necessary or viable. This is because maintaining the rest of the Local Authority's 2020/21 admission arrangements for a further year will enable the Local Authority to monitor the operation of the changes that are proposed to the 2021/22 arrangements, including any changes made by academies, in order to make any changes for subsequent years on an informed basis.

4 Finance Colleague Comments (Including Implications And Value For Money/VAT)

- 4.1 There are no cost implications as a result of the proposed changes to amend the admissions arrangements for the academic year 2021/22. The proposed amendments to the admission arrangements for 2021/22 include:
 - 1) the number of preferences that parents can make under the primary co-ordinated scheme from 6 to 4;
 - 2) the catchment areas of Fernwood Primary School and Middleton Primary School to ensure provision for future pupils residing in the proposed new 110 dwelling development on Woodyard Lane.

Other than the proposed changes noted above the admission arrangements for 2021/22 will remain the same as those for 2020/21.

4.2 The funding of the Admission service is funded from the Dedicated Schools Grant. This budget allocation was approved by Schools Forum for the financial year 2020/21 on 9 October 2018 and was taken to the Executive Board for approval on 12 February 2019 as part of the budget setting process.

Julie Homes – Senior Commercial and Business Partner (Schools Funding) 18 December 2019

5 Legal And Procurement Colleague Comments (Including Risk Management Issues, And Legal, Crime And Disorder Act And Procurement Implications)

5.1 Legal Implications

5.1.1 Consultation and determination

5.1.2 Section 88C(1) of the School Standards and Framework Act 1998 (“SSFA”), states that the admission authority for a maintained school in England must, before the beginning of each school year, determine in accordance with this section of the SSFA the admission arrangements which are to apply for that year. Section 88C(2) of the SSFA requires the admission authority to carry out such consultation beforehand about the proposed arrangements as may be prescribed.

5.1.3 The relevant regulations under section 88C(2) of the SSFA are the School Admissions (Admission Arrangements and Co-ordination of Admission Arrangements) (England) Regulations 2012 (as amended) (“the Admission Arrangements Regulations”).

5.1.4 Regulation 17 of the Admission Arrangements Regulations states the following:-

(2) For the school year 2017-2018 and every subsequent school year, every admission authority must –

- (a) carry out any consultation required by section 88C [of the SSFA] and these Regulations between 1st October and 31st January in the determination year;
- (b) allow consultees at least six weeks to respond; and
- (c) determine their admission arrangements on or before 28th February in the determination year.

5.1.5 Regulation 2 of the Admission Arrangements Regulations states:-

“determination year”, in relation to the proposed admission arrangements for a school, means the school year beginning two years before the school year to which the arrangements relate;

5.1.6 Therefore, as this report states, Nottingham City Council (“NCC”) has consulted with those it is required to consult with already in accordance with the Admission Arrangements Regulations regarding its proposed admission arrangements for community schools for the 2021/2022 school year. 45 responses to the consultation were received of which 76% were in agreement with the proposal to reduce the number of preferences parents/carers can make for a primary school place from 6 to 4. 49% of responses were in agreement with the proposed changes to the Fernwood Primary and Middleton Primary School, 13% did not agree and 38% stated they did not know. Further, in relation to the proposed admission arrangements for community schools for the 2021/2022 school year, the

determination year is the school year 2019/2020, so NCC must determine its admission arrangements for the 2021/2022 school year on or before 28 February 2020.

5.1.7 The proposed admission arrangements

5.1.8 The proposed admission arrangements generally accord with education law and guidance.

Jon Ludford-Thomas, Senior Solicitor – 16 December 2019

6 Strategic Assets & Property Colleague Comments (For Decisions Relating To All Property Assets And Associated Infrastructure)

6.1 Not applicable.

7 Social Value Considerations

7.1 Not applicable.

8 Regard To The NHS Constitution

8.1 Not applicable.

9 Equality Impact Assessment (EIA)

9.1 Has the equality impact of the proposals in this report been assessed?

No

An EIA is not required because:
(Please explain why an EIA is not necessary)

Yes

Attached as Appendix 8, and due regard will be given to any implications identified in it.

10 List Of Background Papers Relied Upon In Writing This Report (Not Including Published Documents Or Confidential Or Exempt Information)

10.1 Results of consultation on proposed admission arrangements for community schools in Nottingham City carried out between 1 October 2019 and 29 November 2019, attached as Appendix 7.

11 Published Documents Referred To In This Report

11.1 School Admissions Code 2014.

11.2 The School Admissions (Admission Arrangements and Co-ordination of Admission Arrangements) (England) Regulations 2012.

11.3 Delegated Decision 3629 – Consultation on proposed admission arrangements for the 2021/22 school year for city community schools – September 2019

Proposed Admissions Arrangements for 2021/22

- Parents/carers living in Nottingham City must apply for a school place online or on Nottingham City Council's common application form by 31 October 2020 for places in year 7 at secondary schools and by 15 January 2020 for places in reception year at infant or primary schools and year 3 at junior schools.
- Parents/carers may name up to 4 schools in order of preference for a place in year 7 at secondary schools and for a place in reception year at infant or primary schools and up to 3 schools in order of preference for a place in year 3 at junior schools. Parents/carers are strongly encouraged to name the maximum number of preferences allowed to increase their chances of being offered a place at one of their named schools.
- Reference will be made to the parent/carer's ranked order of preference in order to determine the school for which a single offer of a place will be made.
- An email will be sent to all parents/carers who applied online by the closing date and a letter will be sent to all parents/carers who applied on a paper application form by the closing date advising of the single offer of a place on 1 March 2021 for places in year 7 at secondary schools and year 10 at 14-19 academies, university technical colleges or studio schools; and on 16 April 2021 for places in reception year at infant or primary schools and year 3 at junior schools.
- Parents/carers should confirm to the Local Authority whether or not they wish to accept the place offered within 14 days of receipt of their offer letter. Failure to do so will result in the place being withdrawn and it may be offered to another pupil.
- If a place has been offered in error or on the basis of a fraudulent or intentionally misleading application the offer may be withdrawn and the place offered to a pupil with a higher priority to that place.
- Late applications received after the closing date for places in year 7 at secondary schools will be considered after 1 March 2021; and late applications received after the closing date for places in reception year at infant or primary schools and year 3 at junior schools will be dealt with after 16 April 2021. Under exceptional circumstances the Local Authority may be willing to accept applications which are received late but by no later than 5 pm on 30 November 2020 for places in year 7 at secondary schools and 5 pm on 10 February 2021 (*draft date*) for places in reception year at infant or primary schools and year 3 at junior schools.
- In accordance with the Council's co-ordinated scheme for infant, primary and junior school applications and secondary school applications where it is not possible to offer a place at any of the schools named by parents/carers, the Local Authority will make an offer of an alternative school place where this is possible (known as alternative offers).
- Parents/carers living within the catchment area are not guaranteed a place. Parents/carers can check which is the catchment school for their home address by visiting the website (www.nottinghamcity.gov.uk/schooladmissions), emailing the School Admissions Team (schooladmissions@nottinghamcity.gov.uk) or by telephoning the Team (0115 841 5568).
- Attending a nursery attached to a primary school has no bearing or benefit in securing a place at that school. Parents/carers must make an application for admission to the main school as referred to in the first bullet point above.

- All applications for admission to community nursery schools must be made to the head teacher of the relevant nursery school.
- Applications for admission are considered against the planned admission number for the year group.
- Requests for in-year applications (i.e. transfers outside the time of normal transfer from one stage of education to another) are partially co-ordinated by the Local Authority. Parents/carers must apply to the Local Authority for a place at a city community school, and for a place at those schools/academies for whom the Local Authority co-ordinates in-year applications. For those schools/academies that the Local Authority does not co-ordinate in-year applications, parents/carers should contact that school/academy directly to find out how to apply for a place there. The Local Authority will strongly discourage parents/carers from transferring schools for their child where this is not as a result of a change of address. This is because if children change schools they are less likely to achieve educationally.
- The 2009 School Admissions Code required all local authorities to establish in-year fair access protocols to ensure that access to education is secured quickly for children who have no school place, and to ensure that all schools in an area admit their fair share of vulnerable and challenging children and young people. Nottingham City Council established a fair access protocol in October 2007. The fair access protocol was updated in May 2019.
- Waiting lists for reception year to year 5 will be maintained for community primary schools which are oversubscribed until the last day of the 2022 summer half term (no waiting list will be maintained for year 6).
- Children whose fifth birthday falls between 1 September 2021 and 31 August 2022 will be admitted to full-time school at the beginning of the 2021/22 school year regardless of the term start date.
- Some parents/carers may choose to defer the start of full-time education for their child until compulsory school age. If parents/carers wish to take up this option, they may arrange the details with the head teacher of the school. However, if their child's birthday falls between 1 April and 31 August, deferring admission until compulsory school age would result in the child being admitted into a different school year. In this case, the child could not be allocated a reception place at the school during the 2021/22 year and the parent would have to apply for a place during the 2022 summer term for admission into year 1 in September 2022. The Local Authority strongly recommends that parents/carers do not defer the start of their child's full-time education as children's learning chances are likely to be better if they start school with their peers at the beginning of the 2021/22 school year. Parents/carers can request that their child takes up a school place part-time until their child reaches compulsory school age.
- Parents/carers may request admission for their child outside their normal age group. In general, it is considered that children should be educated in their normal age group, with the curriculum differentiated as appropriate, and they should only be educated out of their normal age group in very limited circumstances. The decision to allow a child to repeat a year or to admit a child into a cohort outside their chronological year group, in most cases lies with the school or educational setting. However, the following requests must be referred to the School Admissions Team at Children and Adults for consideration and advice:

