Subject:

Approval of Staffing Resources for Transformation and Improvement #4 - Procurement

Total Value:

Up to £0.524m (Type: Revenue)

Decision Being Taken:

To approve the allocation of funding towards staffing resources for transformation and improvement, as set out in Appendix A.

The funding allocation is being approved by the Chief Executive as an executive decision, and the establishment of posts will be approved by the Chief Executive as a non-executive decision under Delegation 16.

Authority to take this decision was delegated to the Chief Executive, in consultation with the Leader of the Council, by the Executive Board at its meeting on 20 July 2021.

Reasons for the Decision(s)

The Council is on a rapid journey of improvement as set out in the Recovery and Improvement Plan (R&IP), adopted at Full Council on 25 January 2021. Delivery of both the R&IP and organisational transformation requires significant financial investment - time, skills and technology - to ensure that its impacts are meaningful in operational and financial terms.

The Council has received support from central Government in the form of a Capitalisation Direction in two tranches: £20m for 2020/21 and an in principal allocation of up to £15m in 2021/22 to support transformation, modernisation and an invest to save if required. Council resources have been stretched to capacity during the Coronavirus pandemic and, in order to deliver the transformation required, it will require greater capacity through a blend of external specialist resource combined with the skills and experience of existing staff. Delivery is of a complex nature and additional resources will provide focus and a faster pace of change.

£15m has been set aside to provide the necessary resource to support this investment. It is not set aside for 'business as usual' activity, but for short-term, highly targeted spend and technology investment. The aim is to see work as 'task and finish', with the appropriate transfer of skills to Council staff. Organisational arrangements have been put in place involving both officers and councillors to drive this transformation activity, and individual business cases will be developed and signed off through these arrangements. The allocation of this overall funding is delegated to the Chief Executive, in consultation with the Leader of the Council.

This report seeks to allocate a proportion of the funding towards staffing resource for improvement works as set out in Appendix A. This decision is linked to pervious decisions for resourcing in Delegated Decision 4360.

Other Options Considered:

1)
To not approve the allocation of funding: this option was rejected, as this would mean that the Council would be unable to meet the requirements set out in the R&IP.
2) To approve some, but not all, of the allocations of funding: this option was rejected as the requests for resource have been reviewed and challenged by the Finance team and considered valid.

Finance Advice:

This decision seeks the approval of resources to support the improvement work streams as identified in the Recovery and Improvement Plan. The approval of this funding is delegated to the Chief Executive, in consultation with the Leader of the Council, in the report to Executive Board on 20 July 2021.

The total amount of improvement resource requiring approval is £7.136 million. £0.524 million is contained within this decision, £2.550 million has already been approved and a further £2.683 million is awaiting approval. Details of the resource requests are contained within the Appendix A, attached to this decision. Spend should only be incurred where it aligns to the outcomes and objectives of the Recovery and Improvement Plan.

This decision is to be funded in full from the Transformation and Improvement reserve. Spend will need to be monitored to ensure approval limits are not exceeded. Should any further funding be required then appropriate approval will need to be sought.

Once approved, these leads should follow the managers' resourcing process and guidance to adhere to Governance, Finance and Procurement rules.

Advice provided by Philip Gretton (Finance Analyst) on 25/08/2021.

Procurement Advice:

The manager's resourcing process and guidance lays out a process for colleagues to support them when identifying resources. Provided the process is followed, this raises no Procurement concerns. Procurement will provide advice to colleagues on any procurement process required.

Advice provided by Steve Oakley (Head of Contracting and Procurement) on 27/08/2021.

HR Advice:

Several themes detail spend from the Transformation and Improvement resource relating to headcount, including via engagement of consultants for which costs are specified, or through Council employment for which roles and grades are specified in most cases. Where Council grades are to be confirmed, job evaluation will be required.

Any appointments or engagement should adhere to appropriate Council policies and frameworks, including current vacancy management approaches, and should consider redeployment opportunities and any restructuring activity underway or proposed. An emphasis on maximising opportunities to progress the Council's Equality, Diversity and Inclusion aims should be maintained throughout.

HR will provide further advice to colleagues on specific processes as required.

Advice provided by Joanne Zylinski (Senior HR consultant) on 26/08/2021.
