Dear Sir/Madam

PROPOSED EXTENSION OF THE NOTTINGHAM CITY COUNCIL CITY WIDE PUBLIC SPACES PROTECTION ORDERS IN RESPECT OF DOGS

You may be aware that Nottingham City Council introduced four Public Spaces Protection Orders in respect of dogs across its administrative area in order to address and control various problems associated with dogs in relation to nuisance and annoyance to the public across Nottingham City Council's administrative area. These problems were often caused by irresponsible dog owners allowing their dogs to intimidate citizens in Nottingham. The dogs also posed a danger to citizens and traffic control and damaged to play equipment, street furniture and the wildlife and trees prior to the implementation of the Public Spaces Protection Orders on 26th September 2016.

The effect of the Orders, make it an offence to fail to comply with the Orders without reasonable excuse however the Orders were only able to be implemented for a period of three years and they currently expire on 24th September 2022.

The Council wishes to formally consult with you regarding the proposals to extend the Orders that are currently in place for a further 3 years meaning that they will expire on 23rd September 2025. A Consultation document which gives more information and details about the Orders is enclosed. If you wish to make representations (either in support of or against the proposed extension) please send them to Simon Hopson, ASB Team, Community Protection, Byron House, Maid Marian Way, Nottingham, NG1 6HS

You may wish to consider using the enclosed questionnaire.

The closing date for receipt of representations is 9th May 2022

I look forward to hearing from you

Yours sincerely,

Simon Hopson
Enforcement Officer
Nottingham City Council