1. for children on roll at community schools due to transfer from one phase of education to another (i.e. key stage 1 to key stage 2 or key stage 3 to key stage 4);
2. for children who are chronologically due to start Reception/Foundation 2, regardless of which school they are applying for
 - a. parents are required to make an application for their child's normal age group at the usual time (by 15 January) but should also submit a request for admission out of the normal age group at the same time;
 - b. the relevant admission authority will be required to make a decision on which age group the child should be admitted to. One admission authority is not required to honour the decision made by another admission authority on admission out of the normal age group;
 - c. if the request is agreed by all admission authorities, the application for the normal age group may be withdrawn before a place is offered. Parents will then need to make a new application for reception/ Foundation 2 as part of the main admissions round for the following year. The application will then be considered alongside other applications received and determined against the admission arrangements;
 - d. if the request to be admitted out of age group is refused, the parent must decide whether or not accept the offer of a place for the normal age group, or to refuse it.
3. For children due to transfer from key stage 2 to key stage 3 (with the exception of pupils on roll at Nottingham Academy who wish to continue to attend the academy)
 - a. parents are required to make an application for their child's normal age group at the usual time (by 31 October) but should also submit a request for admission out of the normal age group at the same time;
 - b. the relevant admission authority will be required to make a decision on which age group the child should be admitted to. One admission authority is not required to honour the decision made by another admission authority on admission out of the normal age group;
 - c. if the request is agreed by all admission authorities, the application for the normal age group may be withdrawn before a place is offered. Parents will then need to make a new application for year 6 as part of the main admissions round for the following year. The application will then be considered alongside other applications received and determined against the admission arrangements;
 - d. if the request to be admitted out of age group is refused, the parent must decide whether or not accept the offer of a place for the normal age group, or to refuse it.

All requests should be forwarded or referred to the School Admissions Team at Children and Adults. Such requests will need to be made in writing and can be from the parent/carer of a child and/or the Head Teacher of the child's present school. The admission authority will make a decision on the basis of the circumstances of the case and in the best interests of the child concerned.

A copy of the Council's accelerated/delayed school admissions policy can be found at www.nottinghamcity.gov.uk/schooladmissions .

- Parents/carers are advised that they may be at risk of having to apply for a new school place if their child does not attend school for a period of 20 or more school days.

First admission to primary schools criteria: 2021/22

In the event of oversubscription within any of the criteria listed below, preference will be given to applicants who live closest to the school, as measured in a straight line (i.e. as the crow flies) from a point at the school campus to a point at the pupil's home, both identified by the Local Land and Property Gazetteer (by a computerised geographical information system). Where two or more pupils are equal in all respects, and it is therefore not possible to differentiate between them, a method of random allocation by drawing lots will be used to allocate places (supervised by someone independent of the School Admissions Team).

Pupils who have an Education, Health and Care Plan, where that school is named in the child's statement or plan will be admitted. In this event, the number of places that remain available for allocation will be reduced.

1. Places will first be allocated to a 'looked after child' or a child who was previously looked after but immediately after being looked after became subject to an adoption, child arrangements, or special guardianship order. A looked after child is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions in accordance with section 22(1) of the Children Act 1989 at the time of making an application to a school. An adoption order is an order under the Adoption Act 1976 (see section 12 adoption orders) and children who were adopted under the Adoption and Children's Act 2002 (see section 46 adoption orders). A 'child arrangements order' is an order settling the arrangements to be made as to the person with whom the child is to live under section 8 of the Children Act 1989 as amended by section 12 of the Children and Families Act 2014. Section 14A of the Children Act 1989 defines a 'special guardianship order' as an order appointing one or more individuals to be a child's special guardian (or special guardians).
2. Places will then be allocated to pupils who, at the closing date for applications, live within the catchment area*, whose parents have requested a place at the school and who have a sibling already attending the school whom is expected still to be on roll at the proposed date of admission of the applicant sibling.
3. Places will then be allocated to other pupils who, at the closing date for applications, live within the catchment area* and whose parents have requested a place at the school.
4. Places will then be allocated to pupils who live outside the catchment area, whose parents have requested a place at the school and who, at the closing date for applications, have a sibling already attending the school whom is expected still to be on roll at the proposed date of admission of the applicant sibling.
5. Places will then be allocated to other pupils who live outside the catchment area whose parents have requested a place at the school.

*This relates to those pupils living in the catchment area for the school set for the 2021/22 school year. Younger siblings of Fernwood Primary pupils, currently living in Tom Blower Close, who are on roll at July 2021 (in Years Reception up to Year 5), who will still be on roll in the academic year that the sibling is applying for, will have priority over 'non-catchment' siblings and will effectively be considered as 'catchment siblings' for the purpose of first admission. This protected priority would not apply for subsequent siblings. Therefore, it would apply for up to a maximum of 6 years up to 2026/27 academic year of admission.

The above criteria (2-5) may be overridden and priority given to an applicant who can establish any of the following:

- pupils with special educational needs that can only be met at a specific school (e.g. where the school has specialist provision)**;
- children of travellers, pupils with exceptional medical, mobility, or social grounds that can only be met at a specific school**.

**Applications in these categories must be supported by a statement in writing from a doctor, social worker or other relevant professional. This is necessary because you will be asking the Authority to assess your child as having a stronger case than other children. Each case will be considered on its merits by Nottingham City Council.

Waiting lists will be maintained until the last day of the summer half term for reception year to year 5 (i.e. May 2022). Waiting lists will not be maintained for year 6.

For admission purposes the Local Authority considers a sibling connection to relate to any of the following:

- a brother or sister who share the same parents;
- a half brother or sister, where two children share one common parent;
- a step brother or sister, where two children are related by a parent's marriage or civil partnership;
- adopted or fostered children or children living in the same household under the terms of a child arrangements or special guardianship order.

Where applications are received in respect of twins, triplets or children of other multiple births, the authority will endeavour to offer places in the same school, admitting above the planned admission number where necessary. If this is not possible, the parent/carer will be asked which child(ren) should take up the place(s). The parent/carer will still have a right of appeal against a refusal of a place.

Any parent/carer whose child is refused a school place for which they have applied has the right of appeal to an independent appeals panel***. (Full details will be provided at the time of refusal).

***(Except, the parent/carer of a child who has been permanently excluded from two schools and where at least one of those exclusions took place after 1 September 1997. This applies to a twice excluded pupil for a period of two years beginning with the date the last exclusion took place).

Attendance at a particular nursery does not guarantee admission to the main school for primary education. All applications for admission to the main school must be made to the Local Authority and will be considered against the oversubscription criteria listed in 1-5 above.

