

Nottingham City Autism Digital Strategy Timetable and Plan

Introduction

Nottingham City's Autism Co-Production Group have agreed a "Digital strategy" to enable autistic people and family carers to:

- become more aware of what's available locally
- become more engaged in the implementation and monitoring of the autism strategy
- use appropriate technology to support them
- be more self-reliant and increase support mechanisms

This work forms part of the Nottingham City's Autism Strategy 'One Size Fits One' and will be funded from the Department of Health 2014/15 - Autism Capital Grant £18,500.

The strategy includes 2 key projects. These are:

Project 1 – Instructional Videos (£10k)

Project 2 – Website and purchase of video equipment, tablets and digital information (£8.5k)

Timetable for implementation

Digital Information and Instructional Videos		
Stage 1	Meet with and involve autistic people and family carers in the planning	1 July 2015
