1. INTRODUCTION

Go ahead Nottingham: safe, clean, ambitious and proud. This is *One Nottingham's* 20 year vision for the City of Nottingham as set out in the Nottingham Plan to 2020.

The Council's Medium Term Financial Plan (MTFP) is the financial representation of the Council's service plans for the next three years.

2. THE FINANCIAL FRAMEWORK

The main financial objectives for the City Council focus on: ensuring our financial planning and management support our citizens to have access to value for money services which are modern and fit for purpose; maintaining good underlying financial health and good governance, and always taking a longer term view.

This policy-led, medium term approach to financial planning and management is good practice and ensures that we can fund our vision, values and priorities. The City Council is committed to maintaining financial stability and delivering value for money through effective, economic and efficient services.

3. CONSTRUCTING THE MTFP

The Medium Term Financial Strategy (MTFS) sets out the principles we work to in order to deliver our aims and objectives. The City Council operates on a principal of medium term, policy-led financial planning. This connects the vision, values and priorities with decisions made in setting the annual budget within the MTFP.

In particular, any new investment is considered in the context of how it will contribute to realising the City Council's vision and performance improvement more generally. Options are worked up for consideration and decisions to stop, reduce or reshape services are made in full knowledge of the impact on objectives. All proposals are scrutinised throughout the budget process by peers, senior colleagues and councillors. The whole approach is informed by the use of a variety of performance and financial data.

4. NATIONAL AND LOCAL CONTEXT

Local Government continues to operate in a very challenging financial environment and there is considerable uncertainty and concern about the future levels of funding. The Government's settlement funding for Nottingham has reduced by **c£103m** between 2010/11 and 2015/16.

The main elements of the Local Government Finance Settlement issued on 3 February 2015 were:

- Settlement funding the total amount of funding assumed by the Department of Communities and Local Government (DCLG) to be available to an authority through the estimated business rates share and formula funding including grants which have rolled into it
- Specific grant funding not included in the settlement funding
- Spending Power calculation the Government uses this to assess the overall impact on local authority funding. This includes the Council Tax requirement, New Homes Bonus, the Settlement Funding, most specific grants and NHS funding for social care that also benefits health.

Settlement Funding

Table 1 summarises the total amount of funding assumed by DCLG to be available to the authority through an estimated business rates share and formula funding (including grants which have been rolled into it).

| TABLE 1: SETTLEMENT FUNDING | | |
|--------------------------------|---------------|--|
| DESCRIPTION | 2015/16 £m | |
| Revenue Support Grant (RSG) | 73.792 | |
| Retained Business Rates Income | 60.348 | |
| Business Rates Top-up | 27.308 | |
| TOTAL SETTLEMENT FUNDING | 161.448 | |

The Government has assumed a level of business rates for Nottingham based on its original projections for 2013/14 up-rated by the subsequent annual small business rates multipliers. However, the MTFP has included in **Table 13** the forecast of retained business rates income as reported to DCLG in the NNDR1 return which is £0.616m higher than that forecast by DCLG for the settlement.

Spending Power

"Spending Power" is the Government's assessment of council resources available to spend on their services. This attempts to assess the total resources over which the Council can exercise discretion in how it can spend its funding; mainly comprising settlement funding, specific grants and council tax. The Government has calculated that Nottingham will receive an overall reduction in spending power of **5.3%** in 2015/16 as set out in **Table 2**. This compares unfavourably with the national average reduction of **2.0%** and an equivalent Core Cities average reduction of **4.5%**.

Retained Business Rates

With the localisation of business rates it is necessary for each authority to estimate the amount of business rates to be collected in 2015/16. The monitoring and estimating of business rates is a local responsibility which transfers financial risks to the council. It has a much greater degree of volatility than council tax due to uncertainties surrounding properties and in particular outstanding appeals.

Under the retained scheme, Government has set the locally retained element of business rates at 50%, of which the council retains 49% and 1% is received by Nottinghamshire and City of Nottingham Fire and Rescue Authority. A provisional estimate of retained business rates has been made for the projections shown in this report.