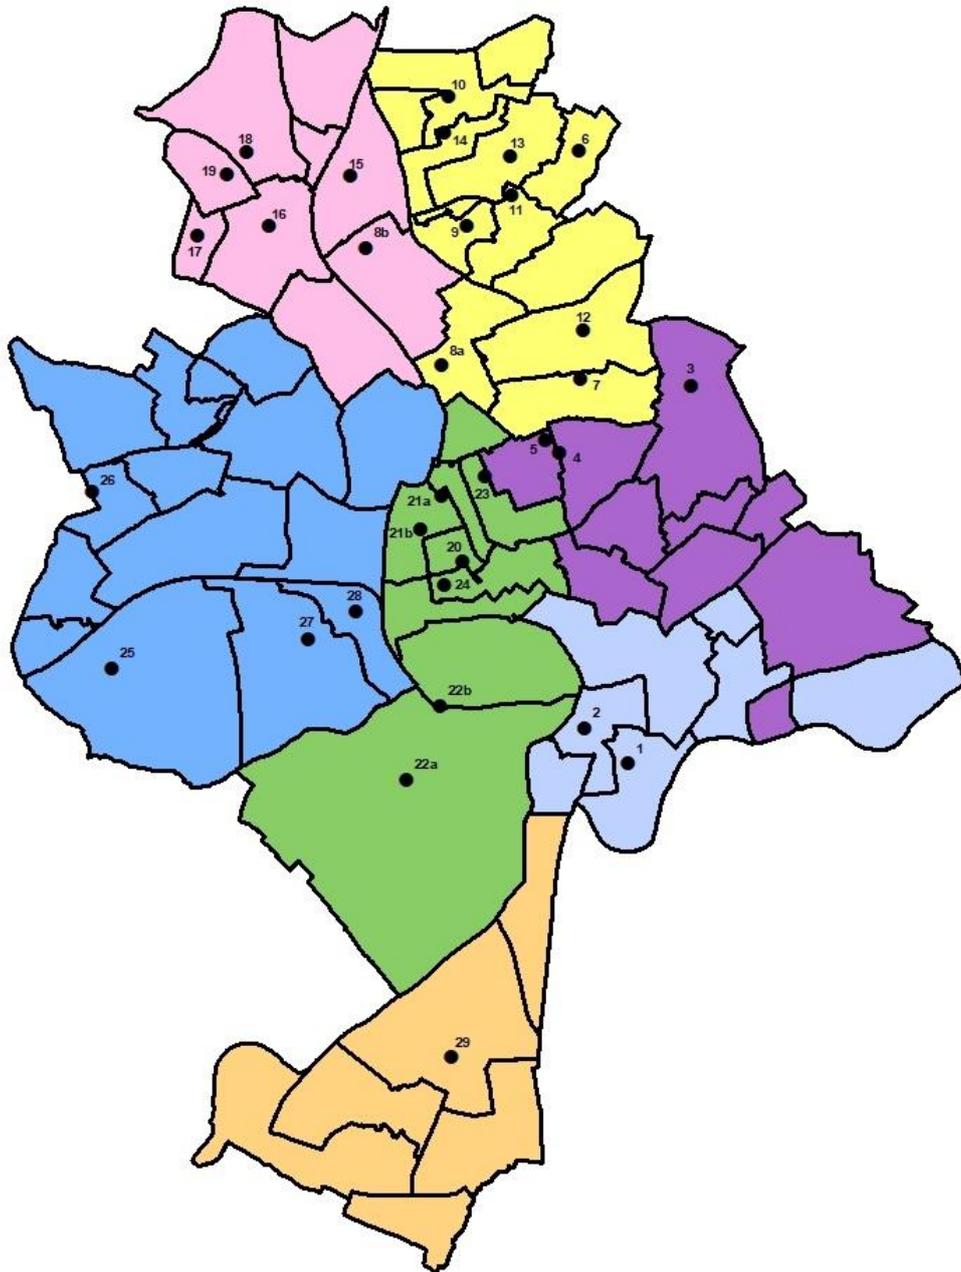

APPENDIX 3**Admission Numbers 2021/22**

Name of Primary School	Proposed No.
Bentinck	30
Berridge	90
Cantrell	60
Carrington	30
Claremont	60
Crabtree Farm	60
Dovecote	60
Dunkirk	60
Fernwood	150
Forest Fields	90
Glade Hill	60
Greenfields Community	30
Haydn	60
Heathfield	100
Hempshill Hall	60

Name of Primary School	Proposed No.
Henry Whipple	30
Melbury	30
Mellers	60
Middleton	90
Rise Park	60
Robin Hood	60
Rufford	60
Seely	75
Snape Wood	30
Southglade	60
Southwold	30
Walter Halls	60
Welbeck	45
Westglade	30
Whitegate	60

Capacity assessments were undertaken by the Capital and Assets Team, Nottingham City Council using Department for Education guidance. Admission numbers are calculated by dividing the net capacity of the school by the number of year groups to be accommodated in the school.

NG11

- 29 Dovecote Primary & Nursery School

There are other primary schools in Nottingham responsible for making their own admission arrangements. These are:

Ambleside Primary School	Radford Primary Academy
Blessed Robert Widmerpool Catholic Voluntary Academy	Robert Shaw Primary School
Blue Bell Hill Primary & Nursery School	Rossllyn Park Primary
Bluecoat Academy	Scotholme Primary & Nursery School
Brocklewood Primary School	Sneinton St Stephen's CE Primary & Nursery School
Bulwell St Mary's Primary & Nursery School	South Wilford Endowed CE Primary School
Burford Primary & Nursery School	Southwark Primary School
Djanogly Northgate Academy	Springfield Primary School (Nursery attached)
Djanogly Sherwood Academy	St Ann's Well Academy
Djanogly Strelley Academy	St Augustine's Catholic Voluntary Academy
Edale Rise Primary & Nursery School	St Margaret Clitherow Catholic Voluntary Academy
Edna G Olds Academy	St Mary's Catholic Voluntary Academy
Firbeck Academy	St Patrick's RC Primary & Nursery School
The Glapton Academy	St Teresa's Catholic Voluntary Academy Stanstead Primary & Nursery School
Glenbrook Primary	Sycamore Academy
Highbank Primary & Nursery School	The Milford Academy
Hogarth Academy	Victoria Primary School
Huntingdon Academy	Warren Primary Academy
Jubilee L.E.A.D Academy	Whitegate Primary & Nursery School
Nottingham Academy	Whitemoor Academy (Primary & Nursery)
Old Basford School	William Booth Primary & Nursery School
Our Lady & St Edward's Catholic Voluntary Academy	Windmill LEAD
Our Lady of Perpetual Succour Catholic Voluntary Academy	
Portland Spencer Academy	

Details of these schools/academies' proposed admission arrangements for 2021/22 should be on their own website.

TIMETABLE FOR CO-ORDINATED ADMISSIONS PROCESS 2021/22

Please note that this timetable has not yet been confirmed as liaison has not yet taken place with Nottinghamshire County Council regarding our co-ordinated admissions schemes

2021/22 ADMISSION ROUND	Distribution of information from Local Authority to schools	Distributions of information by schools to parents/carers	Closing date	Decisions issued to parents/carers by:
Transfers from junior/primary to secondary school	By Friday 4 th September 2020	On Monday 7 th September 2020	Saturday 31 st October 2020 (national closing date)	On Monday 1 st March 2021 (national offer date)
First admission to infant/primary school and transfers from infant to junior school	By Wednesday 11 th November 2020	On Monday 16 November 2020 Local Authority to distribute for children not attending a nursery attached to a city infant or primary school	Wednesday 15 th January 2021 (national closing date)	Friday 16 th April 2021 (national offer date)

Fair Access Protocol

2. Introduction

- 2.1. The School Admission Code (December 2014)¹ requires each local authority (LA) to have a Fair Access Protocol in operation which has been agreed with the majority of schools in the area to ensure that - outside the normal admissions round - unplaced children, especially the most vulnerable, are offered a place at a suitable school as quickly as possible.
- 2.2. Fair Access Protocols have operated in Nottingham City since 2005. The protocol applies to all primary and secondary mainstream schools (including mainstream free schools) and academies.
- 2.3. The Protocol ensures local authorities, schools and academies work together as mutual stakeholders to improve behaviour and tackle persistent absence. All admission authorities **must** participate in the Fair Access Protocol in order to ensure that unplaced children are allocated a school place quickly. This includes admitting children above the published admission number where the year group is already full or giving priority over waiting list or admission appeals for the school/academy.
- 2.4. The Fair Access Protocol exists to ensure that access to education is secured quickly for children who have no school place, but for whom a place at a mainstream school/Academy or alternative provision is appropriate, and to ensure that all schools/Academies in an area admit their fair share of children with challenging behaviour.

3. Fair Access Protocol – Guidance and Law

- 3.1. Paragraph 3.10 of the school admissions code states that, “The operation of Fair Access Protocols is outside the arrangements of co-ordination and is triggered when a parent of an eligible child has not secured a school place under in-year admission procedures”. In Nottingham City, children are considered through the in-year admissions process, until they are identified as meeting triggers of the fair access protocol; in order to intervene as quickly as possible and ensure equitable distribution of pupils.
- 3.2. The School Admissions Code states in paragraph 3.8:
“Admission authorities must not refuse to admit children in the normal admissions round on the basis of their poor behaviour elsewhere. Where a child has been permanently excluded from two or more schools there is no need for an admission authority to comply with parental preference for a period of two years from the last exclusion.”
- 3.3. However, the School Admissions Code continues in paragraph 3.12:
“Where a governing body does not wish to admit a child with challenging behaviour outside the normal admissions round, even though places are available, it must refer the

¹ The School Admissions Code can be viewed in full at: <https://www.gov.uk/government/publications/school-admissions-code--2>

case to the local authority for action under the Fair Access Protocol. This will normally only be appropriate where a school has a particularly high proportion of children with challenging behaviour or previously excluded children. The use of this provision will depend on local circumstances and must be described in the local authority's Fair Access Protocol. This provision will not apply to a looked after child, a previously looked after child or a child with a statement of special educational needs naming the school in question, as these children must be admitted."

