#### 4. Glossary of Terms

Term	Description
Social Housing Decarbonisation Fund Wave 1	<p>SHDF is being launched over a 10-year period to improve the energy performance of social rented homes, on the pathway to Net Zero 2050. The scheme aims to support the social housing sector across England, improving the comfort and well-being of residents by installing energy efficiency and low carbon heating upgrades.</p> <p>The SHDF scheme aims to deliver warm, energy-efficient homes, reduce carbon emissions and fuel bills, tackle fuel poverty, and support green jobs. This directly supports our 2018-25 Fuel Poverty Strategy and will see fuel bills reduce at a time when energy prices are at a record high.</p> <p>Additionally, the project will drive retrofit measures to improve building fabric, decarbonise heating systems and see more renewable energy in social housing across the city and region; supporting our Carbon Neutral by 2028 aspiration and national carbon reduction targets.</p> <p>The project is also intended to stimulate the supply chain and facilitate a green economic recovery from COVID-19. These funds will help bring forward a range of works that would not otherwise take place, enabling homes in fuel poverty to reduce energy costs and improve EPCs, addressing challenging stock and creating local jobs through transferring central government funding to the private sector</p>

## 5. Summary

(Please provide a brief description of proposal / policy / service being assessed)

Nottingham City Council has been allocated a total of £2,881,923.67 from the Department for Business, Energy and Industrial Strategy (BEIS) for Wave 1 of the Social Housing Decarbonisation Fund (SHDF) scheme which will run from 1<sup>st</sup> April 2022 to 31<sup>st</sup> March 2023.

This allocation represents a proportion of the consortium bid awarded to the Midlands Net Zero Hub (MNZH), which received a total of £14.89 million of Government funding.

Nottingham City Council are now seeking approval to accept and spend their allocation of the MNZH consortium bid, and to utilise £1,891,876 of funds allocated within the HRA and Public Sector Housing Capital Programme (PSHCP) as match funding.

The SHDF scheme aims to deliver warm, energy-efficient homes, reduce carbon emissions and fuel bills, tackle fuel poverty, and support green jobs.

## 6. Information used to analyse the effects on equality:

(Please include information about how you have consulted/ have data from the impacted groups)

Existing tenant data will be reviewed to identify any specific customer needs pre and during the works. Letters will be distributed to notify tenants of planned works requesting they contact NCH should their personal circumstances have changed from the information held within the Housing Management system (NEC). There will also be an option to receive these in an alternative format upon request. Where relevant, contact will also be made with the Council's Occupational Therapy service to seek guidance/advice.