The rateable value of businesses in Nottingham is £318.897m (NNDR1 January 2015). There are currently numerous rating appeals lodged with the government's Valuation Office in respect of rateable values. Not all of these will be successful either in full or part. The cost of any successful appeals would be met from the monies received, and hence there will be a considerable degree of uncertainty and volatility in the actual level of income received by the Council in any one year.

In his Autumn Statement on 3 December, the Chancellor announced that the expected RPI increase in the small business rates multiplier for 2015/16 will again be capped at the equivalent of 1.91%. Councils will be fully refunded for any loss in revenue resulting from this change through a section 31 grant. An estimate for this compensating grant has been included in the MTFP based on the information collated in the NNDR1 business rates return to DCLG.

Top-up

Under the retained business rates scheme any authority with business rates income of less than their initial baseline funding level, as is the case for Nottingham, will receive the balance as a 'top-up'. Top-up will be a continuing feature of future funding settlements and will be annually up-rated in line with the small business rates multiplier. For 2015/16 the up-rating is 1.91%.

Revenue Support Grant (RSG)

All authorities will continue to receive RSG from central government in addition to their retained business rates. RSG is a grant which can be used to finance revenue expenditure on any service. The amount of RSG to be provided to councils is made through the local government finance settlement.

Specific Grants

Some specific grants are outside the Settlement Funding Assessment but included within Spending Power calculations. The basis of distribution varies from grant to grant. The budget has again been constructed on the basis that if specific grant funding reduces then the expenditure and activity will reduce accordingly.

Local Reform and Community Voices

This DoH grant funds the following:

- Deprivation of Liberty Safeguards (DOLS) in Hospitals;
- Local Healthwatch funding;
- Independent Complaints Advocacy Service (ICAS) to local authorities

The City Council has been allocated £0.209m in 2015/16 to fund the additional expenditure to provide these services

New Homes Bonus (NHB)

The non-ring fenced NHB grant was introduced in 2011/12 to incentivise councils to increase their housing supply by match-funding each year the council tax on every new home for each of the following six years. The final 2015/16 NHB for Nottingham was announced on 2 February 2015 as £4.730m. On 3 February 2014 the Government also announced £0.281m additional one-off funding from the national unused NHB top-slice from the finance settlement.

Council Tax New Burden Grant

The introduction of the Council Tax Support Scheme from 1 April 2013 will increase the administrative cost of the Council Tax collection and recovery services as well as the additional cost of publicising and promoting the scheme. The Government has provided funding of £0.106m in 2015/16.

■ Local Council Tax Support & Housing Benefit Administration Subsidy Grant
The City Council received subsidy of £2.770m in 2015/16 to fund the authority in
their statutory duty to administer and process Housing Benefit and Council Tax
Support claims and directly related enquiries.

Additional Grants outside the Settlement

A number of additional grants have been announced, which are outside of the settlement.

Better Care Funding

Funding from Health is delivered through a single pooled budget to support closer integration between health and social care to improve outcomes for patients, citizens and carers. This is a continuation and further investment of the 'NHS Funding for Social Care which also Benefits Health' funding transfer. The City Council allocation is £11.125m in 2015/16.

Grants to Support the Implementation of the Care Act

DoH Grant

Social Care in Prisons Grant – allocation of £0.162m

DCLG Grants

- Early Assessments Revenue Grant– allocation of £0.559m
- Deferred Payment Agreement Revenue Grant allocation of £0.383m
- Carers and Care Act Implementation Revenue Grant allocation of £0.358m

Public Health

From 2013/14 councils have received a ring fenced Public Health (PH) Grant from the DoH which supports the responsibilities transferred from the NHS for Public Health. The Health and Social Care Act 2012 provided the statutory basis for councils to assume their new responsibilities in April 2013. The Public Health grant is a ring fence grant to:

- Improve significantly the health and wellbeing of local populations;
- Carry out health protection functions delegated from the Secretary of State;
- Reduce health inequalities across the life course, including within hard to reach groups;
- Ensure the provision of population healthcare advice.