- 3.4. The School Admissions Code stipulates that, "There is no duty for local authorities or admission authorities to comply with parental preference when allocating places through the Fair Access Protocol" (School Admissions Code, 3.11).
- 3.5. All schools and academies (required by their funding agreements) are to comply with the Admissions Code and the law relating to admissions, including full participation with the locally agreed Fair Access Protocol and to admit pupils who are hard to place.
- 3.6. Children with an Education, Health and Care Plan will not be considered through the Fair Access Protocol but through the Special Education Needs Team processes.

4. Key Principles

Balancing between a quick placement and the right placement

- 4.1. There must be a balance between finding a place quickly, when the place might be in an undersubscribed school/academy or one facing challenging circumstances, and finding a place that is appropriate for the child. The principle of considering the individual circumstances of the pupil, in terms of what is best for them; whether they are ready for mainstream schooling and, if so, which mainstream school/academy will be best able to meet their needs, should guide the operation of Fair Access Protocol.

Equitable distribution

- 4.2. The School Admissions Code states local authorities must ensure that no school/academy, including undersubscribed schools/academies, is asked to admit a disproportionate number of children who have been excluded from other schools/Academies or who have challenging behaviour (School Admissions Code 2014, paragraph 3.9). Nottingham City Fair Access Protocol will try and ensure that there is equitable distribution across all categories where possible.
- 4.3. Through years of consideration of fair access cases, an established precedent has been created regarding pupil returning to the City or returning to mainstream education from Elective Home Education or alternative provision. If the pupil has previously been on roll at a Nottingham City school or academy, the pupil will return to their previous City school, unless there are significant reasons why this would not be appropriate.
- 4.4. Equitable distribution does not imply equal number of cases to each school. There may be circumstances where schools will have to admit more pupils according to need. However; the panel will take into account relevant contextual information² when considering placement, such as:
 - Data in context to other local schools
 - Context of numbers on roll
 - Number of exclusions and transfers into and out of the school

² This is not an exhaustive list of all factors that may be taken into consideration

- Location of pupils home address
- Most appropriate school to meet a student's needs

Open, honest and relevant information sharing

- 4.5. It is expected that pupils on roll at a school or academy within the City of Nottingham, considered through the fair access protocol, will have evidence of school based intervention, and where appropriate, additional support agency involvement. Information will be shared between schools, academies and other support services as required. It will be expected that information will be shared openly and honestly, whilst ensuring confidentiality and abiding to data protection laws (see section 9).
- 4.6. If a pupil is not considered through the Fair Access Protocol as a result of withheld or missing information, this will be challenged by the LA and raised at a subsequent panel meeting or directly with the Head Teacher of the school/academy. If there are ongoing concerns, the LA will monitor any further applications from the school/academy and may refer the matter to the DfE and other national bodies.

Working with other Admission Authorities and other local authorities

- 4.7. Whilst each protocol only covers the schools/academies in its local authority area, the home Local Authority should contact neighbouring authorities to help secure a place in that area under their protocol.. If there are illegal practices, the LA will take appropriate action to challenge and resolve these situations.

5. Fair Access Protocol Criteria and Triggers

- 5.1. A pupil placed under this Protocol is not necessarily a “challenging” pupil. Any child in this category is however potentially a vulnerable child as long as an appropriate educational placement has not been secured.
- 5.2. Fair access protocol cases will be given priority, however this does not guarantee a place at their preferenced schools. The local authority must ensure that no school – including those with available places – is asked to take a disproportionate number of children and the admission authority does not have to comply with parental preference. Priority through fair access protocols does not override infant class size legislation³, unless they would be admitted under the prescribed limited exceptional circumstances³.
- 5.3. The School Admissions Code 2014 states 7 minimum categories to include in a Fair Access Protocol. These categories identify a child as potentially “Hard to Place or vulnerable”. These categories are not meant to be exhaustive but provide an example of pupils who must be considered under the protocol. Nottingham City, in consultation with schools and support services, have added additional categories based on local needs. All categories are broken down between three fair access priority triggers:

³ **The excepted children are:**

- a) children admitted outside the normal admissions round with statements of special educational needs or Education, Health and Care Plans specifying a school;
- b) looked after children and previously looked after children admitted outside the normal admissions round;
- c) children admitted, after initial allocation of places, because of a procedural error made by the admission authority or local authority in the original application process;
- d) children admitted after an independent appeals panel upholds an appeal;
- e) children who move into the area outside the normal admissions round for whom there is no other available school within reasonable distance;
- f) children of UK service personnel admitted outside the normal admissions round;
- g) children whose twin or sibling from a multiple birth is admitted otherwise than as an excepted pupil;
- h) children with special educational needs who are normally taught in a special educational needs unit attached to the school, or registered at a special school, who attend some infant classes within the mainstream school.

5.4. Priority 1 – Fair Access Core Triggers

- a) Children in Care.
- b) Children permanently excluded and who need to be reintegrated back into mainstream education. (See Reintegration Protocol below)
- c) Children seeking an alternative to permanent exclusion with a history of intensive multi-agency support or children at risk of permanent exclusion due to a significant one-off event.
- d) Children who have been out of mainstream education for longer than one school term (at point of initial application) or Children with a history of serious attendance problems (serious attendance problems would be below 50% attendance within a 12 month period)
- e) Children fleeing domestic violence, where a school move is unavoidable (Move must be supported by relevant professions, i.e. Social Worker, WAIS, or family moved to live in a women's refuge)
- f) Children returning from the criminal justice system, if not enrolled at a local school or academy.
- g) Vulnerable groups which have been identified under exceptional circumstances by a government mandate, to ensure education provision is established as a matter of urgency.
- h) Children for whom a change of school is necessary because of significant safeguarding concern, supported by children's integrated services

5.5. Priority 2 – Pupil at Risk Triggers (Secondary aged children only)

Child must be on roll at a school within the City or a local neighbouring county school.

- i) Children with poor attendance due to lack of engagement despite school or external intervention; and attendance between 50%-70% within 12 months; and seeking a change of school.
- j) Children with a history of internal/external support as an early intervention to avoid further exclusions with the full commitment of parents and child.

5.6. Priority 3 – Children without a school place Triggers*

- k) children who have been out of education for two months or more;
- l) children of Gypsies, Roma, Travellers, refugees and asylum seekers;
- m) children who are homeless;
- n) children with unsupportive family backgrounds for whom a place has not been sought;
- o) children who are carers; and
- p) children with special educational needs, disabilities or medical conditions (but without a statement or Education, Health and Care Plan).

*To be considered under Priority 3 as a 'child without a school place', the child must be compulsory school age⁴ and not on roll at another school⁵; live within the Nottingham City boundary; and, already been considered through the in-year admission process, but has had difficulty⁶ securing a school place.

- 5.7. Admission Authorities who manage their own in-year admissions are responsible for providing the LA of evidence of any in-year application that they feel meet the Fair Access Panel triggers. If agreed, the LA will request additional information as outlined in paragraph

⁴ Children who are not compulsory school age are not covered by the fair access protocols.

⁵ Registered at another school within a reasonable distance of the home address.

⁶ Difficulty in securing a school place will be triggered when an eligible child has not secured a school place under the in-year admission procedures, despite making a preference for all available schools within a reasonable walking distance (unless there are significant evidenced mitigating circumstances).

4.9. If the pupil does not meet the Fair Access criteria, the application will be processed through the in-year admissions procedures, including year 10 and 11 pupils.

- 5.8. Children in Care⁷ are given the highest priority for admission and will be brokered as quickly as possible. The LA will establish, in consultation with Social Care, the Virtual School and other agencies, the preferred preferences for their education. The views of the schools preferred and any potential prejudice as a result of the placement will always be considered. In most circumstances children in care will be offered and admitted, in agreement with school or academy, regardless of the time of year or if the year group is oversubscribed; if the offer is considered in their best interests. Once an offer has been made, the Social Worker will normally, but not always, arrange a multi-agency meeting to bring together all the professionals that have been working with the child to support their transition into their new educational provision.
- 5.9. The LA inclusion officers will determine if a pupil meets the fair access protocol criteria. The in-year application form includes questions to guide if a case should be considered through the fair access protocol. Further background information will be collated by the LA to support any application and determine consideration through the protocol. All schools and academies will ensure background information is shared without delay and provide the following documents:
- Full and complete Previous School Information (PSI) form
 - Parental Consent form
 - Last 2 years attendance certificate
 - Last academic report
 - Full behaviour log
 - Evidence of effective intervention
 - Risk assessment (if applicable)

6. Fair Access Protocol Membership and Meetings

Secondary

Membership

- 6.1. Membership of the panel is split between Core Membership, School Membership and Support Membership. Core members of the Fair Access Panel will attend each meeting. It is expected that at each meeting senior representatives from every school will also be in attendance, including appropriate support service representatives.
- 6.2. The collective panel membership will use their expertise and knowledge to secure a decision for each individual pupil that is best for them. When a decision is not able to be reached, the final decision will rest with Core Panel Members. The Panel will need to balance between the pupil's individual circumstances and what school/Academy or provision can best meet their needs, whilst ensuring that the pupil is supported and that no school/Academy is asked to admit a disproportionate amount of pupils through the protocol.

