15th November 2016

Dear Sirs,

Heart of Nottingham Heritage Action Zone Proposal

I am writing to update you on the progress of your proposal for a Heritage Action Zone in Nottingham.

The National Selection Panel considered the proposals at their meeting of 1st November and I am delighted to let you know that your proposal was successful. We would therefore like to offer you an in principle agreement for a Heritage Action Zone, subject to the successful completion of the Delivery Plan.

We are very pleased to be continuing to work with you on what we hope will be a very significant next step in the delivery of your award winning heritage strategy. Clive Fletcher will be in contact shortly to discuss setting up the HAZ Partnership Team and start preparing the Delivery Programme and Plan.

If you have any plans to publicise the Heritage Action Zone at this stage please contact us.

In the meantime please do contact me if you have any questions.

Yours sincerely

Louise Brennan
Planning Director – East Midlands
