HA141	Un-named, un-numbered building north of Lenton Hurst		Derby Road	NG7 2QQ	453863	338755	Lenton and Wollaton East		1. Age: 1840-1914 2. Stables of Lenton Hurst 3. Well designed estate building	Added to the List	Good example of stables to Lenton Hurst, which might be a candidate for national listing. Well designed and complimentary to the principal building.	Yes	02/04/2019
HA235	Former White Horse PH	313	Ilkeston Road	NG7 3FY	455039	340078	Radford	2.00001E+11	1. Good example of an Edwardian Public House 2. High aesthetic Value 3. Historical Association with a nationally significant literary figure	Added to the List	As a good example of Edwardian public house with high aesthetic value and association with Alan Sillitoe.	Yes	05/03/2019
HA256	Oceana		Lower Parliament Street	NG1 3BB	457602	340142	Castle	1.00032E+11	1. Age: 1914-1960 2. High Aesthetic value - especially the Baroque frontage 3. High Communal Value as the Palais de Danse	Added to the List	As an example of a 1920s Dance Hall with high aesthetic value	No	22/08/2019
HA387	Tram Power Station	4	St Anns Well Road		457649	340307	St Ann's	2.00001E+11	1. Age: 1840-1914 2. High Aesthetic Value 3. Good example of an urban power station and an important survival of late Victorian or Edwardian tram infrastructure	Added to the List	Good aesthetic survival demonstrating late Victorian and Edwardian tram infrastructure	Yes	07/05/2019
HA458	The Old Dairy		2 Trowell Road	NG8 2DF	452245	340041	Wollaton West	1.00032E+11	1. Age: pre-1850s 2. Good example of a pre-enclosure cottage 3. Good Example of a Nottinghamshire vernacular cottage	Added to the List	Good example of a pre-enclosure cottage disconnected from Trowell Road by modern development. Part of a group with HA458-9, HA461, HA628-35.	No	
HA459		6 and 8	Trowell Road	NG8 2DF	452203	340057	Wollaton West	1.00032E+11	1. Age: pre-1850s 2. Good example of pre-enclosure cottages 3. Good Example of Nottinghamshire vernacular cottages	Added to the List	Good example of a pair of pre-enclosure cottages disconnected from Trowell Road by modern development. Part of a group with HA458-9, HA461, HA628-35.	Yes	
HA461		28 and 30	Trowell Road	NG8 2DF	452129	340069	Wollaton West	1.00032E+11	1. Age: pre-1850s 2. Good example of pre-enclosure cottages 3. Good Example of Nottinghamshire vernacular cottages	Added to the List	Good example of a pre-enclosure cottage disconnected from Trowell Road by modern development. Part of a group with HA458-9, HA461, HA628-35.	Yes	
HA465	Foxy's	67	Upper Parliament Street	NG1 6LD	457039	340033	Castle	1.00032E+11	1. Age: 1914-1960 2. High asthetic value and good quality materials 3. High communal value	Added to the List	As a good example of a 1920s pub demonstrating high aesthetic value and good use of materials	No	22/08/2019
HA475	NatWest bank		536 Valley Road	NG5 1FL	455548	342937	Basford		1. Age: 1914 – 1960 with aesthetic value 2. Rarity: A distinctive building in the Basford area, an example of an architecturally distinguished commercial building 3. Asset type: Commercial with high survival of fabric and aesthetic quality 4. Architectural value: Queen Anne revival style from a local architect who also designed the cinema across the road	Added to the List	An architecturally distinguished commercial building by a local architect, A J Thraves for National Provincial Bank. The building has always been used as a bank and thus retains the original aesthetic. Its prominent corner location highlights the architectural design and evidences the expanded Basford of the twentieth century.	Yes	08/01/2018
HA476	Futurist cinema		551 Valley Road	NG5 1JE	455611	342907	Berridge		1. Architectural value: as a 1930s purpose-built cinema 2. Rarity: the only example of this building style in the Basford area 3. Communal value: memories of visiting and working at this cinema can be found in the Basford Bystander	Added to the List	A purpose built cinema, built and opened in 1937. The site included a car park, which was advertised as an advantage of this 'super cinema' over other local picture houses. The auditorium capacity was 1280 initially, including 220 on a balcony. Built for Reginald L Kemp by architect Alfred J Thraves who designed several other local cinemas in Nottingham including the Odeon, Astoria, New Empress and Forum. In 1966 the cinema underwent refurbishment and reopened on Boxing Day, 1966. It closed permanently in 1977 and since then has been stripped out and used variously, including offices. An example of a 1930s purpose-built cinema by Alfred J Thraves. A rare example of this building style in Basford.	Yes	08/01/2018
