Subject:	Sale of Units 1-6, Logan Square, Northern Court, Nottingham, NG6 0BJ.
Total Value:	See Exempt Appendix attached. (Type: Capital and Revenue)
Decision Being Taken:	1). To declare the premises known as Units 1-6, Logan Square, Northern Court, Nottingham, NG6 0BJ surplus to the Trading Account and make the freehold available for disposal. No alternative operational, regeneration, community or other requirements have been identified (Officer Operational Decision).2). To delegate authority to the Director of Economic Development and Property to agree the method, disposal price and terms for the sale of the freehold interest in this property as set out in the exempt appendix. The receipt will be held as a corporate capital receipt and used in accordance with the Capital Strategy. (Portfolio Holder Decision).3). To delegate authority to the Director of Economic Development and Property to enter into any licence, deed or agreement necessary to facilitate the disposal.4). To delegate authority to the Director of Economic Development and Property to appoint via a procurement compliant process, and pay appropriate fees associated with any external resource required to dispose of the subject property to achieve Best Consideration and comply with the Council's adopted Disposals Policy.
Reasons for the Decision(s)	1). In response to the Council's Together for Nottingham Recovery and Improvement Plan Refresh 2022, the Council has commenced a review of premises within the Property Trading Account which could be considered for disposal.2) The property has been reviewed in accordance with the provisions of the , "Asset Rationalisation Programme", and endorsed by the , "Asset Rationalisation Board" as being suitable for disposal.3). This disposal supports the Council's Together for Nottingham Recovery and Improvement Plan Refresh 2022, and provides a capital receipt.
Other Options Considered:	1). Do nothing - This was rejected as although the premises are considered in fair condition commensurate with their age, the Council is responsible for the maintenance of the main structural elements, which given its age could present a future liability.2). Adopt a pro-active asset management approach to maximise the potential of the asset. this was rejected as it is unlikely to be an effective and efficient use of resources.
