

**Response to the Together for Nottingham Plan update by the Leader
Recommendation 220803-18-1**

220803-18-1

That at the next meeting the Council Plan commitments be split into statutory and non-statutory functions

The Council Plan is now halfway through and its monitoring and reporting structure have already been embedded into the system and are reported to portfolio holders regularly. The suggestion to split the statutory and non-statutory functions will be considered when the next council plan is developed and its monitoring formulated.