HA477	The Fox		Valley Road	NG5 1HY	455667	343310	Basford		1. Age: 1914 – 1960 with aesthetic value 2. Asset type: exemplifying an inter-war period public house	Added to the List	A good example of an inter-war public house. Designed by W B Star & Hall who also designed another inter-war public in the centre of Old Basford in 1928. Built to face Valley Road which was created in 1926.	No	08/01/2018
HA509	The Crown PH		Western Boulevard/Radford Bridge Rd	NG8 1PE	454370	340095	Lenton and Wollaton East	2.00001E+11	1. Age: 1914-60 2. High Aesthetic Quality and Townscape Value 3. Good example of an interwar roadhouse pub	Added to the List	Good example of an Art Deco Interwar Suburban Roadhouse pub	No	07/05/2019
HA516	Vedonis	Rooms 14 & 15	Bar Lane Industrial estate	NG6 0JA	454959	342958	Basford		1. Age: 1914-1960 2. High quality design and craftsmanship, unusual for this building type 3. A local industry created by a Local Businessman that contributed to the local economy	Added to the List	A local factory, owned by a local man who was a good employer in the area. The Vedonis offices are architecturally distinguished from the factory through the stone window dressings, the entrance and the mosaic Vedonis sign. Being on the boundary of the site, the offices are designed so that passers-by as well as visitors/clients see the status of the building.	Yes	22/08/2019
HA530	Aidan House		Tewkesbury Drive	NG6 0DJ	455313	343564	Basford	100032126536	1. Age: 1913 vicarage 2. Historic value: associated with St Aidan's church. As a chapel-of-ease for St Leodegarius which is situated in the historic core of Old Basford, St Aidan's and the vicarage evidences the expansion of Basford to the east by 1900. Building a vicarage ten years later confirms the establishment of St Aidan's and the congregation. 3. Architectural value: A good quality brick building with Bulwell stone boundary wall and gateway.	Added to the List	A large vicarage with good quality design, showing the status of the vicar of St Aidan's church. Likely to have been a building well-known in the local community.	Yes	08/01/2018
HA538	E SALLIS LTD, VERNON WORKS	40	Waterford Street	NG6 0FU	455181	343480	Basford	200001397157	1. Rarity: a rare example of the Art Deco architectural style in Basford 2. Heritage asset type: an industrial building representing the historic economic basis of Basford still in use today. 3. Architectural value: good quality Art Deco design in an industrial building	Added to the List	A rare example of a 1940s Art Deco style factory in Basford.	Yes	08/01/2018
HA540	Basford Library		Vernon Road	NG6 0AR	455136	343282	Basford	100032126678	1. Age: 1925 2. Asset type: Public Library 3. Good example of a 20th century public library built in the classical style	Added to the List	A purpose-built lending library architecturally borrowing from the classical tradition to show the status of the building. The building of libraries in Nottingham suburbs showed an increased importance of education and accessibility of books in the early twentieth-century.	Yes	18/12/2018

HA542	Railway footbridge		Vernon Road	NG6	455057	343326	Basford		1. Age: 1840-1914 2. Asset type: Footbridge 3. Good example of a Victorian Midland rail footbridge 4. Of communal value as evidenced by the public campaign to save the bridge	Added to the List	A footbridge worthy of protection for its architectural design and meaning to local people. In addition, the bridge evidences the development of travel infrastructure in Basford due to its position.	Yes	18/12/2018
HA543	Calvary Family Church	283	Vernon Road	NG6 0BD	454766	343938	Basford	100031604132	1. Age: 1840 – 1914 2. Heritage asset type: Sports and recreation. An example of a swimming baths provided for health and leisure in Nottingham suburbs in the early twentieth century 3. Communal value: local residents remember visiting or learning to swim here. Now as a religious building it plays a community role.	Added to the List	Good surviving example of a public baths designed for recreation and hygiene for two local communities. The surviving chimney evidences the boiler house. The building has since been reused as a church, retaining a community-serving purpose.	Yes	18/12/2018