Nottingham received an allocation of **£27.081m** in 2013/14 and **£27.839m** in 2014/15 and 2015/16.

<u>Dedicated School Grant (DSG)</u>

The DSG is a ring-fenced grant subject to grant conditions requiring it to be used to support the Schools Budget as defined in the School and Early Years Finance Regulations. The Schools Budget consists of delegated budgets allocated to individual schools, Pupil Referral Units (PRUs) and Early Years Provision in Private, Voluntary and Independent (PVIs) providers, and a budget for other provision for pupils which the local authority fund centrally which now covers the bulk of high needs provision, including post-school provision up to age 25.

The delegated budgets are calculated based on factors which align to the Department of Education (DfE) guidance; the use of factors is to ensure a consistent national approach to the setting of schools budgets.

DSG funding supports 3 blocks, Schools, Early Years and High Needs with each allocated budgets for:

- Educational provision set through the national formula.
- De-delegated Services specific, for maintained schools only and approved by Schools Forum and
- Central expenditure approved by Schools Forum.

The 2015/16 DSG allocation includes the following adjustments:

 Early Years - Funding for 2 year olds was included in the initial settlement figure for 2014/15 and this funding was based on a place basis. For 2015/16 the 2 year old funding will be based on participation and will be confirmed and allocated in summer 2015 therefore, 2015/16 indicative budgets exclude 2 year old funding which was £7.142m in 2014/15.

The national target is for 40% of lower income households to take up the offer of 2 year old educational places, this represents c2,700 children for Nottingham.

- Early Years Inclusion of Early Years indicative Pupil Premium of £0.525m.
- High Needs Block the funding settlement for 2015/16 includes a growth allocation of £0.710m; national growth was funded at £47m.
- The transfer of responsibility to the Local Authority for non recoupment academies and free schools budget allocation.
- An adjustment for CRC Energy Efficiency Scheme rates.
- The minimum funding guarantee will continue at minus 1.5% per pupil.

Nottingham's indicative DSG for 2015/16 is £233.001m excluding 2 year old funding; this funding was £7.142m in 2014/15.

The 2014/15 DSG was £228.737m in total (£221.595m excluding 2 year olds). The pre 2 year old increase for 2015/16 is £11.406m as shown in Table 3:

5. DRAFT MTFP 2015/16 – 2017/18

This section provides an update to the draft MTFP report presented to December Executive Board. Several details have been updated following the results of the settlement, further clarification from Government and the outcomes of the consultation exercise.

Budget Overview and Headlines

The draft budget has been constructed in accordance with the MTFS and all relevant corporate financial protocols. It is a balanced budget; policy-led, medium term and risk assessed, reflects the Council Plan priorities and comprises:

- a 2015/16 net General Fund revenue budget of £255.814m;
- a council tax requirement of £89.108m and council tax increase of 1.95%;
- provision for appropriate levels of inflation;
- provision for new pressures of £0.759m arising from demographics and additional demands (extra £0.202m for Children in Care and £0.557m for Adults respectively);
- a general contingency of £2.000m;
- a continuing impact of previous proposals already included in the MTFP of £4.820m pressures, £0.212m developments and £3.734m net savings, totalling an overall £1.297m increase;
- new budget reduction and income generation proposals of £25.003m

General Fund Revenue Budget

Table 5 summarises the changes required to update the 2014/15 base budget to refresh the starting point for the 2015/16 budget.

| TABLE 5: BUDGET REFRESH | | | | |
|---|---------|---------|---------|------|
| DESCRIPTION 2015/16 2016/17 2017/18 £m £m T | | | | |

| Previous MTFP decisions | 1.297 | (2.850) | (1.335) | 8 |
| TOTAL | 2.859 | 8.931 | 18.973 | |

Adjustments have been made to reflect estimated pay award, non-pay inflation, the continuing impact of previous MTFP decisions, the removal of one-off proposals in the last budget and other corporate adjustments such as anticipated movements in the financing of the capital programme and the Council's debt portfolio.