⁷ A 'looked after child' is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see the definition in Section 22(1) of the Children Act 1989) at the time of making an application to a school.

- 6.3. All schools and academies will provide educational expertise and knowledge as well as represent an overall educational perspective for the City. All schools and academies will be provided with case information at least 48 hours before a panel meeting, through a secure and encrypted system.
- 6.4. Representatives from Children & Adult Services, and other relevant agencies will constitute the Support Membership of the panel. They will be expected to represent their Service Area and provide relevant information about any involvement and support that can be offered. Attendance at panel meetings for these services is as required, except for Education Welfare Service and Social Care.
- 6.5. All Panel members are responsible for arranging for an informed colleague to attend in their place should they be unable to attend. All professionals must come fully prepared with information pertaining to the individual cases to be discussed. School/Academy representatives **must** have the power to make decisions regarding admissions on behalf of their school/Academy.
- 6.6. The core membership of the Fair Access Panel will be:

Core Membership	
Fair Access Panel Chair Inclusion Officer Complex Case Co-ordinator	
School Membership	
Bluecoat Aspley Academy Bluecoat Beechdale Academy Bluecoat Wollaton Academy Denewood and Unity Learning Centre Djanogly City Academy Nottingham Ellis Guilford School & Sports College Farnborough Academy The Fernwood School Nottingham Academy Nottingham Free School Nottingham Girls Academy Nottingham University Academy Science and Technology Nottingham University Samworth Academy Park Vale Academy The Bulwell Academy The Fernwood School The Nottingham Emmanuel School The Oakwood Academy Trinity Catholic School	Must be a designated senior staff member from every school / Academy that has the authority to make decision on behalf of the school/academy admission authority.
Support Membership	
Children's Social Care Education Welfare Service Behaviour Support Team Special Educational Needs	Essential support services
..... Educational Psychology Service Inclusive Education Service Elective Home Education Child & Adolescent Mental Health Service Youth Offending Team Ask Us Nottingham Nottingham Virtual School	Support as required

Meetings

- 6.7. The Secondary Fair Access Panel will meet regularly over the academic year. However; if there are limited cases to be considered a meeting may be cancelled and cases brokered outside of panel. The meetings are scheduled for the entire academic year.
- 6.8. All applications that meet the criteria for secondary fair access will be considered at the next available panel, however; Children in care and children who have recently experienced a traumatic family or domestic event or for whom there are clear grounds to support placement in a particular secondary school or Academy, may be considered prior to panel. Such cases will be discussed in detail between the Inclusion Officer, Fair Access Panel Chair and the Headteacher/Principal in order to agree placements as soon as possible and the decision will be ratified at the next available panel.
- 6.9. Case information will be shared securely with panel members at least 48 hours prior to the panel meeting. These cases will be collated by the LA and detailed data and statistics about Fair Access will be provided at the meeting.
- 6.10. In order to meet the 10 days admission standard, it is expected that school representatives will inform their admissions teams about the allocation of pupils for their school/academy from the panel in order to avoid any delays to the process. The school or academy must admit the pupil within 10 working days of being informed, unless an alternative date has been agreed. If the Panel agree that a multi-agency meeting take place before admission, schools/academies will have 15 working days in which to admit the pupil.

Primary

- 6.11. The local authority do not operate a panel for primary fair access due to the high number of primary schools. Cases are prepared and schools consulted regarding pupils to be considered. Based on the feedback from school consultations; placement of other pupils through fair access; consultation with support services; consideration of infant class size legislation; and the needs of the pupil; the Inclusion Officer will determine an appropriate offer. This decision will be shared with the school without delay. There will be an opportunity to discuss the decision and the support required with the Inclusion Officer before a decision letter is sent to parents. All schools and academies will support the decision of the Inclusion Officer.

7. Managed Move Process

- 7.1. Local authority approved managed moves are a mechanism for supported transfer between local schools through the fair access protocol unless receiving school or parents wish to opt for direct admission. This process seeks to support all parties involved to enable a 'fresh start' and strive for a successful move. Managed moves will be appropriate for pupils where they has been a serious breakdown in relationships within the school, or at growing risk of further exclusion or at risk of imminent permanent exclusion, due to a 'one-off' incident.
- 7.2. Pupils who are currently on roll at a local school⁸, who meet the fair access criteria (priority 1 or 2) and seeking a transfer to another school, will be considered as a Managed Move. Exceptions to this process will be determined by the LA Officer.

⁸ Nottingham City school or local neighbouring county school

- 7.3. To be considered for a Managed Move the school will need to provide complete background information to the LA. The LA officer will then contact or visit parents/carers to discuss the managed move process, seek their views and confirm their agreement to a move. Based on the information and feedback the LA officer will determine if a Managed Move is considered or declined. The home school should continue to provide full-time supervised educational provision whilst a managed move is arranged.
- 7.4. Direct pupil funding from the home school will follow the pupil on a sliding scale formula at the point of permanent transfer following a successful Managed Move. This will not apply for direct admissions.
- 7.5. All managed moves must be agreed by the Inclusion Officer and brokered through the fair access protocol. Any managed moves cases arranged outside of this process will not be included in fair access support, funding or data. These cases will not have fair access priority and must be considered in line with the in-year admissions process.
- 7.6. Headteachers/Principals should consider reporting periodically to Governors on Managed Moves as with exclusions.

Managed Move Meetings

- 7.7. The Inclusion Officer will arrange a meeting between all relevant parties⁹ to discuss the arrangements for the Managed Move. The meeting will be held at a mutually convenient time within the extended school day (8am – 4.30pm). The meeting objectives will be to agree the terms of the managed move. This includes agreeing a start date, duration of the move trial (agreed at the meeting but normally 6-8 weeks), support/intervention strategies, and success criteria such as expected targets, attendance and behaviour. These will be agreed by all parties and form part of the review process.
- 7.8. Managed Moves will be reviewed at least twice during the trial period; however, further reviews may be agreed at the initial meeting or during the trial period. Reviews should focus on the agreed success criteria providing an opportunity for all parties to discuss successes and concerns. Any concerns must be addressed and appropriate plans agreed and put in place. In exceptional circumstances, this may lead to a short-term extension to the trial period. A serious breach of the agreements could invoke an immediate review resulting in a termination of the managed move and a return to the home school.
- 7.9. Following a final review meeting, if successful, the pupil will go on roll of the host school and this signifies an end to the Managed Move process. If unsuccessful, arrangements will be made for the pupil to return to their home school or other educational provision and the trial placement ended.
- 7.10. Managed Move arrangements:

Registration and Roll Arrangements:

All students will be dual registered (home school as the main registered base) and CLM will be used daily to monitor and communicate attendance. Should a host school wish to issue a fixed term exclusion this MUST be negotiated in advance with the home school who retains the legal responsibility for determining an exclusion and following the exclusion process.

⁹ Home school, host school, parent(s)/carers and the Inclusion Officer. Other agencies will be invited as required.

School Uniform:

Parent(s)/Carers will be responsible for purchasing and providing appropriate uniform, however, if the move fails, the host school may buy back school specific uniform. Some discretionary financial assistance may be given as agreed by the Inclusion Officer.

School Transport:

Parent(s)/Carers will be responsible for transport arrangements and costs to the host school if within a reasonable travelling distance. If beyond this distance, some discretionary financial assistance may be given as agreed by the Inclusion Officer.

Free School Meals:

Pupils eligible for free school meals will have this provided by the host school and the home school will be invoiced to cover this cost.

8. Children without a school place process

- 8.1. Children considered under priority 3 of the fair access protocol will be case managed by the responsible LA Officer. They will seek a reasonable offer of a school place, which will take into consideration reasonable walking distances and potential travel assistance.
- 8.2. The aim of this process is to secure an appropriate school place as quickly as possible. Parents/carers will still have the ability to make new preferences and have the right to appeal against a decision. However; if parents do not accept the local authority's reasonable offer, and are unable to secure another educational provision, the local authority will seek to issue a school attendance order through the Education Welfare Service and the appropriate legal system.
- 8.3. The process for cases considered under fair access protocol priority 3 is designed to ensure that pupils are placed without further delay and stops the need for escalation to higher fair access priority processes.