HA544	FORMER VERNON PICTURE HOUSE	338	Vernon Road	NG6 0BY	455079	343353	Basford	200001396088	1. Age: 1840 – 1914 2. Asset type: cultural and entertainment. A reasonably early example of a suburban picture house following the 1909 Cinematograph Act and the first 3 cinemas in central Nottingham being built in 1910. 3. Communal value: The Basford Bystander included oral histories from those who visited and worked at this cinema	Added to the List	An example of an early suburban picture house, showing the expansion of leisure activities from the middle classes to the working classes built in a flamboyant neo-classical Edwardian style.	Yes	18/12/2018
HA545	FORMER SOUTHWARK STREET SCHOOL; NOW GREEN ACADEMY SCHOOL, NURSERY and MASJID		Queensberry Street	NG6 0DG	455158	343528	Basford	100032126535	1. Age: 1840 – 1914 2. Rarity: Representative of a typical Victorian school 3. Heritage asset type: Good example of school architecture, now in use as the Green Academy masjid. 4. Communal value: both historically as a school within the Basford community and as a present day community building	Added to the List	Typical architectural of a Victorian school building with red brick, stone dressings and large rectangular windows. Built by the Nottingham Corporation as a board school. The building continues its educational function as part of the Green Academy's nursery and school, as well as holding a mosque.	Yes	08/01/2018
HA546	Queensberry Street Baptist Church		Queensberry Street	NG6 0DG	455164	43590	Basford		1. Asset type: a later example of a non-conformist chapel 2. Group value: with other chapels in Basford, Queensberry Street Baptist church evidences the development and strength of non-conformist religions in Nottingham and its suburbs 3. Group value: with the mission school/hall next door (HA547) 4. High Aesthetic value and built from Bulwell Sandstone	Added to the List	An example of a late Baptist church. With other churches in the area, Queensberry Street Baptist church evidences the popularity of non-conformist religions in Nottingham at this time but also the denominational divisions. The church has high aesthetic value with its eclectic gothic style in Bulwell Stone.	Yes	08/01/2018
HA547	Queensberry Baptist church Sunday school		Queensberry Street	NG6 0DG	455164	343550	Basford	200001390877	1. Age: 1840 – 1914 2. Architectural value: the two Baptist churches next to each other show the development of architectural fashions for the building type 3. Group value: with the Baptist church next door 4. Group value: With the other non-conformist chapels in Basford built in the late nineteenth century, Queensberry Street Baptist evidences the development and strength of non-conformist religions in Nottingham and its suburbs. 5. Communal value: church hall retaining community use	Added to the List	An good example of a late-nineteenth century mission school.	Yes	08/01/2018
HA548	FORMER SOUTHWARK STREET SCHOOL; NOW GREEN ACADEMY SCHOOL, NURSERY and MASJID	2	Southwark Street	NG6 0DG	455132	343550	Basford	10034852038	1. Age: 1840 – 1914 2. Rarity: Representative of a typical Victorian school 3. Heritage asset type: Good example of school architecture, now in use as the Green Academy masjid. 4. Communal value: both historically as a school within the Basford community and as a present day community building	Added to the List	Typical architectural of a Victorian school building with red brick, stone dressings and large rectangular windows. Built by the Nottingham Corporation as a board school. The building continues its educational function as part of the Green Academy's nursery and school, as well as holding a mosque.	Yes	08/01/2018
HA549	St Aidan's church		Lansdowne Road	NG6 0DN	455202	343628	Basford	200001384982	1. Age: 1840 – 1914 2. Asset type: A good example of a Church of England building 3. Group value: With the vicarage and St Leodegarius, showing the spread of Church of England religion in Basford	Added to the List	The building of St Aidan's church shows the spread of the population in Basford, expanding eastward beyond the reach of St Leodegarius, the older Church of England (CoE) building. When seen along with the numerous non-conformist chapels built toward the end of the nineteenth century, it tells the full story of religious denominations in Basford. Built in a typical architectural style for a CoE building.	Yes	08/01/2018