<u>Inflation</u>

Tables 6A and **6B** show the pay, general and specific inflation currently assumed for 2015/16 and subsequent years.

| TABLE 6A: INFLATION – EMPLOYEE AND GENERAL | | | | |
|--|---------------|---------------|--------|--|
| DESCRIPTION | 2016/17 £m | 2017/18 £m | | |

| General Inflation | 1.475 | 3.120 | 4.774 | |
| TOTAL | 4.997 | 15.321 | 22.202 | |

Direct Employee increases relating to pay award for 2015/16 are in line with the national pay award agreements i.e. 2.2% increase from January 2015 for GLPC grades. For 2016/17 and 2017/18 1% pay award has been assumed.

Direct Employee increases for increments are to pay increments for grade A-D in 2015/16 in line with the February 2014 Appointments & Conditions of Service sub-committee.

Pension contributions have been projected based on information from the actuary based on the triennial valuation of the pension fund.

Provision has also been made in future years for the introduction of single-tier state pensions in 2016/17 and pension auto-enrolment in 2017/18:

- Single-tier pensions will require employers with contracted-out schemes to begin paying the standard rate of NI contributions - an increase for each contracted-out employee of 3.4% of relevant earnings.
- Changes to pension law require us to auto enrol colleagues into the pension scheme. This will be implemented on the 1 October 2017.

Corporate Adjustments

Corporate adjustments include anticipated movements in the financing of the capital programme and the debt portfolio, movements in reserves due to the NET Line 2 PFI, net impact of changes in specific grants and various technical changes related to one-off activity in the 2014/15 budget.

In addition a review of all corporate items was undertaken as part of the budget process leading to a budget reduction of £1.873m in 2015/16 from reduced pension contributions, service realignment costs and corporate contingency.

General Reserves

The MTFS requires opening general reserves (sometimes known as the *working balance*) of between **2%** and **4%** of the total net General Fund revenue budget each year. The precise level within this range is informed by the risk assessment; the higher the level of risk, the higher the reserve. The MTFP includes a recommended opening balance in 2015/16 of £9.500m representing 3.7% which is considered appropriate given the level of risk in the budget. Details are provided in **Annex 5**.

Earmarked Reserves

Earmarked reserves are funds set aside for specific purposes. At 1 April 2014 the balance of earmarked reserves was £148m and includes Schools Statutory Reserves, Insurance and risk management reserves and Private Finance Initiative (PFI).

A review of earmarked balances has been performed to establish the purpose of the reserves and the likely timescale that these reserves will be utilised. During the course of 2014/15 it is anticipated that a net £7.485m will be released from earmarked reserves to fund known commitments and a further net £7.167m will be utilised in 2015/16.

In addition a number of movements have been made within the overall reserve balances to realign to commitments against the capital programme and to reflect the level of risk and uncertainty associated with major capital schemes.

Table 7 summarises the movements in reserves and the net impact on the budget for 2015/16. **Appendix A** provides more details of the movement in reserves which require approval.

| TABLE 7: NET MOVEMENT IN RESERVES | | |

| TYPE OF TRANSFER | TOTAL £m | |
| Replenishment of existing reserve | (0.651) | |
| Use of existing reserves | 7.454 | |
| TOTAL | 6.803 | |

In addition to the above there are approved net movements of £0.364m to capital schemes.

Previously agreed MTFP decisions

Table 8 summarises the impact on the 2015/16 budget of decisions made in previous budgets. This totals a net increase of £1.297m in 2015/16, mostly due to previously agreed pressures in Adult Social Care and Children in Care and the fall out of one-off corporate savings from 2014/15.

New Pressures

As in previous years, the Council continues to face significant cost pressures which have a major impact on the MTFP. **Table 9** details the additional funded pressures of £0.759m for 2015/16.

| TABLE 9: NEW PRESSURES | | | | | | | |

New Saving Proposals

During the budget process, colleagues and councillors work together to identify proposals which, when taken together, direct funding into the Council's priorities and balance the budget. This is a complex and time consuming activity.