9. Decisions and Appeals

- 9.1. Letters to schools and parent(s)/carers will be issued within 48 hours of the agreed decision.
- 9.2. When an offer has been agreed, the school or academy must admit the pupil within 10 working days of being informed, unless an alternative date has been agreed. If the Inclusion Officer agrees that a multi-agency meeting take place before admission, schools/Academies will have 15 working days in which to admit the pupil.
- 9.3. The Fair Access Panel will consider any valid concerns about admission (e.g. a previous serious breakdown in the relationship between the school/Academy and the family or serious historical issues with other children at the preferred school/Academy). Consideration will also be given to the individual situation, and contextual data for each school or Academy, including, the number of pupils admitted through the panel and being supported by the school or academy.
- 9.4. If a school or academy refuses to comply with the fair access protocol decision, they must state their reasons in writing to the Inclusion Officer within 5 school days from the date of the decision. The Inclusion Officer will then determine a written view, based on evidence and contextual data and after consulting with the school/academy and any relevant agencies. A final written view will confirm the local authority decision and it is expected that

all schools and academies will support this view and accept the final decision. If a school/academy's admission authority refuses to accept the decision of the Fair Access Panel, the Local Authority will seek to enforce a direction or apply to the Education Funding Agency to direct admission on behalf of the Secretary of State, if required.

10. Fair Access Funding

10.1. The LA has secured funding through the Schools Forum to support the fair access protocol and provide needs led support funding to reduce barriers to admission. This funding is secured to support fair access pupils' integration back into education through translation costs, assessments, purchasing support services and providing alternative provision for pupils who are not ready for mainstream schooling.

10.2. There are currently three tiers for funding available through Fair Access:

TIER 1	<p>No funding allocated Students placed whose needs are met by mainstream school/academy and/or support services core involvement</p>
TIER 2	<p>Assessment and access funding Funding allocated to provide an assessment of needs to inform placement decisions (in particular where there are significant gaps in educational provision, students who speak English as an additional language (EAL) or those who have an incomplete SEND profile. Access funding provides for one off payments in extraordinary circumstances to remove barriers to admission and access to schools.</p>
TIER 3	<p>Support funding for alternative provision Subsidised funding agreed for an alternative provision to be managed by the allocated school. Students who require AP, or support packages will be able to access funding subject to LA/fair access approval (minus secured pupil funding and AWPU). Funding requests must be received with 18 months of the decision date. The funding amount and length of support will be agreed by the LA, and for secondary cases, where appropriate panel members at the meeting.</p>

10.3. Request for funding must be submitted in writing to the Inclusion Officer for consideration. If the placement is withdrawn, any remaining funding will return to the fair access budget.

10.4. There is no funding for priority 3 (Children without a school place) protocol cases and schools would secure funding for pupil support through the normal routes.

11. Information sharing and Data Protection

11.1. All information gathered for the use of administering fair access across primary and secondary phases will be stored securely on the Councils computer network and systems. Information about pupils will be stored digitally on the network and within the Councils Education Management System.

11.2. Completed cases will be shared with relevant staff members at schools/academies, alternative providers and other agencies as appropriate. Any information may be shared with other council services/local authorities as required.

- 11.3. Case information and personal data will be transferred by secure electronic means, such as encrypted email or secure file transfer.
- 11.4. All parties' receiving information from fair access will have to comply with the data handling requirements stipulated by the council. This includes ensuring that personal information sent to them is stored securely and is only shared to relevant senior leadership or support staff. If any documents are printed, they will ensure the safe storage and destruction of the data. For full details of the Councils Privacy Statement please see <https://www.nottinghamcity.gov.uk/privacy-statement>

12. Monitoring and Strategic Overview

- 12.1. Reports, data and monitoring information will be shared at regular intervals to all schools, academies and stakeholders. This information will also be used to report to the Schools Adjudicator and local Schools Forum in order to comply with performance and accountability responsibilities.
- 12.2. The Fair Access protocol and strategy is the responsibility of the LA, however; there will be an annual review in consultation with Head Teachers/Principles from City schools/academies and local authority officers, which will review the performance of the panel, discuss strategic issues and make recommendations to improve services and drive change.

13. Permanent Exclusion Reintegration

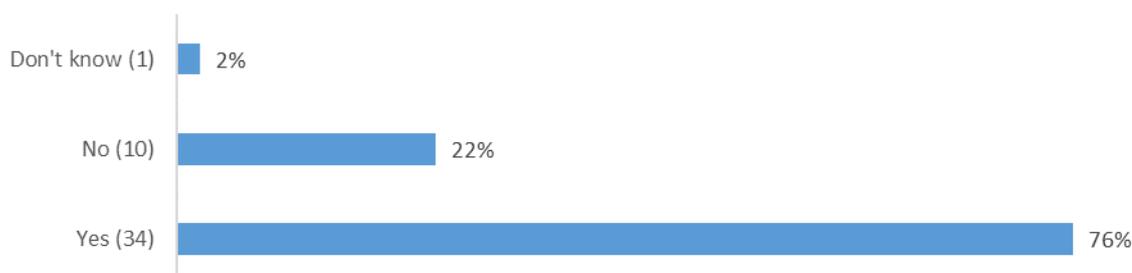

- 13.1. Pupils who have been permanently excluded, who have demonstrated readiness for reintegration, will be managed through this protocol. Learning Centres and AP Free Schools work to identify pupils needs, address behaviour, attitudes and academic underperformance in order to raise achievement and reintegrate permanently excluded pupils back into mainstream education. Reintegration into another mainstream school/Academy is the right option for the majority of pupils in year KS1, KS2 and KS3 whose needs have been addressed and supported.
- 13.2. Pupils will not usually be considered for reintegration into a mainstream school/academy until their behavioural and social or emotional needs have been addressed and they are ready to return to a mainstream setting. The Head Teacher and their Reintegration Team identify and support pupils who are ready to reintegrate back into mainstream education from a permanent exclusion. This will be supported by background information and evidence about the pupil and their progress whilst at the learning centre. This information will be monitored and reviewed by the current education provider and the LA before consideration through the Fair Access Protocol.
- 13.3. Pupils who live in the City boundary who have been permanently excluded will normally be placed on the roll of either Denewood or Unity Academy. Permanently excluded pupils who move into the City, who are not ready for mainstream education will attend a Learning Centre until they are ready to be reintegrated back to mainstream education.
- 13.4. All Schools and Academies will take at least 1 reintegration pupil as required. Further reintegration pupils will be allocated through the panel and consideration will be given to the number of permanent exclusions issued by the school/Academy. Fair Access Protocols

must not require a school/Academy to automatically take another child with challenging behaviour in the place of a child excluded from the school.

- 13.5. Reintegration placements will be supported by staff from the Admissions and Reintegration Team (ART) at the learning centre. A reintegration package will be agreed between the learning centre and the school. The length of the package will normally be between 6-8 weeks and will be agreed between the learning centre and the allocated school. The reintegration package must start within the 10 days of the panel decision, unless an exception is agreed at the panel meeting. A meeting should be set up without delay to facilitate the start date, set appropriate targets and plan the reintegration package. There must be regular reviews and communication between all parties involved, which should be sent out in writing, ideally by email to named contacts.
- 13.6. It is anticipated that pupils will be successfully reintegrated through the support of school staff and the learning centre. Review meetings will take place regularly through the reintegration process to acknowledge success, review support and raise concerns. If the review meetings are positive, their success will be confirmed at the final review meeting and the pupil will officially go on roll the school day after the package ends. However, as an additional measure to ensure success, Denewood/Unity will continue to monitor the pupil for a further half term after the pupil is on roll in order to facilitate support, or consider a return to Denewood/Unity if appropriate and agreed by all parties.
- 13.7. If there are concerns about a pupil on a reintegration package, the school should initially communicate with the pupils named keyworker at Denewood/Unity Learning Centre to try and resolve the concerns. If a reintegration may be failing, then this cannot be terminated until an urgent review meeting is held with all relevant parties to determine if the allocation should be withdrawn, at which point arrangements would be made for their return to the learning centre. The pupil and parent(s)/carer should not be told the place is terminated, until this meeting is held and all parties agree to withdraw the reintegration. The LA Inclusion Officer should be informed if a placement is breaking down and may attend any review meetings as needed.
- 13.8. Reintegration placements will be recorded through the panel. These pupils are normally funded outside of the protocol process through school finance. However; schools will be able to request additional support, if required, through the normal protocol funding route (see section 8).

RESPONSES TO THE CONSULTATION ON PROPOSED ADMISSION ARRANGEMENTS FOR 2021/22 FOR COMMUNITY SCHOOLS

Overall 45 respondents completed the questionnaire, the report has been filtered to show the responses for 'All Respondents'.

Do you agree with the change to reduce the number of preferences parents/carers can make for a primary school place from 6 to 4 in the 2021/22 admission arrangements?**If you can, please give reasons for your view, or add any comments?**

Catchment areas should be priority to cut down on the need for using cars for drop off/pick up.

All schools in the city meet a minimum standard, therefore four options is more than enough.

What's the point, it's the illusion of choice anyway...

It is hard enough getting a school place with 6 preferences, reducing it will make it even harder.

I think 4 choices is really enough as you tend to put the school you don't want last.

Four is too many. If parents are offered their third or fourth choice, the likelihood is that they would appeal anyway.