HA550	New Generation Church		David Lane	NG6 0JU	454966	343348	Basford	100032126644	1. Age: 1840 – 1914 2. Asset type: Religious building 3. Group value: With the other non-conformist chapels in Basford built in the late nineteenth century, David Lane Methodist chapel evidences the development and strength of non-conformist religions in Nottingham and its suburbs. 4. Ecclectic Arts and Crafts Style	Added to the List	An example of a late nineteenth-century Methodist chapel. With other churches in the area, David Lane Methodist evidences the popularity of non-conformist religions in Nottingham at this time but also the denominational divisions.	Yes	08/01/2018
HA551		12-14	Romans Court	NG6 0HF	455061	342931	Basford	100031587501	1. Age: Likely to be pre-1840 2. Rarity: a rare example of a Georgian residence in Basford 3. Architectural value: a typically Georgian dwelling with high aesthetic value due to a good restoration	Added to the List	A rare example of a typical Georgian style dwelling in Basford.	Yes	08/01/2018
HA552	Fox & Crown public house (formerly The Bowling Green)	33	Church Street	NG6 0GA	455125	342915	Basford	200001376962	1. Age: 1840 – 1914, on an older site 2. Architectural value: a good example of a mid-Victorian public house 3. Documentation: a range of documents showing the building's social history as a day trip venue, bowling green, prison and auction house	Added to the List	A good quality mid-Victorian public house, with a much older site history. Evidential value for potential older fabric, particularly if the cellars remain. Historic value for the events that happened at the site, and for the evidence of an inn providing a far wider range of community functions than just a drinking establishment.	No	08/01/2018
HA553	Basford Road Baptist church		Basford Road	NG6 0JL	454969	342764	Basford	200001373984	1. Age: 1840 – 1914 2. Asset type: place of worship 3. Group value: with Sunday school though the school does not meet the Local List criteria. 4. Group value: with the other non-conformist chapels in Basford built in the late nineteenth century, Basford Road Baptist church evidences the development and strength of non-conformist religions in Nottingham and its suburbs	Added to the List	An example of a late nineteenth-century Baptist chapel, being built to seat 500. With other churches in the area, Basford Road Baptist evidences the popularity of non-conformist religions in Nottingham at this time but also denominational divisions. The building of a Sunday School demonstrates the contribution of churches to education for working class children.	Yes	08/01/2018

HA554	Former Wesleyan methodist church	24-26	Basford Road	NG6 0JN	455073	342837	Basford	200001373981	1. Age: 1840 – 1914 2. Asset type: place of worship 3. Group value: with the other non-conformist chapels in Basford built in the late nineteenth century, Basford Road Wesleyan Methodist church evidences the development and strength of non-conformist religions in Nottingham and its suburbs	Added to the List	An example of a nineteenth century chapel with unusual architectural detailing. With other churches in the area, Basford Road Wesleyan church evidences the popularity of non-conformist religions in Nottingham at this time but also denominational divisions.	Yes	08/01/2018
HA555	Ashleigh House	81	Arnold Road	NG6 0ED	455330	343808	Basford	100032126671	1. Age: 1840 – 1914, showing the expansion of Nottingham from village to suburb 2. Rarity: Many prominent bleachers are known to have lived close to their work premises but not many residences or bleach works survive. This is a rare example where the two survive. 3. Architectural value: the architectural design of this dwelling expresses the heightened social status of bleachers owning a factory, especially compared to the 'two up, two down' Victorian terraces which would have been workers' homes. 4. Architectural value: use of Bulwell stone for building and boundary wall with gate piers. 5. Group value: The building has group value with the George Pearson bleach works building showing the domestic and working life of the owning industrial family.	Added to the List	A nineteenth-century house designed to show the status of its owner through the use of decorative columns, Bulwell stone and a Georgian-style façade. This is one of the most architecturally distinguished houses in Basford, and shows the impact of a new middle class of industrial business owners. The proximity to the Pearson's bleach works and lace dressing premises shows the full lifestyle of the owners – at home and at work.	Yes	08/01/2018
