2. Assessment

1. Brief description of proposal / policy / service being assessed

The Nottingham Crime & Drugs Partnership (CDP) Partnership Plan 2022-2025, sets out the Partnership's approach to reducing crime, substance misuse, re-offending and anti-social behaviour.

The CDP Partnership Plan 2022-2025 satisfies a statutory duty to co-operate in order to formulate and implement a strategy for the reduction of crime and disorder in the area, a strategy for combatting the misuse of drugs, alcohol and other substances in the area and a strategy for the reduction of re-offending in the area.¹ There is a statutory requirement to revise the Partnership Plan following the annual strategic assessment.²

The 2022-2025 Partnership Plan was approved by the Partnership Board on 21st March 2022. Its content has been developed based on the findings of the Strategic Assessment 2021 and the priorities and targets agreed by the CDP Board at their meeting on 13th December 2021.

¹ s5 and s6 Crime and Disorder Act 1998

² The legislation places a duty on Community Safety Partnerships to undertake frequent strategic assessments of levels and patterns of crime and drug misuse in their area and to produce annual rolling three year community safety plans (details of which are contained in Statutory Instrument 1830 <u>SI 2007/1830</u> and <u>SI 2007/1830</u> (Explanatory Memorandum) which came into force on 1 August 2007.

2. Information used to analyse the effects on equality:

The targets in the new 2022-2025 plan were set following the annual strategic assessment. <u>The Strategic Assessment 2021</u> assesses current, emerging and longstanding crime, anti-social behaviour, substance misuse and reoffending issues in Nottingham.

The statutory aims of the Partnership are to:

- Reduce Crime
- Reduce Reoffending
- Reduce Substance Misuse
- Reduce Anti-Social Behaviour

The Strategic Assessment is based on a **detailed analysis of performance data across the city** and gives a comprehensive overview. Where particular areas are identified as disproportionately affected by one crime type, further analysis at a local geographic level has been undertaken. Some analysis has also been undertaken for different crime types, where data was available by protected characteristics, such as for hate crime. Relevant intelligence from a variety of sources has also been included, along with practitioner perspectives and citizen consultation wherever possible.

Using the analysis and insight developed during the assessment period, a number of local priorities around crime and antisocial behaviour have been identified, based on an assessment of threat, risk, harm, volume and the current partnership response. The identified priorities form the basis of the 2022-25 Partnership Plan.

Partner consultation: Partners were invited to contribute at the beginning of the Strategic Assessment process and many partners took this opportunity to engage by sharing data, providing case studies and co-writing sections of the document. The proposed process for the strategic assessment were taken to the CDP Board in September 2021. The draft strategic assessment was sent to partners and stakeholders for consultation in November 2021. Feedback was requested on the recommended priorities for 2022/23. The feedback provided was collated into the final draft of the assessment, which was approved and signed off by the CDP Board on 13th December 2021.

Community Protection Cohesion Service colleagues also fed into the Strategic Assessment and provided a narrative, formed through engagement with members of the community around community issues such as Prevent, hate crime, emerging communities, economic migrants, asylum seekers, refugees, failed asylum seekers, destitution and modern slavery.

The Partnership Plan has been developed subsequent to the approval of the Strategic Assessment and has adopted the following priorities, following the consultation detailed above:

- Domestic Abuse & Sexual Violence
- Prevent
- Substance Misuse and treatment, including early intervention and information for young people
- Vulnerability and Exploitation
- Hate Crime
- Anti-Social Behaviour

3. Impacts and Actions:

screentip-sectionD	Could particularly benefit X	May adversely impact X
People from different ethnic groups.	X	
Men	X	
Women	X	

Trans	X	
Disabled people or carers.	<u>×</u>	
Pregnancy/ Maternity		
People of different faiths/ beliefs and those with none.	<u>×</u>	
Lesbian, gay or bisexual people.	<u>×</u>	
Older		
Younger	X	
Other (e.g. marriage/ civil partnership, looked after children, cohesion/ good relations, <u>vulnerable children/</u> adults).	X	
Please underline the group(s) /issue more adversely affected or which benefits.		

How different groups could be affected (Summary of impacts)	Screentip-sectionF Details of actions to reduce negative or increase positive impact (or why action isn't possible)
Provide details for impacts / benefits on people in different protected groups.	1 Actions will need to be uploaded on Pentana.
	A full performance framework is used to monitor performance on a regular basis, including detailed performance reports on progress

A number of the crimes which are prioritised in the Partnership Plan, disproportionately affect groups of citizens, both perpetrators and victims as detailed below. Some of these groups have protected characteristics and are also vulnerable groups, so prioritising these crimes, is therefore likely to have a positive impact on these groups:	·
 Hate Crime: Disability, Race, Religion/Faith, Sexual Orientation, Transgender, Alternative Sub-Culture, Misogyny Domestic & Sexual Violence: gender (women) Vulnerability & Exploitation: gender, age, race, disability Substance Misuse – (Men) 	
This EIA focuses on the Partnership Plan as a whole, so does not go into level of detail you may expect at service level but commissioned services are required to ensure that equalities implications and possible barriers to access are taken into account in delivery and are required to report on this quarterly.	
There are open access commissioned substance misuse treatment services. There is under-representation of access by people from ethnic backgrounds. Commissioned services are taking steps to rectify this.	
Within commissioned DV services, there is under-representation of people from ethnic backgrounds and LGBT communities. This is being addressed through the appointment of outreach workers	

from the MHCLG funding for the new statutory duty on local authorities relating to the provision of support to victims of domestic abuse and their children residing within refuges and other safe accommodation. Men are also not accessing the DV services in the numbers which would be expected and this is also being addressed through additional outreach work.

The disaggregated data is analysed by the CDP support team but the team is not involved with delivery at an operational level and therefore any specific disproportionalities or barriers which might affect perpetrators engagement are addressed at an operational level.

4. Outcome(s) of equality impact assessment:

Х	No major change needed	Adjust the policy/proposal
	Adverse impact but continue	Stop and remove the policy/proposal

5. Arrangements for future monitoring of equality impact of this proposal / policy / service:

The CDP will regularly collect and analyse equalities data collected by commissioned domestic and sexual violence and abuse services and substance misuse services, as these are funded through the CDP. Data is collected regularly on all of the partnership priorities (both Police data and data from commissioned services) and is analysed, then presented to the CDP board quarterly for information and discussion. The data collection is also part of the Joint Strategic Needs Assessment (JSNA) cycle and the analysis will feed in to the next JSNA.

6. Approved by (manager signature) and Date sent to equality team for publishing:

Approving Manager: Phil Broxholme, Senior Community Safety Manager Philip.broxholme@nottinghamcity.gov.uk	Date sent for scrutiny: 09/06/2022
SRO Approval:	Date of final approval:
Saema Mohammad	21/06/2022

Before you send your EIA to the Equality and Community Relations Team for scrutiny, have you:

- Read the guidance and good practice EIA's <u>http://intranet.nottinghamcity.gov.uk/media/1924/simple-guide-to-eia.doc</u>
- 2. Clearly summarised your proposal/ policy/ service to be assessed.
- 3. Hyperlinked to the appropriate documents.
- 4. Written in clear user-friendly language, free from all jargon (spelling out acronyms).
- 5. Included appropriate data.
- 6. Consulted the relevant groups or citizens or stated clearly, when this is going to happen.
- 7. Clearly cross-referenced your impacts with SMART actions.