Yes, if you think people can be allocated a place at one of their preferred four choices.

Even with 6 choices can struggle getting schools places, surely the more schools applied for the better.

Generally parents want their first pick why would they choose 5 others they have no interest in.

Hopefully it will end the shambles of children being put in schools a long way away from their siblings.

This should streamline the process and make it easier for parents and the local authority to distribute school places fairly.

There usually not 6 in catchment.

The reduction should not restrict the chances of being allocated a place in a school near to where the child lives. This may also deter people from applying to schools some distance from their homes based purely on SATS results etc. as this may reduce the chances of getting a place at a convenient local school.

The reduction in choice is not a problem and will reduce the amount of needless administration that currently occurs.

4 is enough.

Only 2 primary schools nearby within walking distance.

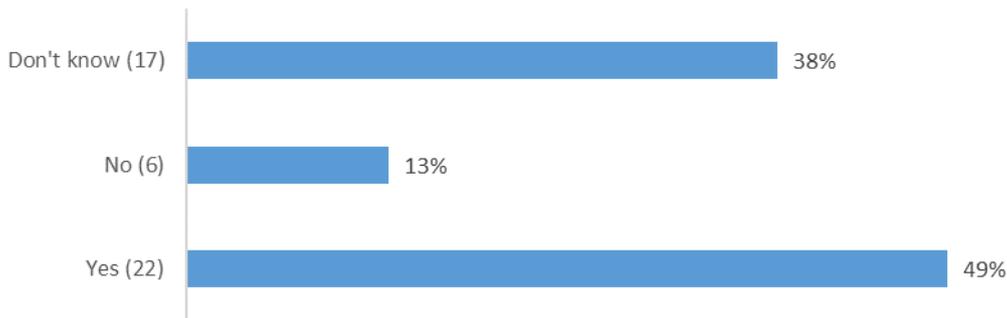

In some inner city areas, catchments are so small that parents do have 6 schools that it would be feasible for their children to attend. It would be better to have 6 chances than for someone to end up getting allocated a random school.

6 choices is too many. You should just go to the catchment school.

Having to read up about six is hard work, but you feel like you should use all your choices. We got into our first choice school – our catchment school – so researching the other five was time wasted.

6 is too many making it harder to allocated places.

Do you agree with the proposed change to amend the catchment areas of Fernwood Primary and Middleton Primary in the 2021/22 admission arrangements?

If you can, please give reasons for your view, or add any comments?

It is a fairer and more logical system.

Don't care.

People may have moved into areas years before specifically to ensure they are in a catchment area. If they now find themselves out of the area, this will be stressful and upsetting. Unless, there can be an appeal on this basis.

Doesn't impact me.

Not aware of there location.

I do not know enough about this amendment to make a fair comment.

School sizes and housing have both increased.

Because it is expanding the schools so they should expand the area.

Yes but I also don't understand why wollaton vale estate (farndale etc) sent catchment for fernwood senior when its walking distance but yet the catchment school is a bus journey away (samworth).

Living 2 miles away and being out the catchment cause I'm in Bilborough and my postcode comes under nottingham city council.

Children living in the new estates need somewhere to go to school.

Tom Blower Close should have always been in Middleton catchment as it is much closer.

We live on fernwood crescent and can't get our daughter into fernwood so why should people so far away get preference.

It makes sense. As long as kids with siblings at one school can still go there if their catchment changes. You can't expect parents to be in two place at once to pick up children from different schools.

The woodyard area is closer to Middleton school than Fernwood so makes sense.

Currently the pedestrian roads and around the towards Middleton school are extremely busy and dangerous in the morning and afternoon. There are too many pedestrians and cars going to the school and this will only increase.

Don't know the geographic divide. But in principle yes I would agree.

I don't live in this area.

I don't think these schools should have a catchment requirement. Access to these schools should be provided to all city children who want to attend these schools. Bluecoat school do not have catchment as a requirement or at least it's one of the last requirements.

Wollaton catchment review – preliminary consultation report and analysis

The Council ran a preliminary consultation on two proposals to realign the catchment areas of Fernwood and Middleton Primary Schools, to be implemented for the 2021/22 academic year. **The consultation was open for four weeks from 1 July to 28 July 2019.**

Prior to this, a review of the school catchment areas was last undertaken in the Wollaton school place planning area in 2011/12. Since then, both Fernwood and Middleton primary schools have been expanded to increase their capacity by an extra 210 places at each school (Middleton expansion to be completed by September 2019). Due to demographic changes, housing developments and increased inward migration, the Council has invested in more school places to ensure sufficient capacity in the area and for the communities the schools serve. The next phase and the aim of these proposals is to re-balance the size of the catchment areas with their new school sizes, to provide rational distribution of places and to maximise the number of pupils accessing a place at their catchment school, ideally close to their home and community. Each school has its own existing designated catchment area, which are shown on **Map 1: Fernwood and Middleton existing catchments.**

The catchment area of a school is significant in supporting the assessment and determination when allocating school places. Children who reside within the catchment area of a designated school currently receive priority for school places in the event that the preferred school is oversubscribed. Therefore, catchment areas play a key part in ensuring adequate provision of school places within a designated area. Whilst parents are not obliged to apply for their children to attend their designated catchment school, having catchment areas is useful as a guide for parents to understand which school generally serves their immediate community.

Proposal 1

Extend the catchment area of Middleton Primary, to include the proposed new housing development expected to be built on Woodyard Lane (approx. 110 dwellings). This area is currently located in the catchment of Fernwood Primary. The proposal relocates it to the adjacent Middleton catchment. As this is a site currently planned for development, there are no existing residents affected by the change. **Map 2: Woodyard Lane to Middleton.**

Proposal 2

Alter the catchment areas slightly, to transfer the area of Tom Blower Close from the Fernwood catchment to the adjacent Middleton catchment. Tom Blower Close was originally moved into Fernwood's catchment back in 2012, as some pupils living here were not securing a place at their catchment school, as there was insufficient capacity at Middleton Primary at that time. This realignment was always subject to review depending on demographic changes and future school expansion plans in Wollaton. **Map 3: Tom Blower Close to Middleton.**

Map 4: shows the new catchment areas if both proposals 1 and 2 were implemented, moving Woodyard Lane and Tom Blower Close to Middleton.

Rationale and recommendation to implement both Proposals 1 and 2

The rationale for Proposal 1 is to ensure provision for future pupils residing in the proposed new 110 dwelling development on Woodyard Lane and to maximise the likelihood of these pupils securing a place at their catchment school.

Analysis of admissions data, births data, catchment loyalty, migration since births and pupil yield from new housing developments, evidences that there is projected sufficient capacity to accommodate a larger Middleton catchment area, without displacing pupils already in catchment. Middleton's newly expanded capacity for 630 pupils, has projected capacity to accommodate both proposals.

Some further growth is already expected in Fernwood Primary's catchment population, as the new 'Martin's Reach' housing development will remain located in Fernwood's catchment. This development, with building

well underway, will be approximately 100 new family-sized houses and is similar in size to the second large housing development proposed at Woodyard Lane. Realigning the catchments to relocate the Woodyard Lane development to the Middleton Primary catchment, will provide a more rational distribution of capacity.

Of the 17 people who responded to the consultation, 35% selected that they agree with Proposal 1 (to varying degrees). However, this is inconsistent with the number of comments expressing support for Proposal 1, which is 47% (8 people). Fewer than half of respondents disagree with Proposal 1 (8 out of 17 respondents / 47%).

Tom Blower Close was originally moved into the Fernwood Primary catchment back in 2012 as some pupils living here were not securing a place at their catchment school, which was then Middleton, as there was insufficient capacity at that time. This was always subject to review depending on demographic changes and future school expansion plans in Wollaton. Now the context has changed and Middleton has increased capacity by 50%, the size of the catchment areas need to be balanced with their new school sizes.

Proportionally and for the size of the catchment population, there is greater capacity at the newly expanded Middleton Primary to accommodate a growth in numbers. Therefore, realigning the catchments to relocate Tom Blower Close to the Middleton Primary catchment, will provide a more rational distribution of places to meet need.

This move would provide a more logical catchment boundary, particularly if the new Woodyard Lane development is moving into Middleton's catchment (see maps 2 and 3). Woodyard Lane residents will need to travel past Tom Blower Close to travel to Middleton Primary. Tom Blower Close is also significantly closer in walking distance to Middleton Primary, as detailed in the information below.

The most common query raised during the consultation process, was in relation to siblings of existing pupils of Fernwood Primary who live on Tom Blower Close. This was explained in the proposal information and further clarity was sought by some respondents. School places are allocated according to strict criteria which place a high criterion on pupils living in the catchment area with a sibling already attending the school. If a decision is made to implement Proposal 2 to change the catchment area of Tom Blower Close, any younger siblings of Fernwood Primary pupils, who are on roll at July 2021 (in Years Reception up to Year 5), who will still be on roll in the academic year that the sibling is applying for, will have priority over 'non catchment siblings and will effectively be considered as 'catchment siblings' for the purpose of first admission. This protected priority would not apply for subsequent siblings. Therefore, it would apply for up to a maximum of 6 years up to 2026/27 academic year of admission.

