

## **Supply of Ventilation & High Level Cleaning Services to Nottingham Catering Sites**

This decision seeks approval to go out to tender for the supply of ventilation and high level cleaning services for use in Nottingham Catering schools and commercial catering sites. The contract will be for 2 years with an optional 1+1 year extension. The expected spend for this decision over the four-year period is circa £0.110m although this could vary dependant on contract renewals.

Nottingham Catering spends approximately £0.028m per annum on ventilation and high-level cleaning services and provision for this is included in the existing budget. Procurement of this contract, in adherence to the Council's procurement procedure, will help to ensure that Nottingham Catering is able to deliver on its MTFP position.

The current economic conditions could also have a significant cost/supply implication, therefore having a strong contractual arrangement in place should help to mitigate some of these fluctuations and ensure that Nottingham Catering is able to meet its commercial obligations within the MTFP.

The contract will need to be reviewed after the initial 2-year period to ensure prices remain competitive and provide value for money, and that the contract is still fit for purpose for the service.
