SOURCES, DEFINITIONS AND CAVEATS:

Population: Source: ONS Mid-year estimates 2013 and 2018.

Ethnicity: Source: Census 2011

Households: Source: Households and Student Households are estimated using data on residential properties and Council tax exemptions as at November 2019

Out of Work Benefits: Source DWP via StatXplore. Rate is the number of people claiming either out of work benefits, or other DWP benefits, as a proportion of the working age population 2018.

Registered Unemployed: Source: DWP Alternative Claimant Count via Nomis. Rate is number of current JSA claimants; current UC claimants in the 'searching for work' category and 'additional claimants' who would be classed as unemployed under UC but are not currently claiming UC, as a proportion of the mid 2016 working age population estimates.

ESA and Incapacity Benefits: Source: DWP via StatXplore. Rate is number of people claiming Employment Support Allowance, Incapacity Benefit or Severe Disablement Allowance as a proportion of mid 2018 working age population.

Mortality rates: Source: Nottingham City PCT Health Informatics Service. Rates are Directly Standardised to the European Standard population to allow for differing age profiles within areas. Rates are premature (under 75) deaths per 1000 population, based on three years of pooled data April 2016-March 2018 Please note the Confidence Limits.

Life Expectancy: Source: Nottingham City PCT Health Informatics Service. Life Expectancy at birth for Males and Females 2016-2018. Please note confidence limits apply.

Crime Rates: Source: Nottinghamshire Police Operational Data. Crime statistics are operational data taken from a live crime recording system. The data have not been audited or verified and must therefore be taken as an indication only. Dwelling burglaries are incidents per 1000 households, Violent Crimes are incidents per 1000 population. Vehicle Crimes are thefts of or from a vehicle - per 1000 population.

Fly Tipping: Source: Streetscene, Nottingham City Council. Number of incidences reported per 1000 households.

Indices of Deprivation 2019: Source: Department for Communities and Local Government

2018 Citizens' Survey: Source: Nottingham City Council Citizens' Survey, 2018. People stating they are satisfied with their neighbourhood; People agreeing they can influence decisions affecting their local area; and that their local area is a place where people from different backgrounds get on well together.
