

Questions from Citizens

PQ1

Question to be asked on behalf of CS of the Leader of the Council at the meeting of the City Council to be held on 11 July 2022

During the last few years the Council has participated in a Big Conversation with members of the public about the future use of the Broadmarsh. Overwhelmingly people demanded a green and sustainable area with socially inclusive use. Therefore, I am asking for assurance that current and/or future plans for the space, as well as including a park, will only include buildings that are constructed to at least Green Building Council Framework Standards, will not include fossil fuel use, will insulate up to passivhaus standards, will include heat pumps and solar panels, energy storage and energy-sharing schemes. I am also asking the Council for assurance that the development will include indoor spaces that are welcoming and financially accessible to all members of the community, including for creative and group use. I would also like to be reassured that the plans include responsible use of waste products generated.