Table 10 summarises proposed savings by <u>budgeted</u> portfolios. These will be found from a combination of income generation, demand management, service transformation and efficiencies. **Appendix B** provides further details of all saving proposals by <u>lead</u> portfolios.

| TABLE 10: NEW SAVING PROPOSALS | | | | | | | |

| TOTAL | (25.033) | (25.516) | (32.152) | | | | |

In addition to the portfolio savings, a commitment to an additional cross-cutting saving linked to productivity has been made. Directorates are developing action plans to deliver this initiative which will be managed and implemented alongside existing budget proposals. The initiative will focus on delivering a *great workforce* by improving performance in teams, recognising good work and tackling poor performance alongside a reduction in overall absence levels which will have a positive impact on productivity. The Productivity Initiative is supported by a range of corporate projects including Working Well.

Funding

The position relating to Retained Business Rate income carries significant risks for the Council. The assumed share of the business rate income is £60.964m in 2015/16, which is £0.616m above our Business Rate Baseline determined by the Government for the purpose of the settlement.

Under the retention scheme, there are both potential risks and rewards in calculating our share of the yield. The major risks and concerns are; the level of successful rating appeals that may be made in the year, the unknown level of bankruptcies and businesses going into administration, the number of empty properties, the number of new properties and the collection rate achievable. We have to make an estimate of the impact of all these, based

on limited trend information. The NNDR1 return submitted to DCLG in January 2015 estimated the net rates as £129.215m with £1.300m assumed for bad debts (1.0%) and £4.015m (3.1%) for appeal repayments, leaving total collectible rates for 2015/16 as £123.900m.

The Government has undertaken to compensate councils for the loss of income, suffered as a result of announced changes to the business rates multiplier and various reliefs in both 2014/15 and 2015/16, by grants under section 31 of the Local Government Act 2003 based on estimates submitted in January 2015 as shown in **Table 12**. The impact of these grants has been included within the budget refresh figures.

Under the current scheme 100% of any business rates uplift in both the Enterprise Zone and the Creative Quarter can be retained and ring-fenced for these areas. As reported in the NNDR1 return it is currently estimated that there will no uplift in rates for these areas for 2015/16. There will however be a pro-rate allocation of each element of the Section 31 grants resulting in £0.194m being allocated to the Enterprise Zone and the Creative Quarter.

Table 13 sets out the overall funding assumed within the MTFP.

Collection Fund

The Collection Fund is held separately from the General Fund and accounts for income collected from council tax. An annual in-depth appraisal is undertaken to assess the estimated level of collection (as aggregated to include that relating to the current and previous years), the likely balance of the Fund and to advise the precepting authorities (Fire and Police) of their share of any surplus/deficit. This enables them to take this into account in their own budget calculations. It is estimated that there will be a surplus on the Council Tax collection fund of £2.450m for 2015/16. The City Council share of this is £2.093m.

In addition there is a collection surplus with respect to business rates of £5.201m as reported in the NNDR1 return. The City Council share of this surplus is £2.548m and will be prudently allocated to the Funding Risk Reserve created last year and held to protect against any future volatility in business rates collection.

Proposed Council Tax

Table 14 shows the implications for the proposed level of council tax needing to be levied.

If the final budget is in line with the total figures outlined in this report, the proposed total council tax levied for 2015/16 will be £89.108m, equating to a Band D of £1,459.67 and representing an increase of 1.95%.

Council Tax Referendum

On 3 February the Local Government Minister confirmed that any increase in council tax of 2% or more will require a binding referendum to be held.

Council Tax Freeze Grant (CTFG)

Councils not increasing their Band D council tax will be eligible to receive a grant equivalent to a 1% of the basic amount of council tax set for 2014/15. This will be calculated excluding the reductions on the council tax base for those citizens receiving council tax support. Nottingham would receive a 2015/16 council tax freeze grant of £1.108m if it met the announced criteria.

Reducing the proposed Band D council tax increase of 1.95% to 0% in 2015/16 to receive the council tax freeze grant would add a net pressure of £0.594m.

