Children's Integrated Services Transformation Programme

Report of the Head of Legal and Governance

1 Purpose

- 1.1 To review progress of the transformation activity taking place, and planned for Children's Integrated Services.

2 Action required

- 2.1 The Committee is asked to:
- a) agree whether it wishes to make any comment or recommendation regarding the transformation programme at this stage; and
 - b) decide the focus, and timescales for future scrutiny of the transformation programme.

3 Background information

- 3.1 Over recent years the Committee has considered the challenges facing Children's Integrated Services and the improvement activity taking place to make improvements, with a particular focus on areas for improvement identified by Ofsted. The Committee has also discussed demand pressures with increasing numbers of children coming into care and increasing complexity of need; and the financial pressure arising from this and work taking place to address it.
- 3.2 At the Overview and Scrutiny Committee meeting in October 2021, councillors were advised that a key solution to the pressures facing the organisation is the transformation of services leading to different models of delivery, and that the Transformation Programme included a children's portfolio.
- 3.3 Attached is a briefing about the Children's Transformation Programme from the Corporate Director for People, Director for Children's Integrated Services and Portfolio Holder for Children and Young People. They will be attending the meeting to answer questions from the Committee about this.
