

Nottingham
Early Help
Partnership

Supporting Families

Formerly Troubled Families (Nationally)
Priority Families (Locally)

Whole Family Working

- Increased from 6 themes to 10 thematic areas: Domestic Abuse, Education Attendance and Behaviour, Housing, Financial Resilience, Mental & Physical Health, Child Safe from Exploitation and Abuse, Early Years, Criminology, Family Relationships and Reducing Harm from Substance Use.
- One Assessment and one plan.
- Lead Professional for the family

Transformation of Services

- Supporting Families Early Help System Guide – network of service, processes and interactions that aim to help children, young people and families at the earliest opportunity.

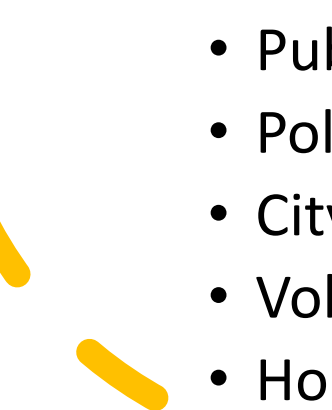

Data Maturity

- Improved data sharing to help inform, practice, commissioning, service design and partnership working.

Early Help Partnership Steering group

- Following an initial **Early Help Partnership workshop** in March 2023, the **Early Help Partnership Steering group** was established in June 2023, bringing together services who deliver Early Help services for Nottingham families.
 - Steering group membership includes:
 - Local Authority
 - Integrated Care Board & Nottingham University Hospitals
 - Education
 - Public Health
 - Police
 - CityCare
 - Voluntary and community services
 - Housing & Department for Work and Pensions
- 

Consultation

Practice Principles

Early Help Partnership agreed priorities

Priority 1

- Embedding a whole system approach to facilitate Early Help being an integral part of a city-wide service

Priority 2

- Partnership working

Priority 3

- Partnership workforce development and structure

Priority 4

- Measure the impact of Early Help

Priority 5

- Pool funding and identify sustainability opportunities with the Family Hub and from external funding sources

Early Help Partnership Strategy
