<p>Provide details for impacts / benefits on people in different protected groups.</p> <p>The proposals are to extend Public Spaces Protection Orders that have been in force for a minimum of three years so far. There is the potential for these proposals to positively impact all members of the community by increasing public safety, health and well-being through providing the tools and powers to support tackling alcohol related anti-social behaviour, crime and disorder.</p> <p>However, there is a possibility for this to have a negative impact on those vulnerable individuals who are homeless and who drink alcohol whilst living on the streets. The Operations Manager for the Rough Sleeping Initiative has confirmed that this isn't a connection that is as predominant as it was 5-6 years previously though, but it remains in the Council's considerations when dealing with alcohol related anti-social behaviour</p>	<p>1 Actions will need to be uploaded on Pentana.</p> <p>Continue on separate sheet if needed (click and type to delete this note)</p> <p>The council is committed to supporting vulnerable people, including those who are homeless and living on the streets. The council will continue to work with a variety of partner agencies to tackle homelessness in the city. It will ensure that relevant and accessible services continue to be provided and that individuals are signposted to NHS and other services that support alcohol addiction and rehabilitation.</p>