HA556	Rosebery House		Waterford Street	NG6 0DH	455111	343480	Basford	200001393309	1. Age: 1840 - 1914 2. Rarity: Many prominent bleachers are known to have lived close to their work premises but not many residences or bleach works survive. This is a rare example where the two, and the physical relationship between them, survives. 3. Architectural value: the architectural design of this dwelling expresses the heightened social status of bleachers owning a factory, especially compared to the 'two up, two down' Victorian terraces which would have been workers' homes. 4. Group value: The building has group value with the George Pearson bleach works building showing the domestic and working life of the owning family of a bleach works.	Added to the List	A good Victorian detached house with stables behind. The building is designed to show the status of its owner – prominent local bleach works owner, George Pearson – through its size, the use of decorative moldings and the Bulwell stone boundary wall. It was built in close proximity to the Pearson's bleach works showing the lives of the industrial middle class in Victorian England.	Yes	08/01/2018
HA557	George Pearson & co - Midland Plating	Unit 1	Vernon Park Trading Estate, Southwark Street	NG6 0DB	455075	343414	Basford	200001399671	1. Rarity: bleaching was once the primary industry in Basford, yet few buildings from the industry survive. 2. Historic value: This building survives with the name plaque evidencing its purpose and ownership, but also the Day Brook can be seen to the east of the building (left in the picture above) showing the physical relationship to the water supply. 3. Group value: Value as a set with Rosebery House showing the domestic residence and working place of the owning family of a bleach works	Added to the List	A rare survival of a bleach works building, once the primary industry in Basford. To the left of the building, the Day Brook, the water supply for the factory, can be seen, showing the historic relationship between the bleach works and water.	Yes	08/01/2018
HA558	Former Labour exchange	561	Valley Road	NG5 1JG	455551	342848	Berridge	010093151333	1. Asset type: architecturally typical for a labour exchange 2. Rarity: a rare example of a civic building in Basford, but mirroring developments in Nottingham and nationally through the introduction of labour exchanges to aid employment	Added to the List	One of the few civic buildings in Basford. Architecturally typical for a labour exchange building; see the inset image of an architect's drawing for the labour exchange in Bath. These characteristics can also be found in the labour exchange in the centre of Nottingham.	Yes	
HA559		452	Nottingham Road	NG6 0FU	455106	343033	Basford	100031566399	1. Age: 1840 – 1914 2. Asset type: commercial. A rare surviving example of a commercial building in the historic shopping street of Old Basford 3. Historic Association: Reflects the Victorian expansion of Old Basford and the subsequent change of the village 4. Communal Value: one of the last remaining traces of the primary commercial streets in Old Basford	Added to the List	Last remaining evidence of Lincoln Street shops, the main shopping street in the twentieth century and the heart of the medieval Old Basford. The shop front is still evident within the three storey corner site.	Yes	05/10/2018
HA560	Wall around Rock House		Bagnall Lane	NG6 0LJ	454628	343213	Basford	100032126627	1. Historic association: the only surviving fabric of Rock House 2. Aesthetic value: an interesting and eye-catching feature along Bagnall Road	Added to the List	Rock House was an important residence in Basford, being one of the largest houses alongside Basford Hall and Basford House. Prominent bleacher Charles Cox lived there after selling Vernon House to Nottingham Corporation. The boundary wall is the only surviving fabric of Rock House and now stands as a feature on Bagnall Road. The architectural features blocked in the wall are reminiscent of those of Rock House (pictured right).	Yes	05/10/2018
HA561	Vernon Park and entrance gatepiers (site of Vernon Road bleaching and dying co.)		Vernon Road	NG6	455322	343417	Basford	010009159403	1. Age: 1840 – 1914 2. Designed landscape 3. Communal value: as a public green space – of which there are few in Basford	Added to the List	Vernon Park is historically and physically linked to the key industry of Old Basford - bleaching. The park was originally the grounds of Vernon House, which was located on the western side of Vernon Park, at the northern end of the pond. The pool, coming from the River Leen, was a water supply for bleach works owned by Charles Cox of Vernon House. The grounds have maintained their original parameters, showing their nineteenth-century extent and with Bulwell stone boundary walls and gate piers remaining. Vernon Park is evidence of industrial wealth in Basford, the connections between water supply and bleaching and the site of one of the major forms of employment for the area. Today, Vernon Park provides green, recreational space in an area which is otherwise densely built.	No	05/10/2018