6. MEDIUM TERM FINANCIAL OUTLOOK (MTFO)

Nottingham currently operates on a 3-year rolling MTFO. The outlook for local government is now much more challenging in the light of global, national and regional issues discussed earlier in this report and within the MTFS. In examining proposals for the 2015/16 budget, the Council considers both the immediate situation and the longer term outlook and assesses the impact of decisions accordingly.

Although there are uncertainties, it is clear that the public sector will have significantly lower levels of funding in the future than have been there in the past, so significant further savings will be needed.

Appendices C.1 to **C.3** provide detail of the current MTFO for 2015/16 through to 2017/18. The future years' projections assume:

- Council tax increases of 1.95% in 2015/16 and for each year of the MTFP
- RSG as announced for 2015/16 with a c20% reduction in all subsequent years
- Working assumption of nil underlying growth in retained business rates
- National pay award for 2015/16 with assumed 1% pay award for all future years
- General inflation projections of 0.85%, 1.15% and 1.15% for 2015/16, 2016/17 and 2017/18 respectively
- No further emerging pressures assumed for 2016/17 and 2017/18

All these budget assumptions will be subject to ongoing review in light of changing circumstances. In particular:

- Funding projections will be updated to reflect the public spending plans of the next Government and its impact on the Local Government Financial Settlement
 - There is currently great uncertainty surrounding the possible impact of future Government spending plans on the level of RSG, with the current MTFO reflecting a relatively optimistic projection
 - Current worst case scenarios suggest that by 2017/18 RSG might fall by a further c£3-4m beyond that currently assumed in the MTFO projections, with further significant reductions expected to continue for 2018/19 and beyond
- The revenue impact in future years of the Investment Strategy and Capital Programme will be reviewed
 - This will reflect the likely impact of prudential borrowing on Treasury Management costs and updated modelling of future growth in retained business rates

Table 15 includes the impact of the 2015/16 proposals contained elsewhere in this report and confirms the need for ongoing significant cost reductions in the short to medium term.

7. Financial Stability and the Management of Risk

The Council's strategy in this regard is to have financial stability and ensure that our financial pressures are known, understood and well managed. The CFO advises on this using the principles within the MTFS, best practice and professional experience.

Under sections 25-27 of the Local Government Act 2003 (part II), the CFO is required to formally report to councillors on the robustness of the budget estimates and the adequacy of the City Council's financial reserves.

A corporate financial risk assessment has been undertaken to determine key risks and their impact on the budget. This ensures that adequate overall corporate budgetary provision is available to cover for unforeseen future events. This approach is embedded within the budget process and is used to inform the level of reserves required. Details appear in **Annex 5.**

In accordance with the MTFS, General Fund balances will be between **2%** and **4%** of the total net general fund revenue budget. The proposed General Fund balance for 2015/16 will be **£9.500m**. This level of reserve has been informed by the risk assessment.

Annex 5 details the separate report (incorporating the risk assessment) relating to the robustness of the budget and the adequacy of reserves and has been written by the CFO in her capacity as S151 officer.

8. Accountability

Summary sheets for each portfolio are included below, providing an outline of the key objectives of each portfolio and the headline budget details. Detailed budgets for each portfolio are at **Appendix D.** Portfolio Holders are expected to deliver the City's policies and priorities within the resources made available to them. The budgets set for 2015/16 form the basis by which performance management can take place.

The regular monitoring of budgets takes place at various management levels within the Council, including at CLT and is reported quarterly to Executive Board and the Performance and Resources Standing Panel. This is particularly important in highlighting areas of budget pressures, as early as possible in the process, to enable management action to take place.

The City Council recognises the importance of individual and collective accountability and requires managers to formally sign up to acknowledge they recognise their responsibilities to deliver services on time, to the required standard and within budget, and to implement any savings and investment allocated to their areas. In recognition that financial management is an integral aspect of effective leadership and good management, relevant councillors and managers are required to participate fully in all aspects of financial processes.