There are currently 23 pupils living on Tom Blower Close, within 13 households, 20 of whom currently attend Fernwood Primary.

Of the 17 people who responded to the consultation, 53% (9 people) agree with Proposal 2 (to varying degrees). 35% (6 people) disagree and 12% (2 people) neither agree nor disagree.

No objections to either proposal has been received from any local schools. The Head Teacher and governors of Fernwood, Middleton and Southwold Primary schools are supportive of the proposals

Consultation response and analysis

All stakeholders were contacted and invited to respond to the consultation: parents and carers of both Fernwood and Middleton primary schools, staff, governors, residents of Tom Blower Close, local primary schools in the surrounding area, The Fernwood (secondary) School and Nottinghamshire County Council as the neighbouring local authority. The consultation was published on the City Council's website, which encouraged consultees to complete the consultation questionnaire, advising that responses will be considered carefully when the Council considers whether the proposals should be taken forward to implementation. The consultation was also published in SCENE, the newsletter for Nottingham City schools.

Two opportunities were provided for all interested parties to attend a drop-in information session, to ask questions, make comments and share views on the options put forward. These two separate consultation

sessions were held at the Kingswood Methodist Church and Community Centre, Lambourne Drive, on 8th and 15th July 2019. A total of 5 people attended and the theme of their questions and views are captured in the analysis below.

There were 17 respondents who completed the online consultation questionnaire, the breakdown and analysis for which is shown below. Respondents were also encouraged to provide any comments in relation to the proposals. These are summarised into themes.

Proposal 1: to extend the catchment area of Middleton Primary, to include the proposed new housing development expected to be built on Woodyard Lane:

- 6 people / 35% agree
However, this is inconsistent with analysis of the comments (shown below), where 8 people / 47% have expressed support for Proposal 1
- 8 people / 47% disagree
- 3 people / 18% neither agree nor disagree

Proposal 2: to transfer the area of Tom Blower Close from the Fernwood catchment to the adjacent Middleton catchment:

- 9 people / 53% agree
- 6 people / 35% disagree
- 2 people / 12% neither agree nor disagree

How strongly do you agree or disagree with proposal 1?

How strongly do you agree or disagree with proposal 2?

11 respondents included comments in their responses. The following is a summary of the comments, grouped into general themes. The figure in brackets relates to the number of respondents who raised the particular issue. A response to each theme of concern is provided under each point:

1	Agree with proposal 1 – supportive of proposal 1 (8)
2	Agree with both proposals – understand the rationale and broadly supportive of both proposals (4)
3	Sibling admissions criteria protection for existing pupils – some raising the question as to how future siblings will still be identified as being in catchment if the proposals goes ahead and what process will be put in place by the Council Admissions service to identify those siblings potentially affected (5)
	<p>Response to queries / concerns</p> <p>School places are allocated according to strict criteria, which place a high criterion on pupils living in the catchment area with a sibling already attending the school. If, following consultation, a decision is made to implement Proposal 2 to change the catchment area of Tom Blower Close, any younger siblings of Fernwood Primary pupils, who are on roll at July 2021 (in Years Reception up to Year 5), who will still be on roll in the academic year that the sibling is applying for, will have priority over 'non catchment siblings and will effectively be considered as 'catchment siblings' for the purpose of first admission. This protected priority would not apply for subsequent siblings. Therefore, it would apply for up to a maximum of 6 years up to 2026/27 academic year of admission.</p> <p>The Admissions service will ensure that there is a robust process in place for the application process when identifying siblings who will be affected. A number of options are being explored, and we will ensure this is implemented in good time.</p>
4	Identify with existing Fernwood catchment community - concern that the proposed move of Tom Blower Close from Fernwood to Middleton catchment will disrupt the existing Fernwood School community among Tom Blower residents (2)
	<p>Response to queries / concerns</p> <p>As detailed above, siblings of existing Fernwood Primary pupils would still be considered as 'in catchment siblings' on admission, and therefore continuing the relationship with the Fernwood community for those families and siblings of existing pupils.</p> <p>If proposal 2 is implemented, all other pupils residing on Tom Blower Close who start school from September 2021, will belong to the Middleton catchment community.</p>
5	Concern with Charlbury road split - one concern over the split of Charlbury Road between Middleton and Southwold Primary schools (1)
	<p>Response to query / concern</p> <p>The option to move the whole of Charlbury Road into either Middleton's or Southwold's catchment area was indeed considered when exploring proposals to take forward for consultation. However, there is no clear rationale to change this.</p> <p>Southwold Primary's existing catchment area is fairly small and therefore to reduce it would not provide a rational balance with the capacity of the school.</p>
6	School preference Fernwood over Middleton – one opinion expressed that Fernwood is a better school and that people are specifically moving into Tom Blower close as it is in the Fernwood catchment and that is where they wish their children to be educated (1)

	<p>Response to query / concerns</p> <p>Both Fernwood and Middleton primaries are Ofsted rated 'good' schools. Both continue to be very popular and over-subscribed. It is down to varying parental preference, amongst other considerations, as to which school is favoured.</p>												
7	<p>Traffic impact of expanding Middleton's catchment - one concern that either or both proposals would increase the number of pupils travelling from a further distance and parents will be more likely to drive to school thus increasing the traffic congestion (1)</p>												
	<p>Response to query / concern</p> <p>If the proposals to rebalance the size of the catchment areas with their new schools capacities are not implemented, there is a greater chance of Middleton Primary admitting more pupils from outside the catchment area and therefore from further afield. This is more likely to increase the numbers travelling by car. Tom Blower Close and Woodyard Lane are closer to Middleton Primary than they are to Fernwood Primary and therefore the catchment change is more likely to result in those pupils walking to school.</p> <p>The walking distances are as follows:</p> <table border="1"> <thead> <tr> <th colspan="3">Tom Blower Close distance to:</th> </tr> <tr> <th></th> <th>Walk</th> <th>Straight line distance</th> </tr> </thead> <tbody> <tr> <td>Middleton</td> <td>0.93 miles</td> <td>0.60 miles</td> </tr> <tr> <td>Fernwood</td> <td>1.37 miles</td> <td>1.05 miles</td> </tr> </tbody> </table> <p>Measures are already being put in place to alleviate traffic congestion on Harrow Road to support the expansion of Middleton Primary. The Council are investing funds to widen the access of the community centre carpark to provide additional off-road parking at school drop off and pick up times. Middleton Primary school continues to work in collaboration with the Council to challenge inconsiderate or illegal parking outside the school during these peak times. Additionally, the School Travel Plan, which helps to inform measures to encourage alternative modes of sustainable travel, is regularly reviewed and updated.</p>	Tom Blower Close distance to:				Walk	Straight line distance	Middleton	0.93 miles	0.60 miles	Fernwood	1.37 miles	1.05 miles
Tom Blower Close distance to:													
	Walk	Straight line distance											
Middleton	0.93 miles	0.60 miles											
Fernwood	1.37 miles	1.05 miles											

The tables below show the breakdown of responses by the category selected. Some of the respondents selected more than one category, e.g. parent and community member, which explains why there is a discrepancy between 17 respondents in total and the categories selected (22):

How strongly do you agree or disagree with proposal 1?	Parent / Carer Fernwood	Parent / Carer Middleton	Future child Fernwood	Future child Middleton	Member of the community
Strongly agree	3		1		1
Agree	2		1		
Neither Agree nor disagree	2	1	1		2
Disagree	1	1			

Strongly Disagree		1	1	2	2
Total	8	3	4	2	5

<i>How strongly do you agree or disagree with proposal 2?</i>	<i>Parent / Carer Fernwood</i>	<i>Parent/ carer Middleton</i>	<i>Future child Fernwood</i>	<i>Future child Middleton</i>	<i>Member of community</i>
Strongly Agree	1	1		2	1
Agree	3	1			
Neither Agree nor disagree	2		2		2
Disagree		1	1		1
Strongly Disagree	2		1		1
Total	8	3	4	2	5

What happens next?

Additional statutory consultation requirements

The School Admissions Code requires Local Authorities to consult on the admissions arrangements for those schools for which it is the admissions authority. Where changes to existing arrangements are proposed, including school catchments areas, consultation must be undertaken with those likely to be affected by the proposals. Therefore, any proposed catchment changes will also form part of a consultation on the Nottingham City School Admission Arrangements that are proposed to be implemented for the 2021/22 academic year. This will take place for a 6 week period between October and December 2019. The final determination of Admission Arrangements will then be approved by the Council's Executive Board by 28th February 2020.