HA562	St Leodegarius church hall	379	Nottingham Road	NG7 7EU	455673	342780	Basford	200001392857	1. Age: 1840 – 1914 2. Communal value: a longstanding history of use for community events as a mission or church hall 3. Well detailed example of ecclesiastical Architecture	Added to the List	Recognisably an ecclesiastical building, built as a mission hall for St Leodegarius in 1905, extended in 1910. The site, some distance from St Leodegarius church, shows the expansion of Basford from the medieval village core.	Yes	18/12/2018

HA564	Church of our Lady of Perpetual Succour		Brooklyn Road	NG6 9GN	454809	344513	Bulwell Forest	2.00001E+11	1. As a fine example of an Interwar Roman Catholic Church 2. Association with a good architectural practice with listed churches 3. For it high aesthetic value	Added to the List	A fine interwar design in Romanesque-Basilican style, little altered and with a good set of furnishings, including a monumental mosaic in the chancel possibly by Ludwig Oppenheimer.	Yes	05/03/2019
HA565	PARK LANE METHODIST CHAPEL	50-56	Park Lane	NG6 0DT	455125	343755	Basford	100032126657	1. Age: 1840 – 1914 2. Asset type: Religious 3. Group value: With the other non-conformist chapels in Basford built in the late nineteenth century, Park Lane Methodist chapel evidences the development and strength of non-conformist religions in Nottingham and its suburbs.	Added to the List	An example of a late nineteenth-century Methodist chapel. With other churches in the area, Park Lane Methodist evidences the popularity of non-conformist religions in Nottingham at this time but also the denominational divisions.	Yes	05/10/2018
HA566	FORMER METHODIST CHAPEL; NOW RAMGARHIA SABHA GURDWARA	29-31	Percy Street	NG6 9GF	454822	343037	Basford	100032126571	1. Age: 1840 – 1914 2. Asset type: Religious building 3. Group value: With the other non-conformist chapels in Basford built in the late nineteenth century, Percy Street Primitive Methodist chapel evidences the development and strength of non-conformist religions in Nottingham and its suburbs 4. Group value: with the Sunday School behind 5. Communal value: In continued use as a religious building, at the heart of the community	Added to the List	An example of an early-twentieth century Methodist chapel. With other churches in the area, Percy Street Primitive Methodist evidences the popularity of non-conformist religions in Nottingham at this time but also denominational divisions. The building of a Sunday School at the same type demonstrates the contributions of churches to education for working class children.	Yes	18/12/2018
HA569	Sherwood Bus Garage - Nottingham Community Transport/ Bus depot/ The Samuel Hall public house		Mansfield Road	NG5 2JN	457382	343005	Sherwood	2.00001E+11	1. Age: 1840-1914 2. Former Tram depot built in a simplified classical style 3. Half retained in transport use	Added to the List	Good example of tram shed from 1901 which retains much of it's significance.	Yes	02/04/2019
HA570	The Grove Public House	273	Castle Boulevard	NG7 1HA	455782	339130	Lenton and Wollaton East	1.00032E+11	1. Good example of a late Victorian Public House 2. High aesthetic and Townscape Value	Added to the List	As a good example of a late Victorian public house in an unusual Artisan Mannerist style with high townscape value.	Yes	05/03/2019
HA572	White House Lace Factory		Beech Avenue	NG7 7LS	456166	341943	Berridge	010022959572	1. Age: Late 19th Century 2. Asset type: Lace Factory 3. Good example of a Late 19th century Lace Factory of relatively plain architectural style 4. Of high townscape value sitting above Forest Fields 5. Of historic Value through the connection with the Birkin Family of Lace Makers who are of great significance to the history of Nottingham	Added to the List	As a good example of a late 19th century Lace Factory adding to the knowledge of the Lace Industry within the city and associated with the Birkin Family of Lace Makers	Yes	18/12/2018
