

**Children and Young People Scrutiny Committee**  
**15 January 2025**

**Children's Services Improvement**

**Report of the Statutory Scrutiny Officer**

**1 Purpose**

- 1.1 To scrutinise progress in improving outcomes for children and young people through delivery of the Children's Integrated Services Improvement Plan and subsequent Ofsted Monitoring Visits.

**2 Action required**

- 2.1 The Committee is asked if it wishes to make any comments or recommendations regarding the approach to, or progress in improvement of Children's Services.

**3 Background information**

- 3.1 In November 2022, the Committee considered the findings of the inspection of children's services carried out by Ofsted in July 2022, and the action being taken and proposed to be taken to address the arising issues. The Council has been judged to be 'Requires improvement to be good' in the domains of the impact of leaders on social work practice with children and families and the experiences and progress of children in care and care leavers; and 'Inadequate' in the domain of experiences and progress of children who need help and protection. As a result, the overall outcome of the inspection judgement was 'Inadequate' and Ofsted identified eight specific areas for improvement. At that time the Committee was assured that work had already started on addressing the issues raised by Ofsted, alongside reviewing its pre-existing Improvement Plan to ensure that it reflects the specific areas identified for improvement by Ofsted as well as wider development of the Service.
- 3.2 In January 2023, the Committee reviewed the development and delivery of the Improvement Plan, including speaking to the Independent Advisor appointed by the Department for Education to provide support and challenge who is the Chair of the Improvement Board. He expressed the view that the Corporate Director, Director and Portfolio Holder have a real grip of the issues that need addressing and that a lot had already been achieved in relation to the 'front door' to services, but that there was more to do, for example in relation issues of consent and ensuring consistent thresholds across the service. The Committee was informed that the most significant risk to delivery of the Improvement Plan was workforce.
- 3.3 The Committee also received a detailed update on progress in addressing the issues relating to the 'front door' to services (the

multiagency safeguarding hub [MASH] and duty and assessment services). At that time the Committee commented that this update was well evidenced and reassuring.

- 3.4 In March 2023, the Portfolio Holder for Children, Young People and Schools updated the Committee on progress and the first Ofsted Monitoring Visit that took place between 28 February and 1 March. The letter summarising the findings of the visit was subsequently circulated to Committee members.
- 3.5 In September 2023, the Portfolio Holder for Children, Young People and Education updated the Committee on progress and the second Ofsted Monitoring Visit that took place between 25 and 26 July 2023. The visit focussed on children in need and children with a Child Protection Plan in place. The letter summarising the findings of the visit was subsequently circulated to Committee members.
- 3.6 In January 2024, the Portfolio Holder for Children, Young People and Education updated the Committee on progress and the third Ofsted Monitoring Visit that took place between 22 and 23 November 2023. The visit focussed on care leavers aged 18 to 25. The letter summarising the findings of the visit was subsequently circulated to Committee members.
- 3.7 In May 2024, the Executive Member for Children, Young People and Education updated the Committee on progress and the fourth Ofsted Monitoring Visit that took place between 3 and 4 April 2024. The visit focussed on support to children in care (planning and achieving permanence). The letter summarising the findings of the visit was subsequently circulated to Committee members.
- 3.8 In September 2024, the Executive Member for Children, Young People, and Education updated the Committee on progress and the fifth monitoring visit that took place between 31 July and 01 August 2024. The visit focused on the Front Door (Multi Agency Safeguarding Hub (MASH) and Duty and Emergency Duty Team (EDT)). The letter summarising the findings of the visit was subsequently circulated to Committee Members.
- 3.9 The sixth Ofsted Monitoring Visit took place between 12 and 13 November 2024, focusing on the support to children in care, with a focus on care planning and achieving permanence. The report from the directorate and Ofsted letter summarising the outcomes of the visit follow this report.
- 3.10 Typically, Ofsted only undertake six monitoring visits (although the inspection framework allows for seven visits) and so the Council anticipates that this will be the final visit prior to a full inspection during the second half of 2025.
