

Behavioural Framework

NOTTINGHAMSHIRE
Fire & Rescue Service
Creating Safer Communities

Welcome to Nottinghamshire Fire and Rescue Service's Behavioural Framework. This document has been developed as part of wider piece of work to improve the way in which performance is managed and people are developed across Nottinghamshire Fire and Rescue Service and to establish a common set of behaviours across the organisation.

We have developed this to be used in conjunction with the Seven Principles of Public Life referenced below. This framework contains elements of the Nottingham City Council, National Fire Chiefs Council and Staffordshire FRS competency and leadership frameworks. Thank you to those three organisations who have influenced the direction of this work.

This document replaces the NFRS Values Toolkit which was launched in 2016 but it does not replace existing role maps, person specifications or job descriptions.

The framework has three levels which are:

- **All employees**
- **Managers and Supervisors**
- **Strategic Leaders**

It should be used to frame conversations and establish expectations to improve performance of individuals/teams and should be used in the following situations:

- **1:1 meetings and PDRs**
- **Coaching & mentoring conversations**
- **Development, talent and career conversations and Personal Development Plans (PDP)**
- **When addressing under-performance with an individual (or team) – Personal Performance Improvement Plans (PPIPs)**
- **Self-assessment**
- **Recruitment and selection**
- **360-degree feedback**

7 Principles of Public Life

Everyone in public office at all levels – Ministers, civil servants, NHS staff, the police, council officers – all who serve the public or deliver public services should uphold the Seven Principles of Public Life, also known as the Nolan Principles.

Nottinghamshire Fire and Rescue Service's behavioural framework should be read and adhered to in conjunction with the Nolan Principles.

They are as follows:

1

Selflessness

Holders of public office should act solely in terms of the public interest.

2

Integrity

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.

3

Objectivity

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

4

Accountability

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

5

Openness

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

6

Honesty

Holders of public office should be truthful.

7

Leadership

Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.
